Mistaken Bride

Renee Ryan

Mistaken Bride Renee Ryan

When William Black's mail-order bride fails to appear at the Boston docks, he's relieved when beautiful, vibrant Bridget Murphy steps in. However, she has a surprise in store. She will be a temporary nanny to his young twins...but she will not marry without love.

Faith Glen, Massachusetts, is worlds away from the poverty Bridget knew in Ireland. And William Black couldn't be more different from her faithless ex-fiancé. Yet that integrity Bridget so admires binds William to a promise that could keep them apart forever. In this new land of opportunity, does she dare to wish for a happy ending?

Amy says

3 1/2 stars. The plot was very typical of the Love Inspired Historicals for most of the book. Not complaining, that's why I keep reading them. The twist at the end was pretty good, but I think the plot would have been better serviced if the twist was more towards the middle of the book and the book more focused on the characters' reactions and adjustments to the twist, I think that would have made a more unique novel. I will look for the other 2 books in the series about the other two sisters.

Jena says

Dare I say it, but the hero **almost** reminded me of a Kleypas hero (if he wasn't a total rake/rogue thinking about SEX). I **really** don't read that many Inspys - *really I don't* - I've only read 4. But I really did like this one. There is no sex/intimacy - but the passion and caring/pining is there! It was sweet and heartwarming - nothing offensive (also nothing overly preachy). The characters are all unique and dynamic (fun to read) and the plot flowed perfectly. This one was set in the Irish immigration-era-1800's in Boston, MA area. The widower needs the heroine to watch over his kids (after his mail order bride is a no-show) and she doesn't agree to marriage-without-love, but her stay with him turns into love and eventually marriage. Again, I would be confident recommending this to other Inspirational fans (or any curious readers) despite my only having read so few. When the world is getting ugly and horrible, I can definitely imagine myself running to this Inspy romance for comfort - like a nighttime prayer to a guardian angel... just make everything okay and let us have our HEA. (Hey! - that rhymes!)

Lisa at Farm Fresh Adventures says

It was okay. Too much of the "love at first sight". I mean, it was like I totally knew how it was going to end. The "twist" at the end wasn't a twist. Too frothy, not enough substance.

Susan says

Excellent book. I loved Bridget and her way of helping everyone she met. Will had originally asked her to marry him, but purely as a business arrangement. He had been betrayed before and refused to open himself up to that kind of hurt again. Bridget would not marry him, but she offered to be his children's nanny. As soon as she met them, they started to come out of their withdrawn states and act more like children. Will also found himself healing from that previous hurt. They almost lost their chance, but everything worked out in the end. I enjoyed seeing people from the first book, including the McCorkle brothers. I also enjoyed seeing the beginnings of a relationship for Nora. I can't wait for the final book!

Paula-O says

Mistaken Bride by Renee Ryan 2nd book in LIH Irish Brides series

This series was written by different authors yet the story seems to effortlessly move along..Book #2 is the story of Bridget Murphy.

Bridget and her sisters came to America by ship "The Annie McGee". she is now on the docks waiting for her sisters to embark when she spys a rugged but handsome young man searching the docks and she watches him wondering what or whom he is looking for. He introduces himself to her -William Black- and he is looking for his mail order bride that was to come from Ireland on this ship. The woman he is to meet also is named Bridget, such a coincidence.

Soon the women will

One sister Maeve had been assistant to the dr on ship,Flynn, and after becoming close on the voyage they had married. The three sisters had a deed to property in Faith Glen Mass that they had found after their mother had died recently so they were to find this together and have a home in America. Maeve was going to stay in Boston at first with her new husband and the other two to go onto Faith Glen for now.

They soon met the sheriff of the town Cameron Long and he was a great help in locating the property and getting them settled.

Bridget and William Black soon find themselves again meeting and he enlist her help as nanny to his children-a young boy and girl who are twins. I know you will enjoy reading the story of Bridget and William as Renee moves this story right along so smoothly.

Sarah says

A great book!! I usually read Christian romances because I like that they are clean, but sometimes I get more scripture quoting and trials of faith than actual romance. That was not the case with this book! It was a lovely sweet romance that I will enjoy reading again and again!

Beck says

so I won this book as a goodreads giveaway quite a while ago and just found it again. I thought it was a really sweet story, and well written as well. it was nice to be able to learn about Irish history in an unconventional way, through the story. I found the characters well-developed and found myself sympathizing and understanding almost alkl of them. I hope to read the second book soon :)

Christina says

I liked this book almost as much as the first one. This books was a pretty typical romance. You knew that the two should be together and it was just a matter of time. I liked the twist at the end. I didn't see that coming. Almost wished it happened sooner. In the first book, I loved meeting all of the characters on the ship who do make an appearance in this book as well. I would have enjoyed meeting some interesting characters in Faith Glen too.

LadyCalico says

I am so glad this one is done! This book was so dragged out and boring that merely saying that it was predictable and repetitious would be a gross understatement. Not only was the content a big nothing but the writing style was so Mickey Mouse that it seemed targeted for no one beyond a fifth-grade reading level. For me a romance just doesn't work unless the obstacles keeping the couple apart also work, by being realistic and stronger than their love. In this case the obstacles were ABSOLUTELY NOTHING! Two people in their mid-twenties actually had someone hurt their teensy feelings once upon a time; too bad no one ever advised them to put on their big kid panties and just grow up, then the book would have been a short story. It also exceeded my bizarre coincidences and inexplicable stupidities quotas. The unbelievably stupid plot twist gimmick near the end was so bad that it should have earned negative stars, if Goodreads had such a thing. If you think you would enjoy 50 pages worth of story dragged out with wheel-spinning repetition into a super-boring 288 pages with a plot twist so stupid that it makes your head hurt, then this is the book for you!

Karen Kirst says

This is a sweet story. Ms. Ryan does an excellent job bringing history to life with details of the hero's chocolate factory business. Her characters are likeable, the romance believable and intriguing. Great read!

Nellie says

I loved this book. Great read, clean and good enough for my teen daughter. From the book: When William Black's mail-order bride fails to appear at the Boston docks, he's relieved when beautiful, vibrant Bridget Murphy steps in. However, she has a surprise in store. She will be a temporary nanny to his young twins.....but she will not marry without love. Faith Glen, Massachusetts, is worlds away from the poverty Bridget knew in Ireland. And William Black couldn't be more different from her faithless ex-fiancé. Yet that integrity Bridget so admires binds William to a promise that could keep them apart forever. In this new land of opportunity, does she dare to wish for a happy ending?

Chanover55 says

Not having read book 1, I thought this was a bit slow at the beginning. William Black is looking for his mail order bride from Ireland when he comes across Bridget Murphy, fresh off the boat from Ireland. What will he do to bring his 3 yr old twins back to acting like children rather than reserved children and will Bridget be able to help?

Dawn says

The second book in the Irish Brides series picks up where Wedding Journey left off. This time it's Bridget's

story. She's mistaken on the Boston docks as a mail-order bride. When she and her sister Nora arrive in Faith Glen, Bridget didn't know that she'd keep encountering William Black, the man who mistook her for his mail-order bride. He needs help with his young twins and she agrees to become their nanny. Will he be able to love her the way she wants and will she allow herself a chance to be happy?

Having read several of Renee Ryan's books in the past, I was so excited to read this one. I loved Bridget and Will. The twins were precious. What I really liked was the fact that Will was such an honorable gentleman that when an obstacle arose, he was willing to do what was right and pray that somehow God would be honored.

Two sisters have found their happily ever after. I can't wait to read Nora's story next month.

Mandi Morgan says

Sweet story. Two broken souls who heal each other. Nice!

Erin says

I really did like this one, actually changes my mind from 3 stars to 4. I do like these clean historical novels. I loved the twins! I can't wait to read about sister #3 when her book comes out next week!
