Yakitate!! Japan, Volume 11 Takashi Hashiguchi

Kazuma and company face another uniquely unconventional challenge in the semifinals of the Monaco Cup--they must prepare tasty loaves of sports bread that will satisfy the needs of F1 racers. This time, though, Pantasia's opponents are the dreaded Kayser Brothers of France, craftsmen whose seemingly unsurpassable skills--and very freaky appearances--have sent lesser bakers into early retirement. Will an audience with the King of Monaco give Kazuma a much-needed edge? And what on earth is a sports bread anyway?!

Earl says

The eel bread looks disgusting at first sight, but then I guess it's something for a Schumacher to try out.

Kayla Eklund says

I don't know if it's because I'm not reading them back to back anymore, but this volume was hard to get into. I found the first 1/4 of it to be boring. Later on in the manga, things got better. It did still have it's funny moments as well.

Andrea says

Read October 8, 2015

Not for the faint of heart. That Kayser brothers' final form is too much to handle.

William says

Although the plot was little more realistic than the last book, I miss Tsukino. Let's hope the French storyline resolves itself soon. (Sophie is nice, but she's no substitute.)
