## Foxes Over Flowers J. Colby

Dear Author,

*This guy is perfection, I want that smooth taut stomach under my hands. But I know not to touch him. Were-foxes aren't the easiest kind to get into bed with; they're tricky and won't be pinned down by anyone until they've met their match. And I'm not the smartest guy around, not a Were either... but if I could just get my hands on this guy. I'd make it so he'd never want to get out from under me.*

*Come on author, help this guy catch a wily fox ;)*

### Photo Description:

A man wearing nothing but small black briefs, lying on beige carpeting, arches his back and lifts his hips upwards slowly and sensuously into the touch of a second man's hands.

This story was written as a part of the M/M Romance Group's "**Love's Landscapes**" event. Group members were asked to write a story prompt inspired by a photo of their choice. Authors of the group selected a photo and prompt that spoke to them and wrote a short story.

This story may contain sexually explicit content and is **intended for adult readers**. It may contain content that is disagreeable or distressing to some readers. The M/M Romance Group strongly recommends that each reader review the General Information section before each story for story tags as well as for content warnings.

I've been checking every day to see if the story to my prompt was up and today \*\_\* it was!!!

Didn't waste any time in reading it.

Super sweet <3 I loved Connor and Lorcán, J. Colby did a wonderful job with the characters. Connor was so wonderful and sweet with Lorcán, knowing just how to tease him and draw him in. Lorcán was just adorable, I spent the entire story wanting to just hug the crap out of him <3

They were both just adorable <3

## Meep says

The stars are for the first half, the first half is an abundance of 'Cute' with a fascinating Were-Fox character. I found the little we learned of Weres interesting and really wanted the chance to get to know Lorcán. An attractive but prickly push-me-pull-me character who obviously has a story.

Then the second half of the story happened.

Suddenly it's all *a ghrá* after one meeting and one meal a week later. I'd missed the earlier reference to Cork too so it really seemed to come from nowhere. And it's smut time. Not badly written smut, but that's all the second half is. I skimmed it, I wanted more of the characters, I wanted to know the whys of Lorcán's defensiveness, more about Weres, more interaction. I wanted the cuteness. Things were left unanswered as the smut took over.

A nice set-up, I'd like more of the verse and the chance to get to know these characters properly.

## Vivian says

Tentative tip-toeing in this were-human romance.

Very much a two steps forward, one step back kind of story, but it fit superbly to characterize Lorcan, the werefox. Adorable, but at some point wanted to smash them together--what can I say, I'm often impatient. Sweet and *cute*

Favorite quote:

“You just want me for my unplowed acreage, don’t you?”

Just a shade shy of 3.5 stars

Paranormal story set in Ireland. Connor is a gardener who one day whilst working looks up and discovers he's being watched by a fox, from his actions he believes that it's a somewhat elusive werefox. Later in a club he meets Lorcan, with the same green eyes as the werefox. Lorcan is as elusive in human form and Connor sets out to catch him. This was a fairly light easy read about the start of a potential relationship

## Lucy says

Very short, sweet and dare we say it? Cute

## Ami says

It started *cute* (I know, I know, sorry Lorcán!), I always loved reading that beginning of the relationship especially with one character as intriguing as Lorcán.

But then half-way through this short story, it went to well, smut (with Connor calling Lorcán *a ghrá*, where I thought they just went to one dinner?). And I'm bored with that (I know, GASP!). So I rushed through the end.

In conclusion, it was an "okay" one in my definition.

## Kelly H. (Maybedog) says

I loved this. It was so sweet. I loved how Lorcan behaved, clearly not like everyone else, the first story I've read where the shifter didn't fit in perfectly in society despite claiming otherwise. He was almost autistic and it was perfect. (I also have to add that the prompt picture was HOT.)

## Jeanne 'Divinae' says

Lorcán is a fox shifter with bright green eyes. He is very hesitant around others, but he is drawn towards Connor. Connor first noticed the green eyes on the fox while he was working on the garden, only later on to see those same eyes in the club. He put one and one together, but didn't want to wait for Lorcán to confess. Connor was smitten with the other man and spend time and patience on pursuing him. I only wonder why Lorcán is not used to being treated 'normal'. Perhaps because when people found he was a shifter, they pushed him away.

Thank you J. Colby. for this free story and thanks to all the other authors who participated in this event.

Very, very cute and foxy tale :)

**Trisha Harrington says**

I want more Connor and Lorchán! I think this would have worked better a a longer novella or even a novel. But it was still really nice.

**MostlyDelores says**

One guy pouts, the other thinks it's cute. Pouting guy is a werefox. It has all the Irish authenticity of a box of Lucky Charms.

**Sheri says**

Whaddya say?

Fox shifter?

awww, me likey.

---

**Elsbeth says**

Slow build to a mediocre ending.

## **Kristan says**

3.5 stars

A short, **cute** story about a gardener and a were-fox. It was a tease more than anything because I wanted to read more.

This story had strong characters and was the perfect little amuse-bouche to my day. Lorcan was shy and mysterious while Connor was patient and unguarded. The writing was very well done and the HFN ending was one done on a light note, which was sweet.

P.S. How cute is that book cover?

Recommended.

My thanks to the author for their time and participation in this event.
