Virginia Bloom (Virginia Home) S.N. Clemens

What if the man of her dreams is already her best friend?

Rachel returns to her Virginia hometown to help her family deal with the sudden marriage of her eccentric grandmother, but, instead of solving her family's problems, she discovers she has a problem of her own.

Rachel is torn between two men. One is a handsome stranger who seems like the hero from her daydreams. And the other is Mason--her best friend.

She has never considered Mason a potential husband, but his behavior towards her keeps changing, making her feel things she's never expected. She's always thought she knew God's will for her life, and Mason has never been it. But maybe she's been wrong . . . about everything.

Michelle Woods says

Virginia Bloom is a beautiful love story that I didn't want to put down. Rachel and Mason have been great friends ever since his wife, who was also Rachel's close friend, died from cancer. The question is, it has been 5 years now and Rachel is so ready for love, a husband and kids. She is 29 and faithfully believes God will provide for her. The only thing that she fears is that finding her husband to be will ruin the friendship between her and Mason. As there would be no way to continue such a close friendship with a man and showing the respect and love she should for the man God chooses for her to marry.

A trip back home during the summer brings romance for both Rachel and Mason. Through dating other people and watching her Grandmother's relationship with her new fiance, they both learn to listen to God and not just their own ideas.

It's a beautiful romance. Short and sweet. I loved it and would recommend it to any of my friends that love romantic novels.

Heather says

"Sweet book, but I thought the main character was awfully dense about her love interest. (Grade: C+)." My review from 2/4/2013.

"Agree with my previous thoughts, but I did enjoy the overall writing style and the religious aspect to the story." My review from 7/14/2015.

Lorraine says

Short, easy to read romance. Enjoyed the humor with Rachel's Nan and her fiance. Thought Rachel the main character was somewhat dense when deciding which of the two men she was in love with. Overall writing style was good and it contained a nice faith element.

Angela Bascue says

I loved this book! In fact I've read it twice already. I'm eagerly waiting the next one in the series to be released. I hope we see a lot more from this author.

Mimi Lovell says

While religious romances aren't my first choice, mostly because they tend to run on the slow side, this one had my attention from the very beginning. Not action packed or anything, but definitely full of emotion. My very favorite type of romance would have to be the ones where friends become more. And this was such a beautiful story of that.

I feel like this story could have a sequel with some of the other characters in the book and I really hope there is or that there will be.

Traci says

I liked this but then, I didn't. There was something about it and after thinking it over I've come to the conclusion that it seemed too perfect, no maybe detailed is a better word, in that everything was explained and everything was analyzed and Rachel just couldn't figure it all out until the end. Ah well, who am I to judge? I did like the storyline and the secondary characters, especially Nan (I want to be feisty like her when I'm in my 80s!), and I'm always a sucker for a happy ending.

Cassie says

Great Love Story

I read this book in a matter of a few hours. I could not bear to put it down. I loved the flow of the introduction of characters and how I found myself doing the facial expressions of the characters. I love how God was at the center of it all and the message of His will portrayed through the entire book.

Margaret Boehm says

Excellent.

Holly says

A sweet Christian romance. I liked Mason a lot. Rachel was very likable as well but too clueless. I'd like to see stories about Luke and Phillip.
