The Magic Word

Jennifer Fallon

The Magic Word Jennifer Fallon
A fabulous story of what happens when certain worlds collide! Princess Adrina, Damin Wolfblade, the High Prince of Hythria, and Tarja, the Lord Defender seem to be experiencing a time loop ... reliving the same day constantly. In the dungeons being held prisoner is a young man by the name of Dirk Provin from the world of Ranadon ... he has an alarming message about the breakdown of the veil between their worlds. And when they set off to find the truth, they also find a crashed machine and Tide Lords ... and a leipreachan. All they have to do to make everything right is find the 'magic word' ...

Kennethkiffer says

Only gripe I have about this is that I wish it were longer! I missed all these characters especially Dirk Provin, and would have loved seeing them all going through an adventure all over again. Though Dirk was a bit less brilliant and manipulative this time round, but I guess he wasn't trying very hard. I half expected to find out that the reason the "worlds" were mashed together was because the "Creator" was tipsy! All in all, a fun read, tongue-in-cheek and left me really wishing for more.

Yumimi says

Part of Legends of Australian Fantasy.

Warren Dunn says

The concept was interesting, but the repetitiveness, without sufficient rewording, was annoying. The tongue-in-cheek ending, though, left me laughing.

Sophie says

A short story which was part of "Legends of Australian Fantasy". Absolutely loved it, very clever. It does help if you have read previous works by Jennifer Fallon as a few previous characters from different series are mentioned.

Keith Hilton says

Now what??

Adrian has her word but what does she do to fix things? Good story and I'd like to know what happens next! How are things put back to normal??

Lisa says

Short story that I read in "Legends of Australian Fantasy."

Jessica says

I wish it was longer! J. Fallon is one of my favorite authors. I can't wait until she creates another world for me to visit.

Jacm says

This is brilliant! I read it as part of the Legends of Australian Fantasy collection. I have never read any of Fallon's books but will definitely be adding them to my 'to read' list. You don't necessarily need to know the details of who all the characters are or the specifics of the plot lines for any of the books they come from to enjoy the quirky humour and clever writing used in this story.

Steph says

Great short story. This is what got me into Jennifer fallon, a good taster! Never looked back!

Jonathon Dunstan says

An interesting short story, featuring familiar charaters but with zero relevance or insight to the main stories. I would say more, but it would reveal the twist. While interesting, It was not something I was looking for and not what I want in short stories revisiting worlds.

Lindsay says

I wish the description stated that this was a short story. It was interesting concept though and I enjoyed reading it.

Tracy says

Cute, quick read. Nice short story

Milly Jones says

A short story, that's a little naff really. I think anyone who's read Fallon's work and so knows the characters might get more out of it. I think it was a good plot rather poorly executed. It didn't make me want to read more of Fallon's work. Disappointed.

Megan says

Whilst i welcome the fact that this was Jenniffer Fallon's introduction to the Kindle, This isn't actully a book in any sense of the word.

Amy says

Enjoyable short story that felt a bit fanfictiony because all your favourite characters from her other stories got together in this to have an adventure. It was satisfying.
