Midnight Shadows Lisa Marie Rice

She sees shadows that aren't there.

Gifted harpist Allegra Kowalski has had risky surgery to restore her sight. It has been a long hard road back. Her husband, former SEAL Douglas Kowalski, has been with her every step of the way, loving and protective, but is no longer the sex god in bed he used to be. He treats her like a fragile piece of glass. He loves her deeply but won't touch her. He can't see that she is ready to be a wife again and not a patient. On vacation in a luxury resort on a gorgeous Greek isle, Allegra vows to seduce her husband, to bring their marriage back to what it was before.

She wants her music and her husband back and on that magical island in the Mediterranean, she gets her wish.

And when danger strikes, Allegra learns just how much her husband loves her and how strong she can be when the shadows that haunted her are banished forever.

International Kindle best seller, Lisa Marie Rice has twice been a Cosmo Red Hot Read author and her books have been translated into several languages, including German, French, Italian, Japanese, Spanish, Dutch, Danish, and Tagalog.

Praise for her books...

“Edgy, sexy, endlessly exciting.... Give me a dangerous, seductive Lise Marie Rice hero any day ...or night.”

—New York Times bestselling author Shannon McKenna

“Lisa Marie Rice is an autobuy author for me. She never disappoints! Her books are comfort reads that I re-read time and time again. Hands down she is one of my favorite authors.”

—New York Times bestselling author Maya Banks

“Buyer beware! Watching a warrior choose a woman over his brotherhood is definitely addictive, and for me, I Dream of Danger was a gateway drug.”

—New York Times bestselling author Eloisa James

I always wanted to know what happened with Allegra and Douglas and this was a great wrap up to their story. It read like a really long epilogue! Loved it :)

Kathleen says

3.5 stars. Enjoyed it! This is the overpriced sequel to *Midnight Angel*, which is a really sweet and sexy romantic suspense by Lisa Marie Rice. *Beauty and the Beast*. I like the full length novel more, but this novella (48 pages) is still enjoyable enough. It is set 4 months after Allegra has surgery to restore her sight. She is not blind anymore, but she sees shadows in her peripheral vision. Is it possible the shadows are not artifacts of surgery, but something far more sinister?

This story is set on a Greek island. Douglas is there on Alpha Security business, but he still manages some long-awaited pleasure with Allegra, and they even take out some bad guys. His ex-SEAL friend Yannis, whose family owns the resort, plays a major role. He may get a book of his own. I liked Yannis, with his prosthetic limb.

Don't get this title confused with her other book, *Shadows at Midnight*, written under her pen name Elizabeth Jennings.

Dina says

Why, oh why? This story was so disappointing! It was more like an extended epilogue for *Midnight Angel* than a new story per se, and nothing really happened in it. I wish I had never complained about how LMR ended the **Midnight** books very abruptly. That should teach me to pay attention to the old saying, "Be careful what you wish for."

Farah says

Revisiting Allegra and Douglas was heavenly .. they are my favorite couple in the *Midnight Books* and honestly Douglas is just delicious but it was a little too short to be satisfying and I don't mean the number of pages .. it's just that things went down a little too quickly and then BAM the book ended .. Lisa Marie Rice seems to have a thing for ending her books faster than blinking and without letting us see the couple talk in that way that ends their story but to be fair she made me happy by publishing this short story .. so this is me just being greedy for more .. **oh and Yannis !! There has to be a fourth *Midnight Book* featuring his story ... hopefully we'll hear something about that soon.**

3.5 Stars

I loved getting a peak back into Allegra and Douglas' world. But I felt like there was a buildup about some things, only to be let down in the end. I still liked it, but it wasn't as much as I was hoping for.

Pamela(AllHoney) says

3.5 in the *Midnight* series by Lisa Marie Rice. Set in the Mediterranean, Allegra and Douglas are vacationing after her eye surgery. Douglas is reluctant to touch Allegra due to a fear of hurting her since the surgery. But Allegra isn't giving up.

Just a short novella that revisits the main couple of *Midnight Angel*. It read like an epilogue to me but it was nice to visit with such a wonderful couple again. I did have issues with certain things like why didn't former Navy SEAL, Douglas notice the (view spoiler)? And of course it got wrapped up rather quickly. But still fans of the series will want to read it.

Fanny says

Midnight Shadows es una novela corta dentro de la serie *Midnight* de Lisa Marie Rice y vuelve a tener como protagonistas a Allegra y Douglas.

No hay mucho que pueda decir de esta lectura, ya que es tan corta (creo que 45 paginas) que no te da tiempo ni asimilarlo todo antes de llegar al final.

Corta y entretenida, sin mas.

3 Estrellas!

Vânia Nunes says

I am completely in love with this trilogy and when I saw there was one more book, bringing Allegra and Kowalski as characters, I freaked out.

The story is short but full of adventure.

And revisit the love that Kowalski has for his wife, it's beautiful.

Only a question: when will we read the others *Midnight* characters short stories?

5 stars

Laura says

Midnight Angel is one of my favorite books, and i have always wanted to find out what would have happened next at the end ... let just say this wasn't what i had in mind lol kinda disappointing really, and waste of time and basically a bit of fluff, could have been so much better...

Shari Kay says

2.5 ★ really...but I liked this couple. MS is a short in the lives of Douglas and Allegra 4 mo after the surgery that restored her sight in book 3.

It's about Douglas seeing his wife as a woman again, and not an invalid. She's still recovering, but she's stronger now and she wants every aspect of her life back. Including sex with her husband.

Like I said, MS is **very** short. We get the set-up, an awakening, a sweet scene, a sex scene and some quickly resolved danger followed by a ridiculous you-go-girl moment. Not much to write home about, but it was nice seeing this couple again.

Erin says

I guess more like a 3 star but I just can't do it. \$2.99 for this 45 page mediocre read is just not worth it. It was just ok and I'm a little pissed at myself for buying it. "Midnight Angel" is one of my favorite LMR books but this was not worth \$2.99 should have been .99 at most or a freebie from the author.

Auntee says

A little worried about the negative reviews and jeez, \$2.99 for 45 pages? But Allegra and Douglas...sigh...I'll take a chance.:)

Review:

Okay...you know what? I really *liked* this little short-story-reads-like-an-epilogue, which surprised me. I had low expectations going in (so maybe that helped?), and I was put off by the \$2.99 price (way too high--should've been .99, tops) so I was a little disgruntled. But boy, once I started reading, I couldn't put it down. There was some *heat*, LMR brought you up to speed on Douglas and Allegra (in case it's been awhile since you've read *Midnight Angel*), and even a touch of suspense at the end. So could it have been better? Yes, I thought it ended *too abruptly* (what is it with LMR and her endings?), but all-in-all, just the chance to revisit my favorite LMR couple made it worth it. 4 stars

P.S.: Just who is that on the cover, though?

Vivien says

Unless you have read *Midnight Angel* (and I would recommend that you do) do not read this book as like other reviewers have mentioned it really is just an epilogue and won't make any sense. Luckily I have and therefore enjoyed catching up with Allegra and Douglas.

~Nichole~ Sizzling Pages Romance Reviews says

I was over the moon finding this special novella for Douglas and Allegra.. I absolutely loved it and it totally made me want more from this epic author.

Lady Heather says

Nice short and sweet story about Allegra and Douglas after Allegra's surgery.
