Naruto, Vol. 03: Dreams Masashi Kishimoto

While they recover from their injuries, Kakashi puts Naruto, Sasuke, and Sakura on a strict training regimen to protect Tazuna's family against Zabuza's next attack. But Zabuza has a dangerous new apprentice in Haku. And as the bridge comes closer to completion, our heroes must be willing to kill—or die.

Braiden says

I can't believe that naruto becomes the nine tailed fox because sauske only got knocked out by haku. Why do they need to protect tanzuna because he could just fight them with wood. But he probably does not know that. Can't they all get along like friends. I predict that in the last book everyone teams up against orochimaru and his minons in a battle. I think that naruto is going to save everyone in the village. I can't believe that naruto becomes the nine tailed fox because sauske only got knocked out by haku. Why do they need to protect tanzuna because he could just fight them with wood. But he probably does not know that. Can't they all get along like friends. I predict that in the last book everyone teams up against orochimaru and his minons in a battle. I think that naruto is going to save everyone in the village. Why do all villages have to hate each other maybe there could be a bigger nation going to attack. The rest of them are going to die if they don't want to die they want to live they have to band together as one whole nation. Nobody can stop them as one nation the rest will lose to the leaf, sand, waterfall, earth, sound could be better. I predict that everyone will band together because they could kill each other before naruto would have a chance to change a single thing.

[The Nine-Tailed Demon Fox about to be released!]

(hide spoiler)]

Sean Gibson says

Naruto is my first foray into Manga, and I undoubtedly enjoyed it. Fun characters, frenetic action, an engaging mythology...it's good stuff.

Yet, all I can think is: I should have read this 15 years ago.

Why didn't it resonate with me more?

I think it has to do with timing. There are certain stories and writers that I've come upon at just the right time in my life—The Dark Phoenix Saga when I was 10, R.A. Salvatore and Drizzt Do'Urden when I was 15, Jane Austen when I was in college, David Foster Wallace when I was in my late 20s—to connect with on a level that went far beyond my feelings for any particular tale. It wasn't so much my age, I think, as it was the stage or place I was in life that made it the right time for those particular stories to work themselves inside of me and become a part of me.

Undoubtedly, I've read other books at the wrong time and missed out on what might have been a magical experience at another time. That's how I feel about Naruto.

I think I would have felt this on a much deeper level had I read it when I, too, was on a quest—a quest to figure out who I was and what I want and how to get there. That's not to say that I'm not still on that quest,

of course—every day that quest begins anew, and every day I try to take one step closer to achieving goals I’m still far from attaining. But, I generally know which way the compass is pointing, and I’ve passed milestones that seemed far away when I was, say, in my early 20s.

Had I encountered *Naruto* then, I think I’d have become an addict. As it stands, I appreciate it as an entertaining yarn and something I may go back to someday, but not something I feel a consuming need to continue with.

But, hey—that doesn’t mean it won’t hit home again at some other time in life, eh?

(Did I just write a serious and pensive review about the exploits of a boy ninja who enjoys making clones of himself that look like scantily clad centerfold models? Yup. Weren’t expecting that, were you?)

AND THAT’S EXACTLY WHY I DID IT.

So there.)

Brandon St Mark says

I always hated this part in the anime, however I really like Haku and Zabuza as characters. Also, the growth people Naruto and Sasuke is really great.

Xavier (CharlesXplosion) says

This is getting so good!!!!!!

Kate says

something big is coming.

Tim says

When I started reading this volume, my feelings were different and I just realized that it has been a long time since i watched anime so I really have forgotten about many things.

However, It did not surprise me to see that Zabuza is back with his dangerous and mysterious apprentice Haku, who is having some mysterious technique which draws Naruto and Sasuke into serious and unknown danger. But, Haku does not know that both Sasuke and Naruto also are having something special.

The Ending obviously leaves readers into speculations. A great volume and certainly one of my favorites. Can't wait to read the next volume.

Radwa says

Now, I remember why people seem to think that Sakura is useless from the get-go. I have to admit that most likely, I won't really like Sakura before the Shipudden era, just because the author doesn't seem to have anything in mind so far for her to do except cheer for Sasuke, internally and externally.

Enjoyed this volume nonetheless!

Paula says

justo hace unos días vi el capítulo de la guerra y pensé que estaban mal los subtítulos porque se referían a haku como "el" y ahora finalmente lo entendi, repito que leer esto es nostalgia pura

Bradley says

Finishing this volume gave me the chills. True, deep, creepy chills and it even brought some tears to my eyes. Of course, I know Sasuke isn't *really* dead, and I know that Haku is not truly what he seems, but the combination of events and the set-up is pretty damn brilliant.

That being said, I know that the whole side story of Inari is important, but on additional readings, I'm pretty much blah about it. I just wanted to get to the good stuff again.

The awakenings. *shiver* Great stuff.

Natalie says

12 year old Naruto Uzumaki is an orphan with a nine-tailed demon fox sealed inside of him. Despite this, he's determined to become the strongest ninja in his village and earn the title of Hokage. Action scenes are good and interspersed with enough dialogue as to not get repetitive or boring. I like that the story focuses on a troubled main character -- not because a troubled main character is new, but because Naruto reacts like many kids do when they aren't given enough attention, and it's refreshing to see a manga reflect that. On the same note, I also like that he is growing and building on that trouble-making side. He's still a goofball, but he's applying himself. Awesome character growth for only three volumes.

Downside: Sakura is probably the lamest character. She never does anything. She sits around and watches Sasuke and Naruto fight. She cries. She does more nothing. Right now, her total lack of female character development is preventing me from enjoying this story more fully.

However, I'm a sucker for action manga, so I'll stick it out for now in hopes that we see some more character development later on!

Phire says

Naruto, the loudest ninja of Konoha village xDDDD

aka, my future husband.

Chris says

Do you like Dragon Ball Z? Then this book is perfect for you. This book is full of action and never ceases to impress me. I liked it because I was interested in ninjas and especially Japanese ones. The book is based on a team called Squad 7 made up of Naruto, Sasuke, Sakura and Kakashi Sensei. They are all from the Hidden Leaf Village. The ninja's or shinobi get along in an interesting way that I will let you find out when you read the book. I would recommend this book to anyone who likes ninjas and anyone who watches Dragon Ball Z or the original Naruto shows.

???? says

This volume is very good, here's Naruto and Sasuke real self show up.

Nonah says

Love naruto!!! <3<3

CARSONW says

Naruto, Sasuke, and Sakura have become junior ninjas and they want to do a job that is not just babysitting something more exciting. The three get a job to protect an old bridge builder from being attacked by Zabuza. This book has a lot of battles and fights and blood. The ninjas meet lots of foes on their journey to the bridge builder's destination. I enjoyed the fighting scenes and the suspense of the battles. I recommend this book to anyone who enjoys lots of fighting in graphic novels. Overall I rate this book 9/10.

Carmine says

Il ponte come crocevia dei sogni

La storia acquisisce maggior carica drammatica e si svincola da una visione completamente manichea per restituire due schieramenti in cui sono i moventi a disegnare i destini, non l'indole violenta di uno Zabuza od il trionfo eroismo dell'improbabile Naruto.

Lo scontro corale vive di momenti abbastanza ingessati - stanno tutti fermi a pontificare o aspettare la mossa altrui - ed alcuni dialoghi, che non stanno né in cielo né in terra, aiutano pochino a tener desta l'attenzione. Ah, il potere innato della manipolazione del ghiaccio ha un ottimo impatto scenico ed impreziosisce più del dovuto uno scontro monocorde.

Martina says

Awww Sasuke :) Can't wait to see what happens next

Ahmad Sharabiani says

Naruto, Vol. 03: Bridge of Courage (Naruto, #3), Masashi Kishimoto

Ricardo Sainz says

i like this book because it is alot things hapening abd three fighting zabuza and haku and naruto wins then haku get kicked in the face and naruto gets really mad bacause gato kicked haku wean he was alredy dead .
