Red River, Vol. 25 Chie Shinohara

R to L (Japanese Style)

Prince Kail, a young warrior and sorcerer, and Yuri, a modern-day teen, were thrown together when Queen Nakia drew Yuri across time and space into the ancient Hittite Empire. When it is the season of the North Star, Prince Kail has the power to send Yuri home. But the evil queen's plan to murder them both--and their growing feelings for one another--keep getting in the way!

Charged with treason, Nakia is interrogated by the Hittite council of ministers. Nakia denies her guilt and, despite being confined, uses her magic to free her henchman Urhi, who is then suspected of launching a campaign of murderous retaliation against Kail and Yuri. Nakia, however, seems to have made one mistake that could undo all her schemes--overlooking the devastating effect all the intrigue and treachery has had on Juda, her son and intended heir to the Hittite throne!

I found this series on a mere coincidence but it quickly became one of my all time favourites. I read the entire series in 1.5-2 days. It was truly wonderful and a joy to experience.

one of few I didn't care for, especially when re-reading ...but i guess that she had to include how Urhi is in love w/ Nakia somehow? cuz it makes the story longer....I also dislike how Nakia keeps living on as the enemy andthere doesn't seem to be consistency w/ the bookit easy to do w/ other ppl but nothing is easy, even when stuff is handed to em and it should be easysome stuff seems redundant....and meh it has a few things i dislike course its prolly like any romance oneit was super obvious how it was going to turn out and after re-reading it yet again it gets stupider each time I re-read it...if there wasn't a couple things I liked in this book then I never read it again, just skip over it especially they talk about it in the 26th bookwhich has some redundancy in it too of course but not as much... of course they "best" time for them to get married has to be the day when all the springs are filled and nakia is, of course, on the loose again....eesh...she doesn't get dealt w/ ever cuz the author keeps changing it :/

I think this is a great series; better than other time travel manga I've read. Recommended.

Love this series. Must read for fans of Inuyasha and From Far Away.

Another good volume.

Soobie's scared says

Comincia a tirarla un po' troppo lunga, però...

Ormai son sempre gli stessi temi che vengono tritati e ritritati... Mammamia, sembra uno scioglilingua.

Comunque, torna in scena Giuda, dopo parecchio tempo. E finalmente la Shinohara si dedica alla questione della sua paternità. Con un colpo di scena niente male, se posso dirlo. Non me l'aspettavo proprio. È stato forse l'unico momento in cui mi sia davvero dispiaciuto per Uruhi.

Su, let's soldier on. Ormai è quasi finita!

Overall series review, 4 Stars.

I started Red River a few years ago but finally got round to finishing it this year.

Miss Ryoko says

There is a little part of me that feels like the story of this volume was a bit of a filler, even though it fits in perfectly with the overall storyline. It is entirely plausible and understandable that Nakia is fighting to the bitter end, but to me it did feel a bit like trying to drag the story on a little bit longer. Maybe it's because I'm anxious for the story climax? I can't say. It wasn't horrible, I just had that little nagging feeling, and despite it, I still enjoyed the volume.

Starbubbles says

This book was great! Royal scandals, birth rights, ability to father kids, poor alibies, escaped convicts, murder sprees, Nakia's trial, Yuri being recognized as the future queen...

it was certainly a page turner. The ending though, was absolutely my favorite part. You can't top stripping in a crowded room, no matter what other climax you had in mind.

Lexie says

Welcome to Book 25 in which Nakia's long time in coming defeat finally begins.

Ilbani, proving to be the best person ever, had captured Urhi and freed poor sweet gullible Prince Juda from Nakia's control. Rejoice! Except that Nakia helps Urhi escape and we learn that Prince Juda has way less self-esteem then we gave him credit for.

That poor kid. Also really I feel bad for Urhi and Nakia. I don't condone them, but they were in such a position that there was only one of two outcomes--supremacy or utter defeat. Neither of them would ever be all right with a middle ground option.

Also damn Urhi you really go for the GUSTO when you prove rumors false huh?

Holly says

Red River is a wonderful passionate story with beautiful artwork, and great characters.
