[LoveXtreme Forever: Contemporary Menage Romantic Suspense Romance, M/F/M/M/M, reverse harem, HEA] Samantha Grey lived a totally ordinary, boring life. So she is totally unprepared to have someone fixated on her. It all started with a note then escalated to the point where she no longer feels safe in her home. When her friend Cassie suggests leaving town for a few weeks to get away and offers her cousins' ranch as the perfect place to go she accepts. When David, Cash, Lance, and James get a phone call from their cousin Cassie asking if her friend Sam can stay on the ranch for a few weeks, they agree. What they didn't expect was for their lives to be turned upside down from the sexy, sweet Samantha. Now all they have to do is keep her safe from her stalker and convince her that they are meant to live happily ever after together.
