**He's the one guy that's completely off limits.**

And the only one I've ever wanted. My brother's best friend.

I haven't seen him since I left for college, but he's back home for a while, and I am too.

My brother tries his hardest to get in our way, but the chemistry between us is too much. Taboo or not, he's going to be mine.

And after he is? I've got to hide the truth.

He's got too much on his plate, and we're keeping things casual.

No way he's going to want a baby. I can raise the little one on my own.

It'll be my little secret.

**Until it's not.**

### **Reva Parks says**

Serenity is back in town after earning her bachelor and master degrees in Child Psychology and immediately goes to dinner with her mother, father, and brother, Shawn. And who should happen in the restaurant but Shawn's best friend, who also happened to take Serenity's virginity in a two month whirlwind right before she went off to school six years ago. This is a cute second chance romance novella you will certainly enjoy as I did!

---

### **Jennifer says**

Serenity has loved Chase, her brother's best friend, for years. She has no idea he has wanted her as long, but they had their own paths to follow, and her brother would have killed him for even looking at her. They both end up back in their home town, for different reasons, but now they can't deny their chemistry. They try to fight it, but the heart wants what the heart wants, and when Serenity gets the surprise of her life, Chase is right there for her. This has a great story line, great characters, I really liked it!

### **Kathy says**

When the one you want just happens to be your brother's best friend what would you do? When feelings are so strong and you would do anything to be with the one you love, will you take the chance? This is a sweet romance story about second chances and true happiness. Enjoy

I Voluntarily Reviewed an Advanced Reader Copy of this book!!

This was actually a really good book. It was a first read for me by this author so I was pleasantly surprised. Second chance love story with older brothers best friend. It was a short read but all in all it was a good short read. I enjoyed it.

### **Cassie says**

Six years ago, they had a summer fling. Now they are older and determined to not let others come between them. Will they find their happy ever after or will others destroy it?

Loved this steamy quick read. I loved how both characters were determined to not let her brother stand in their way of rekindling what they had. Definitely loved how these two had a connection throughout the years

and how their families knew each other. Good read!

Such a cute and well written story. Had me swooning like crazy and getting pissed at certain parts. I totally became invested in the characters. Don't get me wrong, I wanted to slap Serenity a few times. Some just made me want to call her a friggin immature child, but it was still an addicting read that had me hooked.

Sigh! Chase and Serenity have everything going for them now that she's come back to town. Only one thing stands in their way: Shawn – her older brother, his best friend. This is a sweet and spicy little number, as adorable as it is sexy. I suspect there may be some real-life sibling drama being worked out in this book, because it reads so true. Also, the epilogue is utterly precious  
I received a complimentary advanced copy of this book from the author.

This was a great love story, of course when you fall hard for your brothers best friend its forbidden but when you give your heart to the only man you will ever love nothing will stop you. So when Chase finally sees Serenity again after their little courtship 6 years ago every emotion comes rushing back. He isn't letting his best friend keep him away from the one girl he had never forgotten. If you like HEA then you will love this story.

A second chance/brother's best friend romance, *My Little Secret* is a short read about a couple who have obvious chemistry. When Chase & Serenity reconnect after 6 years, their old feelings reignite with more heat than before. As they deal with an interfering sibling, as well as other issues affecting their personal lives, will they find that love conquers all?

I found the dialogue and plot to be quite realistic and enjoyable. Don't let the brevity of the novel fool you - it's a really good read.

I voluntarily read & reviewed an ARC of this book.

### **Ramona says**

Swoon worthy and Lovely...Chloe Morgan hits the right tempo in *My Little Secret*. The story of Serenity and Chase is one of love never completed. Yes, Chase is Serenity's big brothers best

friend and time away at College didn't change the feelings she had for him.

Chase has never committed to a relationship while Chloe was gone now if only he can win her heart admitted the other turmoil in his life.

### **Jackie Ziegler says**

Serenity has had a thing for Chase since she was a teenager.. Chase is her brother's best friend and older then her and her brother is totally against them ever having anything to do with each other. years have gone by they have gone to college and are now back home and rekindle their romance. Will love win the battle or will her brother have the final say? Quick, fun read

Read this in like an hour on a particularly insomnia-induced binge in the middle of the night. I was at a point where I needed something mind numbing to put myself to sleep, but this was so bad, it was almost good - the only reason I didn't dnf this. I honestly didn't/don't care for this story, and I had forgotten about it altogether until I realized I hadn't deleted it off KU.

#### **ONE DELIGHTFULLY SWEET READ!!!**

OMG! Heads up guys. This is one heart felt, exciting, heart pounding, pulse racing, smooth flowing, page turning delight that's as riveting as it is captivating. A whirlwind of emotions and events that really pulls those heartstrings. The characters and scenes are written with such realism it really pulls this little gem together beautifully. The characters are complex and believable with such depth and individuality its easy to relate. The scenes are so graphically detailed and descriptive it's easy to picture each scenario as they play off one another in perfect balance. All the drama, uncertainty, fear, strength, heartache and suspense increases steadily as the tension spirals while tension spirals as the tale unfolds. You can't help but fall in love with this story. The twists and turns, unexpected circumstances and unpredictable surprises make for one remarkable experience. Chloe did an excellent job bringing this read to life flawlessly. Incredible job Chloe, thanks for sharing this little jewel with us.

### **Jennifer says**

I am a huge fan of romance books and Mrs. Chloe Morgan has completely enthralled me with My Little

Secret. I am so glad that I had the pleasure to read her work. This storyline grabs you from the very first page and keeps you glued throughout. Chase and Serenity have loved one another for years, even though their hearts were crushed by her Brother, Shawn. Shawn is Chase's best friend and he strictly forbade them from dating. While they both went off to college, their hearts still yearned for each other. Now that they are both back home for good, in their small town, (for different reasons) they have a second chance at their happily ever after. Follow along as these two amazingly crafted characters melt your heart and then mend it seamlessly together again as they rekindle what was once perfect.

I was beyond fortunate to have requested an advanced reader's copy of My Little Secret in exchange for my honest/voluntarily given opinion and there is every single thing to love about Mrs. Morgan's book. I can not wait to see what is next from her.
