Review by K.M. : "This volume lets you see just how the characters change and grow in their own ways, but some don't want to change too quickly."

VampireAngelSadist says

I just realized how boring the anime was, I got until season 2, episode 30...? I think. But they stretched out the whole Shugo Chara books. There are only 12 Volumes and 3 seasons?!? It was hilarious and I loved it, i think I would have been better off reading the Manga first and then watching the Anime.

Laura says

Story is getting more complex and adding more depth. I wanna know more about history of Ikuta and Tadase.

Krul Tepes says

I remember this part! I love the new guardians! At first I thought they wouldn't be a major part of the story but boy, was I wrong! I was really suspicious of the green hair boy because he was acting weird and secretive. The new blonde girl was downright snobby! She had boys drooling at her feet but as the series went on, she made me laugh so much! I did learn something from this book though; each guardian didn't become one just because they got good grades, no they had to have a past story they don't want to share. That is why they have characters; they want to be someone else.

H.orses says

New people can be a bit freaky and this book shows that all too well. I missed the others. Why did they have to graduate so fast? Why do these books go so fast?

Allie says

Not as good as the other ones.....it felt like a major filler.....

Naomi says

I love Shugo Chara and I loved this volume. With diamond and utau teaming up and amu and el teaming up. It's just awesome. I love utau's diamond outfit, I hope amu's looks even better! I love shugo chara and I'd suggest it to anyone. And Rima's shorter than everyone else, just like me, I like lean even more about her past.

Lauren says

Amu was a great character, she was a little whiny at times but overall she was able to fight and stand up for what she believed in. I liked her relationship with everyone else.

The guardians added some comedic humor to the series and you can't go wrong with a little battle magic.

For fans of Sailor Moon and Tokyo Mew Mew.

Bianca Wilson says

I already have the manga to this.

Annie says

Aaaah!! this is an amazing and inspiring manga about a girl who seems cool and collected on the OUTSIDE, but shes really a nervous wreck. take my advice and read it. It also has an anime that's complete, and had me basically bawling my eyes out. (I hated how it HAD to end!) :) Hurry up and go get the manga! Go!!!! (I'm totally doing you a favor. No need to thank me.) :) Happy reading!

Timothy says

At first what I thought would be a Card Captor Sakura clone aimed at a younger demographic, I'm glad to see that both the story and the humor of the series has been pretty strong ongoing. I busted a gut when reading about Rima's closet hobby and the way it was revealed. The series continues on strong.

Maranda says

I don't like how Tadase only likes Amu as Amulet Heart and not just plain Amu. But that ice cream scene was really cute.

Amanda Setasha Hall says

I just... I'm so confused. This one started off pretty good. But.. But I mean...
It's rated T and it got insanely perverted. Like what even. I will never look at ice cream the same way again.

Erica Lin says
