## Search and Rescue Frank Tayell

Not all survivors are to be trusted. Not all the conspirators are dead.

**February:** Within hours of the outbreak, the quarantine was sabotaged. Within days, the world was gripped by civil war.

**March:** When the lights finally went out, billions were dead. Millions more had joined the ranks of the undead.

**May:** Anglesey has become home to nearly ten thousand survivors from across the Atlantic. While there is still danger from the undead on the mainland, there is hope. Hope that the zombies might die, hope that the electricity supply might be restored, and hope that more survivors will be found. Hope is not enough. Sergeant Branofski and Chester Carson venture into northern Wales to set up a network of safe houses that will provide a route to Anglesey for those still trapped in the wasteland. Though they find survivors, they discover something far worse.

**September:** Nowhere is safe from the living dead, not even The Tower of London. The ancient fortress has become home to nearly a hundred people. Food is scarce and the undead are many. The survivors are doomed unless help can be found, but the only place it can come from is Anglesey. Eamonn Finnegan sets out alone to seek their salvation. He never reaches Wales.

**November:** In her heart, Greta knows that Eamonn is dead, yet she has to look for her lost love because he would look for her. Chester joins her in the futile quest to ensure the search doesn't cost Greta her life. Before their journey has barely begun, they discover an old foe that they thought was dead.

Set on Anglesey and in London, near Wrexham and in Birmingham, while hope is fading for the last survivors of humanity.

## Search and Rescue Details

## From Reader Review Search and Rescue for online ebook

### **Robd says**

The eleventh instalment of Frank Tayell's post apocalyptic series sees a number of threads from previous books coming together as various protagonists converge on the city of Birmingham. The survivors on Anglesey have to make a decision where next to settle as the danger from the nuclear power station threatens the island's safety, whilst the survivors in the Tower of London may also be unsafe. Meanwhile a battle takes place between different factions in Birmingham and people from both settlements are caught up in the conflict. All this set in a world populated with the undead, who may or may not be 'dying' themselves and who are ever present in the survivor's lives; including a massive horde trampling it's way across the country and levelling everything in it's path.

Another good tale in the series, that despite the occasionally poor style, continues to entertain a fan of this genre. Looking forward to the next one.

### **Monocep says**

Loving how all the threads are coming together, and some threads we didn't even see. Another great book, keep 'em coming!

---

### **Doghouse Gav says**

#### **Amazing**

Another book another top review. The series that keeps giving. What a fantastic book. To keep it so fresh after 11 books is a testament to Frank's amazing writing style. May this series never end!!!!

---

### **Tasha Schmidt says**

This is the longest series I've ever read, I believe. It is so good though that I still can't wait for more! I started the first book in April and it is going to be super weird without these characters in my life every day.

As for this book in particular, I love how some of the separate stories are all coming together. I'm also not a huge sickly sweet romance fan, so I appreciate how that has been dealt with. This book shows that romance can happen and even be an integral part of the plot without being over the top. I don't need a play by play of their affections to understand how deeply people feel for each other.

---

## **Cynthia Josaitis says**

### **Another great book!**

I loved it! I hope there will be another book. I have grown to love the characters in it. I just want them to be safe. To be able to rebuild.

---

## **mrs julie smith says**

### **Great again**

Frank Tayell writes a rocking good tale. Can't wait to read the next in this great series. Continuing dramas are hard to keep moving but this writer manages more than that and keeps you on edge of your seat.

---

## **July says**

I've enjoyed this series from the beginning. This latest installment brought together many different threads. I'm looking forward to the next book.

---

## **Sarah says**

### **Fast paced**

A step up in pace from the last couple of books in the series, especially towards the end in Birmingham. Interesting to see the characters from different books meeting at last. Onto the next instalment

---

## **tanya cassidy says**

### **Another great read**

Brill from start to finish.. kept me in suspense n rooting for the survivors to win. Would highly recommend these books

---

## **Andrew Ward says**

Another great read, the best Post Zombie Apocalypse series that I have found. As soon as Frank releases a new book I buy and read asap

---

**Caitlin Obando says**

I'm far more interested in Bill and his crew than I am in a bunch of flashbacks

---

**Liz (Quirky Cat) says**

[

Warnings first: Two of the characters (for the sake of spoilers, I won't

---

**Jennifer Oliver says****Looking for next book**

Could not put it down. Please write more Frank. Amongst the best zombie series out there. . . . .
