Poor Siana had it rough all her life then along came Keon her Prince charming who came and rescued her messed up life or so she thought. Keon turned out to be a snake and he only wanted Siana for his monetary gain. Fast forward to her moving to Atlanta and leaving the b.s. behind thanks to Darryl she's off to a fresh start until she finds out he's on some shady ish and somehow ends up with the last person she least expects Dolce....I hope Diana and Dolce will get their happy ending

Gotta love yourself before you can love someone else

Siana went thru so much but she was able escape only to be thrown back into danger again. Wasn't expecting Darryl to be up to no good but appreciates how Siana was what Dolce needed when he needed a friend. Can't wait to see how Dolce reacts once he realizes Siana is in trouble!!

OMG that ending!

This book was really good. Siana went through so much, and could never seem to catch a break. Dolce was a good dude. I can't believe Leah was like that. Darryl was trifling. I can't believe the obsession that Keon had with Siana. I can't believe that ending, and can't wait for part 2!

Awesome read and I couldn't put it down....page-turner. This book was full of drama and action from the beginning to the very end and it was amazing. Throw in all the twist, turns, jealousy, envy and suspense made this such a interesting read. Loved the storyline and characters and it flowed really well. Absolutely,

can't stand Keon and can't wait until he gets what he deserves and then some. Loved the way the relationship developed between Dolce and Siana and especially how Dolce didn't view Siana any different after learning her past and all she'd been through. A few errors with editing, but definitely didn't take away from the story at all. Amazing job as always Ebony Diamonds and can't wait to see what happens next after that ending, #850

Shake Up!

Siana was dealt some horrible cards growing up and the two people she believed in failed her. Dad left and mother was her most disappointment. Meeting Keon was a blessing or the devil in disguise. Keon is hell walking and has no respect for women but loves Diana out of all the women he is dealing with. After not being able to take anymore syanna finally leaves DC and moves away to the ATL to start her life new. With the help of a friend from work and a new start she's happy some old friends from DC April and Myna. Dolci is a boss in Atlanta, he has music business going on, drug business going on and not to be played with. With plenty of women at his beck and call but Siana seems to be on his mind. Keon is looking for new connect and it seems like dossi is on his radar. When the old girls from DC get in touch with Kiba mouth and tells Keon that Siana is in the ATL, all hell is going to break loose. Whoever is reading this please pray and I hope that the outcome is in the positive for Siana and the negative for Keon. But it's great to be a hell of a ride when they finally encounter each other. Love this story!

Kitani says

Myna and Kima are some jealous bitches and you would think they'd want Keon to themselves knowing why he's so pressed about Siana. When it comes to Keon they should've just threw the whole dude away! He has no respect for women and it's so easy for him to tell someone he loves them when his actions don't match. Dolce was arrogant in the beginning but I began to like him by the end. It was messed up what D and Leah did when they could've just been upfront before things unraveled the way it did. I truly hope Dolce realizes something is wrong before it's too late because after everything Siana has been through she deserves some happiness. Siana's mom and pastor sealed their fate years ago and that's one situation I didn't feel bad about. Siana was a lot stronger than what she initially seemed and I can only hope that her love for a trap god gets her out of her current situation and she isn't faced with yet another setback because of Keon. #850

Good

Here is the story of a young girl thinking she in love with an older man. When people are young love will make you do things you dont want to or believe what people tell you. Here we have a young lady who have it hard then meets prince charming but he is just the devil. When she finally gets away he still wont let up. It bad when a man determines you are his & always will be. Sometimes we get into situations & its hard to get out of. Keon had Sania & the other girls feeling as if they were worthless, nothing, but made to please him. We sometimes let people get i to our heads & then its hard to get them out. This book is good at all points because you can feel for everyone in it. Faheem gets to be himself & that's something he rarely gets to do. Lives changes for the better & people finally gets to heal. So ready to read part 2 to see how their lives go and if they end up happy.

Let me start by saying that I love this book. Believe it or not, so many women face these issues. Of course there is always some hating bitch in the bunch and Myan needs her ass beat. I'm so anxious for part two, I hope Dolce circles around and get Siana before it's too late.

Well ? this book had me feeling all kinds of emotions. Siana's mom was all kinds of freaking crazy, let's just say her and that plaster got exactly what they deserved ? Dolce was something else ? Keon was a straight crazy price of ? and Kima and Myna are both some stupid and Jealous females. Hopefully Siana is ok and nothing to crazy happens to her.

Yo !Keon has to die!!!!!

I can't believe Myna salty ass, but it's cool because I have a feeling that Dolce is really feeling Siana, it's just a messed up time for him right now. Leah that's why her ass wasn't really stressing him she was smashing the fam. D his ass should of been upfront. And the plot thickens...

Dang good book

This book was amazing. The drama that flowed from the beginning to the end was pure amazement. I love the way no Dolce didn't looked down in Sianna once he found out what she had been through in her life.

Keon is a BAN and I can't wait til Dolce find out he got her and make him pay for what he did to her and his sister.

Overall the book was Amazing.

Must Read

Crazy read! Siana went through so much starting at a young age. What her mother allowed to happen to her was crazy. I felt so bad for her. She thought she found a safe spot with the first person who helped her out. I believed he was a good dude to until his true colors came out. Keon made me sick. I couldn't stand that dude once the real him showed. Myna and Kima were too jealous chicks that made me sick. I wanted to slap the both of them. April and Ice were the only too that I thought were genuine. I loved Dolce. He was something else. He had his moments but he was cool. I felt bad for how he got played. D and Leah were foul for how they did things in this book. I am so ready for book 2.
