A Knight of Passion

Tarah Scott

A Knight of Passion Tarah Scott

Lady Riana Ellis will risk the fires of Hell for those she loves. Can she let a man do the same for her? As whore for the Duchess of Arundel, Lady Riana Ellis keeps her sister safe from the duke's lascivious desires. Now the duchess demands that Riana murder the man already sent to her bed. Sir Bryant Cullen determines to have the duchess' whore. Her land is a prize, but it's her secrets he wants. Once he knows what she knows, he will control one of the most powerful houses in Scotland. And she will be his.

Carisa says

This book disappointed me and it was just one too many in this month, so I'm not in the mood to write a review. Only a message to my GR friends, skip this one.

Julie Ramsey says

Knight of Passion

Lady Riana would do anything for her sisters safety. With her husband and father dead, there is no one to protect either of them. The Duchess and Duke of Arundel take them in as wards. Riana is made to be a whore and full fill the Duchesses desires. Man after man are sent to her. Riana left with either become a whore or let her sister be taken by the Duke. She does what she has to to protect her sister. Now the Duchess wants her to poison and kill a man sent to her. The Duke and Duchess, in the quest for more power, using Riana's sister as a pawn, force Riana to do the unthinkable. So she will keep the man, and the duchess who is watching, occupied while a friend and her sister escapes. She can do it one last time to protect the one person she loves. Sir Bryant, is not who the Duchess wants dead, but keeping up the rouse to allow time for the escape, they have a night that change both of their lives.

Who doesn't love medieval knights, courage, lust, murder, quests for power, hero's and love? This book really has it all. You have 2 women put in situations out of there control. A sister forced into a unbelievable position to save the sister she loves. Sir Bryant, just happens to be in the wrong place at the wrong time, or from Riana's point of view, the right place and the right time. One night changes both of their lives forever. AWESOME story, even with it being a little short, well worth the read! Thanks Tarah for the GREAT BOOK!

Amber Daulton says

The book is an erotic historical romance and takes place in Scotland in the 1300s. Lady Riana is widowed, her lands and fortune has fallen under the care of the cruel Duke and Duchess of Arundel, and she and her younger sister are now the Duke's wards. Riana is used as a sex slave to service the Duke and anyone of the Duchess's choosing while the Duchess watches. When the Duchess orders her to seduce and murder a man, Riana has no choice but to comply or risk her sister's life.

Sir Bryant doesn't know what to do with the naked woman in his bed. He knows she's not there willing but they have the wildest night of passion either has ever experienced. By morning, he's half in love with her and decides to use her to his advantage to take down the evil Duke and Duchess.

Their romance happens quickly but it's believable even though the entire book takes place in about five days. Their chemistry sizzles.

I definitely liked strong-willed, defiant Riana. She was determined to save her sister, Siusan, from the same fate she suffered, rescue Glen from prison, a disabled man she loved like a father, and later to save Sir Bryant

from an assassin after he managed to free her from the Arundel keep. Despite the things she'd done and the men she slept with, she didn't hate herself and she shouldn't. She knew she had no choice in the matter and she just wanted to survive.

Sir Bryant was the typical historical romance hero. He sleeps with the girl, falls in love with her, doesn't trust or respect her enough to let her in on his plan to save the day, so she takes matters into her own hands and falls into a trap so he has to save her. Now, had he told her everything he knew before she almost sacrificed herself to the Duchess, the story would've ended about 40 pages sooner. Don't get me wrong, I liked Sir Bryant, but he seemed to respect Riana more when he had to fight to get her to accept him. Once she finally did, he tried to keep safe on a pedestal and kept her in the dark about some important issues. I was a little confused at times with the Scottish and English historical backdrop. I think more details from the author about whom these real-life characters were and the battles they faced would've helped better explained the fictional characters' motivations and actions throughout the book.

Though well-written, the book could use a light edit. There were a few typos here and there, but nothing major. I've had this book on my Kindle for a few years and I really enjoyed reading it.

Lynn Worton says

I won a complimentary copy of this book from the author in a competition.

This is an extremely hot historical romance. I loved it!

Lady Riana Ellis is a wonderful character. I really liked this feisty, determined woman. She is basically a slave, forced into prostitution by the Duchess of Arundel in order to protect her younger sister from the attentions of the Duke. When Sir Bryant Cullen enters the room instead of the expected knight, all of her secret plans go up in smoke. Can this knight save her and her sister?

Sir Bryant Cullen is also a wonderful character. I liked this knight very much. He is an honourable man, though he can be ruthless when needed. When he finds Lady Riana in his bed, he can't believe his luck.

I was extremely excited when I found out I had won this book. Having read two other historical romance books by this author, I knew I would be in for a roller coaster ride of action, adventure, danger and romance. I was right, because when I started to read this book, I was quickly hooked and didn't put it down until I had finished it. This book is told through both Lady Riana's and Sir Bryant's points of view. I love this, because it allows the reader to get to see their thoughts and feelings.

But, one thing I was not expecting was the sheer heat that this book has! The author did put a warning in the book for me and I quote, "This one is hot. Keep something cold nearby to drink when you read this book.". The chemistry between Lady Riana and Sir Bryant is sizzling! Their passion is so hot, I'm surprised the pages didn't burst into flame! There is also one scene that contains anal action, so if you are offended by this, this book may not be for you, but it's done in such a way that it feels natural. This is definitely one of the hottest, erotic historical romances I have read so far this year.

I also love the historical aspects of the story. Set in the Scottish Highlands in 1338, this book takes a reader back to a time where England is still at war with Scotland and knights roamed the land. The vivid descriptions of the scenery and clothing, as well as the characters, brought the story to life. The Duke and Duchess of Arundel are perverse in their sexual predilections; the Duke is a pedophile and the Duchess is a voyeur. In a way, they deserve each other. I did like the older knight, Sir Neas Dunbar. He is a canny warrior and a kind man. This book is also full of action and danger. There are sword fights and attempted assassinations, which kept my heart rate high. There is also one scene with a prison warden that made me shudder and left me feeling a little uncomfortable. However, this did not ruin my enjoyment of the story. I reached the end of the book and was saddened, I wanted to keep reading!

Tarah Scott has written a wonderful historical erotic romance novel. I love her fast paced writing style and the flow is absolutely wonderful. I have another one of her books, not a historical romance but a paranormal one, sitting on my "want to read" list. I need to read that book soon! I am a huge fan of this author and look forward to reading more of her books as soon as possible.

Due to sexual scenes that are a little on the explicit side, I do not recommend this book to readers under the age of 16. I do, however, highly recommend this book if you love historical romances with sexy men and stubborn/strong females. - Lynn Worton

The TBR Pile *Book review site* says

Full review <http://thetbrpile.weebly.com/1/post/2...>

The beginning is a bit of an information dump. That passes, trust me, it is worth reading on. The book unfolds at a perfect pace with Sir Bryant falling in love with Riana. In order to save her and her sister he comes up with the plan to marry her. It's filled with twists, turns and steamy scenes that really made my toes curl. Passion is the perfect word to describe this book. The relationship that develops between Bryant and Riana is odd but intriguing and really well written. A Knight of Passion had me reading well into the night as I began to care for the characters and wanted them to find their happy ending.

The only reason this isn't 5 shiny stars (and it's a very thin line) is the information dump at the beginning and that she occasionally fell back into telling mode. Overall, this is a very entertaining, steamy read that I will certainly be recommending.

Beth says

Thanks Tarah for another great story. Riana will sacrifice everything including herself to keep her sister safe. Riana is sassy, smart, strong willed and courageous. Sir Bryant has to have her and will do anything to keep her safe. Bryant is tall, dark and handsome, what more could you ask for. A great erotic historic love story

Ronda Tutt says

Fan-F_@kn'-Tastic Read! Sizzling Hot!

Wow! I just got swept away by this fantastic historical erotic romance. I was totally memorized by the action and drama between the traitorous Duke and the Duchess as they instigated murder and as they schemed war between the clans in Scotland such as Sir Knight Bryant, Sir Dunbar, and The Earl Camden by using a whore by the name of Lady Riana Ellis as they try to gain power over Scotland.

It is amazing how much trouble can get started over one lady and as the Scotts say, it isn't the first time war was started over a lady. This has to be one of the best drama's I have ever read as the words came alive on page with such a clear visual I thought I was watching a movie. I was literally glued to the pages.

The connection between the characters held such fierce emotion and desire for each other that I felt it myself. The erotic scenes between Sir Bryant and Riana are sizzling hot as my favorite positions were beautifully written. So get ready for some steamy one on one while being watched in secret and out in the open. The reader can expect some sucking, licking, eating, anal and double penetration with a dil-do, my favorite a 69 position, rough and hard (Yeah Baby!), and some very tender sweet moments of making love.

As I was reading the story it brought out several emotions from the characters as if it was me being a part of the story, I laughed out loud at the humorous parts, I held my breath at the ending sword fight, and I shook my head at Riana's stupidity. I cringed at the sickness of the Duchess being a sick pervert of watching others having sex and getting off on it and my heart leaped with happiness with the beautiful Happy Ever After. I only wanted the story to last forever in the end and know more about the other characters and how their lives would turn out.

Tarah Scott, I am truly a fan and can't wait to read more of your writing.

Excellent Read!

Margaret says

Prisoner of a Duchrss

Used as a whore in political moves by a Duchess, she submits to protect her sister. But one knight rescues her from the Duchess gives her love and hope for a new life. A dark romance with explicit sex.

Dawn says

One of Scott's better reads. This is what I consider a novella (158 pages) and it is the most erotic book I have read so far. I am not sure if it is this genre that leave me feeling the romance falls flat, but I can't exactly say there was no chemistry between the two. The chemistry was sexual but in the end the H says ILY (I was hoping the h would too, she didn't but the H knew she loved him).

The plot was interesting but I felt again, that for a book this short, the author was trying to cram in too many sub plots and unnecessary secondary characters leaving me to feel cloudy as to what was going on. The end was abrupt but not as much as the last few I have read by this author.

I really liked the fact the h was a whore and the H although not pure, was on the receiving end of jealousy for a change. (so tired of the innocent h and rakish H themes).

Heat level was BLAZING with the sex scenes well detailed. I liked that a lot of the language was harsh (used the f anc c word) and was done well, enhancing the erotica without being foul or degrading.

I would recommend this to those who like steamy lusty reads.

Patches Braz says

The premise for this book, is a great premise for the book.

MS. Scott doesn't miss a beat with this book. She is an awesome writer. You never will be let down with any of Ms. Scott's Books.

Each one will lead you down down a rode in awesome ride of Characters.

I highly recommend all Ms. Scott's Books You will not be sorry.

Nicole Laverdure says

HOT & SPICY Medieval Romance 5 stars

I felt like reading a short novella and chose A Knight of Passion by Tarah Scott.

This is a great erotica romance starring two lead characters Lady Riana Ellis and Sir Bryant Cullen, it's filled with steamy sex scenes, very well written. Yes, some scenes are wild, but if you are reading this book, it's because you like this genre! Sexual intensity that keeps you reading! I love the role this author gave to Riana's younger sister Siusan. I could not stand the Duchess of Arundel for reason you will discover by reading this novella. I guess, Ms. Scott skillfully wrote her role so we do have to detest her! Beware, once you start this book, you will have to finish it. If you are a fan, of erotic romance, then this short novella is perfect for you!

Christina Joyner says

This is a hot read and I enjoyed this book. Lady Riana is unselfish, and always tries to protect others from the duchess and duke. Sir Bryant knowing she is a whore is still determined to have her for his wife. I'm not sure why he is so crazy about her, considering he thought she was going to kill his friend and she seems to want to give herself to any man. Overall a good read and has very hot sex scenes.

Natasha Blackthorne says

A Knight of Passion is one of those stories that just sweeps you away from the start. This is a very plot centered story with a strong external threat. The characterization is still very deep. I fell in love with the hero

and heroine and cheered them on every step of the way.

Lady Riana Ellis is a heroine in every sense of the word. She gives up her very soul to save the lives of those she loves. She has also given up all hope in happiness or safety for herself in this earthly life. Then she meets the man who has the power to change everything, Sir Bryant Cullen. Immediately, he senses Riana's character. He knows despite the fact that she must play at being a whore for the Duchess of Arundel's pleasure, this is a true lady whose every move is fired by determination, courage and loyalty. He knows she is a rose beyond compare and he vows to possess her completely and protect her forever.

But Riana has a problem trusting that anyone could give so completely of themselves to her without some other more sinister motive. The conflict between the couple centers around learning to trust each other. Even as they struggle to overcome their own conflicts, their enemies are closing in on them. They must pull together and fight as a team or risk losing everything.

This story is full of romance and high adventure while also being extremely erotic. It has a deep feeling of being really back there in the days of knights and their damsels, when honor meant everything. Scott's prose is beautiful and easy to read. I LOVED this story and can't wait to get started reading Tarah Scott's new release Lord Keeper.

CassandraG says

Certainly had that! And in droves. When Lady Rihanna first meets Sir Bryant it's a case of mistaken identity. She was forced into trying to kill a man in order to protect her younger sister. The man was supposed to show up. Her Benefactress the Duchess of Arundel was to watch and the devilish deed was to be done. Luckily for the intended target, it wasn't carried out and Bryant had an interesting time even if there was unwanted company hidden away and watching everything unfold. Eventually Rihanna manages to get her sister spirited to safety and then she has to thwart a new attempt against her new husband Sir Bryant. It was good and the characters were enjoyable the supporting characters were good and the evil ones, well; they were just plain evil and deserved everything they got. If you like a quick medieval romp that has lots of steamy moments, give Knights of Passion a try.

Sibylla Matilde says

Good book... like that the heroine wasn't some little innocent (far from it)...wish it had been longer, but was very hot.... had a little problem with the scene w/ the warden, but actually think I liked the book better because it did make me uncomfortable.
