Starbubbles says

you know, things just seem to keep getting messier. the more things that get revealed, the thicker the plot becomes, the messier it all is. still, really good stuff.

Love this series. In this volume Se-in has disappeared and it seems everyone is looking for him. Also Dong-Young has a secret she is keeping from Bi-Wal and also Mi-Yyang figures who it was the really kidnapped Dong-Young.

We also learn how Se-in and Ryung meet. And why Se-in seems loyal to Ryung.

I can't wait for the next book which comes out in July. It seems to be taking so long between books. (I know part was the switch between Ice Kunion and Yen Press) but I really want to see what happens next.

Its starting to get even more interesting within each story! Great manga!

Great addition to this series. We learn more about the king of hell and his family and the runaway princess grows a little, and the guardians find out more and learn from there
