Suddenly Bound J.A. Low

He was everything she could never have.

Lady Olivia Pearce lives a sheltered, lonely life in the English countryside running her family's historic estate. The only way to save her family's estate is to marry a man she doesn't love. Her sense of tradition, legacy and family loyalty has her agreeing to her family's request.

What she wasn't expecting was to meet the man she had always dreamed of after agreeing to marry another.

She was everything he couldn't possess.

Axel Taylor, lead singer of Dirty Texas, had it all; a successful career, a great group of friends, good health and happiness. His life was pretty damn perfect until the people closest to him started falling in love and settling down, throwing chaos into his perfectly controlled life.

Axel never envisioned himself needing more until the perfect little package walked into his life and turned it upside down. She exposed everything he desired underneath his hard shell.

But meeting the right person doesn't always happen at the right time.

One little taste can't hurt, can it?

5 HOT, SEXY, OMG STARS

JA Low has done it again with this hot, sexy, rock star series. Book 3 in this series is sizzling hot.

Axel and Olivia are a pair that are most unlikely suited for each other – but wait until you see what JA Low has in store for you?

I love the fact that this series and the characters within it are all so different. The author does a superb job of giving each of these characters their individuality and the build-up of each character from the beginning of the series continues throughout this whole Dirty Texas series. The depth in this story is amazing. The sex scenes are off the charts.

Axel and Olivia are like a fabulous. They will give you chills, actually more than chills.

You need to read this book and the whole series. Make sure you read this when you are alone.

You will not regret it.

Fabulously sexy, highly erotic and a highly recommended MUST read.

Kelly Emery (Beneath The Covers Blog) says

I never thought that anyone could beat my love for Christian Taylor, but then along comes his twin Axel and he has stolen my heart.

We met the lovely Lady Olivia earlier in the series, and now her full story was just what I needed. She and

Axel and all their glory were everything I expected - and more.

From cover to cover, I was immersed in the world of Dirty Texas and their (very lucky) ladies. I loved seeing the softer side of the beautiful, brooding Axel.

I loved the sizzle and spark between our lady and our rock star. Right from the get go there was a pull between them that couldn't be denied. And I was drawn right into that vortex with them.

I loved the way Ms Low told their story, how all the Dirty Texas gang were with each other.

There is a character though that I had such a visceral reaction to - and not a good one. Every time this character was on the page, my body tensed, filled with such dislike - ugh, I don't want to say who it is but you will know when they show up!

Each book in this series just keeps on getting better and better, and I can't wait to see where Ms Low takes us next.

IDK, The sex club always seems forced in this series. Then I super can't see Axel forgoing the sex club almost immediately for "inexperienced" Olivia.

But the person I really want to have a go at is Olivia. She politely takes shit from her sister to a point that is utterly ridiculous. Her father and mother are manipulating and selfish.

Could I like this book??...only if we spent more time with Axel and Olivia. And if Olivia had a bit more time to get some self esteem.

So, no.

Amy Crull says

This series keeps getting better and better! I honestly thought no one could beat Christian but his twin brother did! This book starts out with some hot action and just continues to shine. Axel and Olivia meet on a bachelor/bachelorette weekend. Olivia has always been the chill responsible one while her bitch of a sister had all the fun. She decides that this weekend will be one of fun and to break free of everything. Axel helps her fulfill some fantasies and boy are they HOT, HOT, HOT!!!!

The chemistry between these two is undeniable! The only problem I have with this book is the fact that Olivia keeps letting her sister and the rest of the family hold her back from happiness. She becomes this

confident sassy woman with Axel but the minute she comes home, it goes out the window. I was happy that confident woman came back and she was able to give her sister some payback.. that was awesome! Axel is amazing. He takes a lot in this book mostly due to Olivia shoving him away. He's sexy as fuck and knows how to fulfill fantasies like no other. Damn those scenes were hot!!!

Seriously pick up this book and read about these sexy as fuck Dirty Texas boys!

What a book! This series just keeps getting better and better and I don't ever want it to end. This book had my heart breaking so much reading it. It broke for Axel but the one that broke me completely was Olivia. I cried loads whilst I watched her be bullied and trod on by her family. I was absolutely livid at times.

This story is an epic love story, I may even say it's the best book yet. It was full of so much chemistry, kink and just swoon worthy moments, that has you on the edge wanting more and more. The story is definitely much more raunchy and that fact was brilliant and it bought so much more to the table.

This book is a huge recommend from me especially if you love a kinky rockstar that meets his match, gets knocked on his arse by an amazing women and that eventually the rubbish is put out where it belongs and good wins. In this incredible story.

5 Stars!

J A Low is back with our guys... more specifically the mysterious and intriguing Axel... hotter than ever, blazing onto kindles with the next standalone installment in the insanely good Dirty Texas series.

I fell for these boys long before I finished book one once upon a time ago. And because rock stars are my one of my weaknesses in romance, like an addict... I keep coming back for more.

Suddenly Bound was a sexy, passionate, intense, beautiful, angsty, and downright brilliant read that had me captivated cover to cover. Once I started this book, I totally didn't want it to end. Axel and Olivia's story was packed with loads heart, heart and emotions.... that just poured right off the pages.

Swoon..... My man Axel, gracious the man stole my heart from the beginning. Axel was a puzzle I wanted to put together and keep... for myself. Sinfully delicious and downright tempting, he's the kind of man you keep for way more than a weekend.

He and Olivia's journey was complicated and twisted but their undeniable chemistry and unforgivable passion... it was so worth it.

The Dirty Texas series is not one to be missed. Rock star romance fans.... J A Low is a must read!

I highly recommend this book.

OMG what a roller coaster of a ride filled with excitement, fun, trepidation, romance and angst!

I loved every bit of this book- even the two nasty pieces of work called Penny and Eddie! They may have been selfish and mean as a cut snake but they filled that role so well!

Olivia and Axel are poles apart, one is royalty and one is a rockstar but together they fit so well. I don't want to say too much as I don't want to give away the story at all.

Just know that with each book JA Low astounds and bowls you over with remarkable storylines, sexy, hot characters and passionate intimacy.

I'm looking forward to the next book already!

Fierce attraction, combustive eroticism, and intense drama overflows from the newest novel in the *Dirty Texas* series!

Suddenly Bound finally gives you the story behind the intriguing and complex man that is Axel Taylor. As the lead singer of *Dirty Texas*, Axel is not only seductively charming, but also a complete mystery. Who is this man that we've come to love and adore? Olivia Pearce enters his life, and that's all it takes to finally see the man beneath the image. But when a wild weekend of strictly fun and no attachments comes to an end, can these two go their separate ways forever, letting go of what they've shared and found in each other?

Wow...that's all I can think to say about this book. **Simply, WOW!** Suddenly Bound not only connects you with your favorite characters from the Dirty Texas gang, but also introduces you to a completely new world that is both surprising and profoundly enticing. Axel and Olivia appear to be absolutely polar opposites. Alex is the bad boy rocker, sinfully sexy with an overabundance of confidence. Whereas Olivia is beautiful, poised, and reserved, and will do anything for those she loves. But we all know the saying '*opposites attract*', and it couldn't be more appropriate when describing these two. Their undeniable chemistry and desire further heightens the dynamic between them.

The passion between Axel and Olivia reaches an all new level on ferocity that we haven't read before in the previous books. Erotic moments and tender interactions balance the story perfectly, giving just enough to leave the reader dying for more. The emotions conveyed explode from the pages, making the reader enthralled throughout the entire story. Throw in the dramatic aspects, miscommunication and secrets, and it all comes together for a **very gripping and powerful love story!**

JA Low has quickly established herself as a very talented and exceptional author. Suddenly Bound, as well as the entire *Dirty Texas* series, represents her remarkable ability at storytelling. Her stories are beautifully written, and are undoubtedly must reads! Utterly provocative, deliciously naughty, and completely addictive!

This is the third book in the Dirty Texas book series by J.A. Lowe and it's probably my favorite. This book follows Lady Olivia Pearce who is a legit princess who's family owns a ton of land in Europe. She is driven and has managed to turn her family's estate around and make everyone a ton of music. Her family sets up an arranged marriage to a playboy who is sleeping away across Europe. She goes off to meet her friends (who we've met in the other Dirty Texas novels) and meets Axel, Dirty Texas band member and playboy who excels in casual, kinky sex and making music (much like the rest of the band.) Axel is kind of a closed book about his emotions and is not interested in a series relationship and Olivia is bound by family obligation.

This is an opposites attract whirlwind romance style book that is well written with just the right amount of drama and a good dose of sexual tension. Worth the read!

JA's books just keep getting better and better with each story! This book was EPIC! A story of family loyalty, hatred and a steamy hot kinky romance between two unlikely lovers! Lady Olivia is bound by family to marry someone she doesn't love, her life is one of loneliness, hard work and family... that is until one weekend where she meets and falls for hot, kinky and the very dominant Axel from Dirty Texas. Their love story is not all sunshine and roses especially since Olivia is betrothed to marry Eddie the London playboy who all but told her he wouldn't ever stop his man whore ways even after they were married; and an evil sister Penny who will stop at nothing to see Olivia sad and alone. But neither could escape the feelings they had for each other... This book was one roller coaster ride of emotions for me, it was an exciting, panty melting ride that kept me hooked until the very last page. Totally recommend the whole Dirty Texas series it certainly is a wild ride!

JA just keeps getting better and better with every book she writes!! This third book in the series is my favorite so far. Mainly because of how different the characters are but how amazingly perfect they are when they are together. This book is about how opposites attractive and how sometimes doing what you're supposed to do because of the family you were born in to isn't always what you should do. It's about following your heart and making mistakes, apologizing and then screwing up again and apologizing again and knowing your true love will always forgive you....it just takes some time every now and then. Axel is my favorite and his dirtiness was portrayed perfectly opposite Lady Olivia's softness. I cannot wait for the next book in this series!!

This is the fourth book by J.A. Low that I have had the opportunity to read and I must say she just gets better and better. She sucks me in and I can't put the book down. Her characters, the men, are sexy hot and so so swoon worthy. She writes an awesome rock star story! Just when I thought Low had reached a high with the sexiness of her stories, she takes it up another notch with Suddenly Bound!

Alex and Olivia couldn't be more different. Alex is used to the spotlight and the fame and fortune that has

come with his career as a rock star. Olivia has lead a relatively sheltered life. Raised in the English countryside, she now takes care of her families estate. When she meets Alex and they begin to become more, she has to fight for what she wants and hope that she won't hurt anyone in the process. The ties to her family are strong, but her love for this man is greater.

Seriously, Alex and Olivia are smokin' HOT! This book is by far the hottest, sexiest, swoon worthy book in the series. I love a man who knows what he wants and isn't afraid to go after it. The fact that there were elements of BDSM was awesome. Alpha males are hawt, hawt, hawt!

Do Olivia and Alex have what it takes to make a relationship work or will Olivia's obligations and duties to her family come between them for good. Go and grab your copy of this awesome, off the charts, hot, sexy read. You will not be disappointed!

5 star review of Suddenly Bound (Dirty Texas #3) by J.A. Low

This was a great additional to a fantastic series from J A Low. I loved Alex and Olivia's story, it was so much more than I expected and I didn't want it to end. These books seem to be getting better and better.

What's a woman to do when she is torn between duty and love for her family and the love of a man she never expected to have? This is the position that Olivia finds herself in.

I must say that her family left a lot to be desired, thank heavens they are not real, as if they were they should be drawn and quartered. What selfish idiots they are and her sister, well I have no words that I can actually use here to describe my feelings for her.

J.A.Low wove an interesting story that kept me reading well into the night. I just wanted to see what would happen, so I read this book in virtually one read. I totally love Axel, in fact I have always loved him and this book just deepened it. There was so much going on in Suddenly Bound; at times I was frustrated with Olivia, even though I could understand where she was coming from. Axel in my opinion is one awesome hero.

This book focused on elements of BDSM which happens to be one of my favourite genres, add in some awesome characters who seem like family to me and it was great to catch up with them all and see how their lives are also progressing.

I highly recommend this book and cannot wait for more from Ms. Low. Do yourself a favour, if you haven't taken a chance on this Australian author, do so, you won't be disappointed.

This is the book i have been waiting for as i **LOVE** Axel. Book 3 in the **Dirty Texas** series and the best so far in my opinion. JA Low has certainly outdone herself with **Suddenly Bound** How can you not love the hot and sexy Axel. Once i started this book I could not put it down! I did not want it to end!

Axel and Olivia are not a couple you would immediately put together but wow they are brilliant together. The passion and chemistry between them made my kindle steam and my temperature rise!

I also found this story quite emotional, my heart broke for Olivia and how her family treated her. Thank god she now has a sexy, kinky rockstar that she has knocked on his arse and is at her side. Was very happy when the family was dealt with :-)
