#### **An TO Western, Mountain Man Style, About One Man Who Becomes Mentally Unstable**

RP has penned a western About the last of the Mountain men who trapped furs for a living. One such man lived by himself and another with an Indian wife. The older man becomes mentally unstable and kidnaps a girl twelve years old. The father and a U.S. Marshall are on the trail and they stop at the younger mountain man's cabin for assistance. This is an excellent read for the genre.....DEHS
