**Her Two Bears** T.S. Ryder

**A BBW in danger PLUS two hot werebears ready to share a mate PLUS a deadly opponent with dark intentions!**

Danita Valdez is about to live her dream. She's inherited a small farm from her uncle, and wants to make it her little paradise. But then loan shark McGrath turns up and transfers her uncle's debt to her. If she doesn't pay, he'll auction off her virginity to the highest bidder.

And as if things can't get worse, two of McGrath's thugs show up to "protect" her.

Bear shifters Killian and Ryan are supposed to keep an eye on Danita for McGrath. But they know what they want as soon as they see her. This woman with her soft curves is their mate. They'll protect her with their own lives if they have to. But will she ever trust them?

Forced to live in the same house as the two Bears, Danita soon has only one thing on her mind. She can't help it. These gorgeous men, all strength and muscle, would have any virgin dropping their panties.

But as the tension builds and their feelings deepen, McGrath's true desires come to light, and the Bears realize there is only one way to save Danita. And that path just might end up getting them all killed.

NOTE: This book includes 5 bonus stories!

**Her Two Bears is a 17,000-word stand-alone story in a series of shifter menage romance novels. Other parts of the series (more coming soon!):**

## From Reader Review Her Two Bears for online ebook

### Erin says

She got the farm from her uncle after his death. She was happy with it till she hears she also got to pay his debts.

Lucky for her she meets two were bears. This could be a hot short story. But it is more action outside the bedroom as in it. That is what I missed a bit, the chemistry between them.

### Emma says

1.5 stars

---

### Lisa Hippen says

Not long enough.

---

### Michele Avery says

I really enjoyed this short story. It felt like a complete story. It came as a bonus read at the end of one of the author's other short stories. My only complaint is that this story, which is #2 in a series, was before Her Two Wolves, the first in the series. Otherwise it was really great.

### Iris says

#### Another great read

Enjoyed reading this book and reading about the characters and their story. Looking forward to reading more from this author.

### Susan says

When I saw that this short story had 5 star reviews, I thought, "No way." In my experience, short stories have been mostly poorly written and lacking. Their editing is also normally horrendous. This book does NOT fit into any of those categories!

This short story, as well as the short stories after it, was wonderful! There was a plot that started, had a middle and an ending. There were no jumps between scenes or where you felt that there had been a previous

chapter but now it seemed missing. The grammar and spelling were spot on, I did not see any issues.

I am happy to give this book 5 stars, as they're well deserved!

### **Rachel says**

A quick, entertaining, quick read. With a loan shark circling her, Danita turns to Ryan and Killian when they show up to help her with her alpaca farm. Some action, some suspense, and some steamy scenes passed the time quickly reading this book.

#### **Liked it**

Her two bears were sent by a loan shark to ensure she didn't run. Now they must protect their mate. Good short story. Multiple bonus books take up ~80% of the tome.

---

### **Goddess of Chaos says**

#### **Danita dares to dream**

Danita inherits a farm from her uncle, and dates to dream of making a future for herself. Unfortunately that farm is a struggling affair, on its best days. Killian and Ryan are best shifters who know they got in with a bad crowd, but have never had a reason to look for a way out, until Danita crossed their path.

### **Jean A. says**

#### **Awesome Shifter Romance**

Enjoyable story with lovable characters. Fast paced story line. I would definitely recommend this book to others that love a good shifter romance.

---

### **Rox says**

Too short.
