# Winters' Snow

*Carrie Hope Fletcher*

**Winters' Snow** Carrie Hope Fletcher

An exclusive On the Other Side novella featuring the characters Vincent Winters and Evie Snow

Prove yourself worthy.

Prove yourself true.

Fight like you didn't

and she'll come to you.

Evie Snow was the love of Vincent Winters' life, and of every lifetime he would ever live, but they didn't get the ending they wanted. He never stopped loving her though and he never, ever, forgot about her.

Suddenly Vincent has the chance to right an old wrong and to finally prove himself worthy of Evie's love - he just needs to get to her first.

As Vincent begins the journey of a lifetime, he learns more about love than he ever thought possible, and somehow, some way, he may also find his way back to the only woman he ever truly loved . . .

## From Reader Review Winters' Snow for online ebook

### curiousrei says

This year Carrie Hope Fletcher's *On the Other Side* turned out to be one of my favourite reads of the year, so I was thrilled to hear she had written a short novella sequel for it. I pre-ordered it instantly, but upon reading *Winter's Snow* in just one sitting I left feeling more than a little disappointed with this piece.

One of my main concerns with this novella was just how short it truly is, just 41 small pages in length, making it more a short story or novelette than novella. I felt this left little room for depth and development in regards to both character and plot within the story Fletcher was trying to tell. In addition to this large portions of the story felt as though they had simply been lifted straight from *On the Other Side*, merely extensively condensed to fit the far shorter word count. This left me feeling as though characters were flat and much of the plot forced, which truly saddens me after how much I cared for these same characters in the main story.

That is not to say Fletcher's writing falls short. Though a little more lax with cliches than her writing had appeared in *On the Other Side*, *Winter's Snow* holds just the same deep and welcoming warmth I found in the original story. So much of Fletcher's personality shows through her writing in the best ways, but I maintain her writing is at its best when not confined by word count.

What I came to enjoy about this story most, however, was the small nods to *On the Other Side*. Though each scene was short and quickly concluded, I feel these glimpses into Vincent's point of view helped to flesh out more of the magical world Fletcher has created. My only wish is that things would have been taken further than they were, beyond Vincent's lifelong yearning for Evie and Eleanore's failings as a mother.

Though *Winter's Snow* did not give me the same level of satisfaction I was granted after reading *On the Other Side*, I would recommend it still to anyone hoping to see more of Fletcher's work. As for me, although I found short moments heartwarming and interesting, I don't believe this story necessary to fully appreciate the world and story Fletcher created, having gained a much stronger sense of closure and satisfaction upon reaching the end of *On the Other Side*.

### Inês says

Short. Sweet. Snow. Strange. Lovely. Cherries.

---

### Lia Ung says

\*4.5: Wowie.

---

### Katey Lovell says

Loved this additional insight into Vincent's character. What a lovely companion novella.

---

### **Silke says**

cute and charming. A short story filled with love.

---

### **Winterhummel says**

Ganz großartig. Der Schreibstil ist so eigen und so gut einfach (was ich in der Form echt nicht erwartet hätte). Die Geschichte ist auch anders als gedacht aber um Längen besser als vermutet.

To honor *On The Other Side* and in preparation to Carrie Hope Fletcher's upcoming book *All That She Can See*, which will be published on the 13th July, I finally got myself to read *Winter's Snow*.

I was so happy to have the chance to go back into the world, or afterlife, of Evie and Vincent. It was interesting to find out what Vincent had to do to get into his personal heaven and to end up with Evie again. That was something I already asked myself after finishing *On The Other Side*.

Furthermore, it was nice that this novella also featured other beloved characters, like Mr. Liefte and Sonny, instead of just Vincent and Evie.

I also have to correct myself, when it comes to Evie's mother, Eleanor. In my review to *On The Other Side*, I said that you simply have to hate her but, well now I feel a little bit sorry for her, being stuck and unable to get into her personal heaven due to her feelings of guilt.

Well, what can I say, I already cried during the last chapters of *On the Other Side*, and I knew that this wouldn't be different when I read the novella. I think it never took me so long to read 40 pages. I hope that her next book, won't be so emotional for me.

However, I'm already counting the days until *All That She Can See* will be released and I hope that the postman will deliver my pre-ordered copy in time, because recently, I had some problems with my orders. However, I believe that her new book as amazing as her other books, and even if it's only as half as good, I will be happy because I love her style of writing and the unique story lines.

### **Nishat says**

Yay perfect conclusion!

---

### **Jillian says**

Rating: 2.5 stars

Kind of felt unnecessary since it was so short. I think it would have worked better being bonus content in On The Other Side rather than its own book. Most novellas are much longer than 41 pages, so it almost felt like a waste of money for something that doesn't really add to the main story

---

### **Johanna Mühlberger says**

Awww cute! And the perfect ending to a beautiful love story?♥?

---

### **Kathi says**

Carrie Hope Fletcher's novella Winters' Snow of On the Other Side tells us the After Life story of Vincent Winter, Evie Snow's love of her life.

Winter's Snow is a really short novella, so the plot happened very fast, but I loved every bit of it. Reading Vincent's attempt to reach the After Life and finally see Evie again is very well written. I just can't get over the fact that Carrie writes in such a beautiful and magical way. I fell in love with her writing. Reading it sounds like magic!

It was really lovely to hear from other people we got to meet in On the Other Side again. Some of them deserve far more back information than we have now.

Reading this short book was a really lovely thing and I am happy I managed to do it before my exams. It filled me with a lot more spirit.

### **Kyo says**

Really good novella to On The Other Side: an incredible quick read (it's only 41 pages), but still well-written and very beautiful!

---

### **Ellen says**

Lovely little novella - wonderful addition to the main story. Not inherently festive, but still a wonderful little snippet to make you all warm and fuzzy!

---

## **Bella says**

3/5, B

Nice little ending to the actual book :)

---

## **Ema says**

This little novel was so great :D

Short and to the point making a beautiful job of closing the story and giving it a finish to remember!

Definitely recommend to read it after finishing the book 'On the other side'.
