Sorting Out Silvia Violet

Jack, Gray, and Mason have accepted that loves comes in many flavors and settled into a three-way relationship. Things haven't been easy, and now that Mason has gone back to school and Gray is interested in a detective position, Jack is feeling lonely. His lovers aren't around very often, and he misses lying around in bed, enjoying the benefits of living with two hot men. But Jack has secrets. He's uncomfortable every time he puts his uniform on. He's never recovered from seeing Mason held hostage, and he's no longer sure he was meant to be a cop.

While stressing over his own future and facing pressure from Gray and Mason to bring their relationship out of the closet, Jack is severely wounded in the line of duty. His recovery, both physical and emotional might be more than their unconventional relationship can bear. Jack is going to need all the courage and support his lovers can give him if he's going to bring himself back from the dead and create the life he wants to live.

If you liked Fitting In, you'll definitely want to read this one.

This is the sequel to Fitting In, where I first read about Jack, Grey and Mason. I liked that story a lot and it was hot as all hell. Sorting Out fits into the hot as all hell category just as well as Fitting In. Damn if these guys don't get insta-boners as soon as a partner walks into a room and with a poly relationship, that's a lot of boners. Not that I'm complaining mind you, I'm just saying, it's a lot of boners.

I have to say I was put off a little bit in the beginning with "the misunderstanding". It really wasn't THAT big of a deal to warrant a sobbing hissy fit. I know it was a big deal to Jack, but it didn't seem to fit in with what I remembered from his personality in Fitting In. When I read about a grown man throwing a pan of caramel corn across the kitchen and then slamming the door to his room so he can sob, not cry, sob, I just can't buy it. It's a crime against snacks and kind of embarrassing. Not for any fully functioning adult do I buy that reaction. Man, woman, panda, kangaroo, nothing. I just want to tell him/her/it/they to "sack up for cripes sake". This is totally my own personal beef, it's just one of those ridiculous things that puts me off. So, when there was sobbing right at 4% I was not hopeful.

Then, the outside conflict came around and the story and the characters got much better for me. Jack was really the center to this story and I understood his confusion about his job and the stress of coming out publicly at work. It took outside forces and characters to give him perspective. He starts doing volunteer work at a youth shelter and there I got to meet Andy who runs the center and Henry who Jack will be mentoring. I liked both Andy and Henry a lot. They both contributed some realistic voices that the story needed. Henry is 17 and homeless, living at the shelter. He was a great character who had been through the wringer and came out wiser on the other side.

Honestly, given the conflict Jack and Grey were going through, Henry was the mature voice of reason. I purposely didn't mention Mason in the conflict there because Mason wasn't really conflicted on any of the issues it seemed to me. Throughout the story he was more centered, knew what he wanted and was supportive to both his partners. In the relationship, he was the rock this time around.

It can be confusing reading a book about a ménage relationship, especially during rapid fire conversations and sex scenes. I can say, once you get your bearings, this author can write dialog and sex that I don't need a schematic and a compass for which is much appreciated. It helps that the three characters are very different and it's easy to keep them separate in my head. The distinction is quite helpful, because sex is how these guys connect. I have to say, the dialog ran to the cheesy side, I just can't imagine real people talking like that, but they got off on it, so who am I to complain?

If you liked Fitting In, you will definitely like this one too. Everything was wrapped up with a minimum of angst and felt a little too glossed over, but it was good to get some resolution in their relationship and to see how far they've come.

I rated the first book and I said that I would recommend it but book 2.... nah. First of all Jack was a real whiner in this one. He seemed much stronger in the first book and in this one he just could not deal with feelings. He continued to whine and be unsure of himself and it was really unattractive. The only reason this book got two stars for me was because of the really hot BDSM scenes. Wow! they were hot but the rest of the book failed for me.

I really enjoyed this follow up to *Fitting In*. The men have settled into their relationship and are very solid, but outside issues that were hanging around them in the first book are about to come to a head.

This part of the story is told from Jack's POV. We came to know Jack as the solid voice of reason, always able to express what Gray couldn't in the first book, but inside Jack is not so secure. With Mason back in school, and Gray considering taking the detective's test, Jack is feeling lonely and unsure of where he stands professionally. Jack has not completely dealt with what happened when Mason was held at gunpoint, and is worried about what will happen if he and Gray are no longer partners on the job. Gray also still wants to come out about their relationship as does Mason. Jack is growing frustrated and depressed, and when he is injured and out of work, he withdraws into himself and away from Mason and Gray.

While Jack is struggling, it is clear that the men are still completely in love and devoted to each other. There is still plenty of emotion combined with a lot of hot sex between the three. There are a number of new secondary characters introduced, a few of which seem to be ready for their own story. I enjoyed Jack's realistic struggle, which was emotional, but not overly angsty and I loved where their story ended up. I'm hoping for a book from Gray's POV, but would be satisfied if this installment ended their story.

3.5 stars rounded up to 4 stars

After reading *Fitting In*, I just couldn't wait to revisit **Mason, Jack and Gray**. I loved the dynamics between them in the first book, where they came together as a threesome and I was so curious to find out about how **their relationship developed**.

While the first part was very heavy on the sex, this part had much **more plot**. And that's what I really liked. Problems and impending decisions, mentioned in the first book have been picked up and the couple was **facing some major changes**. It was very interesting to see all three of them handling the different situations; they made room for **character development**.

Compared to *Fitting In*, where the story was told out of Mason's POV, *Sorting Out* is focussing on Jack, who has to struggle through a difficult situation. I really felt closer to him and I liked to get a different perspective on their relationship.

It was very interesting to read about an **established couple in a threesome** and about the way they handled everyday life and all its implications. All their struggles and their emotional reactions felt credible, we didn't have any over-the-top drama. Unfortunately, the **sex felt a bit repetitive** and I saw myself enjoyed the plot elements far more than the sex.

I really loved reading about the **engagement of one of the MCs in a youth shelter**. Henry was an awesome character and I hope to read more about him too.

I already got a look at the **third part of the series** and I was **hoping to read more about these three sexy boys** - I really thought that we would get **Gray's POV**, but apparently, the third part of the series is going to focus on a character we met in this part - **Bryce**, a sexy firefighter who is new in town. Together with Mason, he is working as a bartender in Nathan's. I'm looking forward to read his story, but I really hope that we will **get more of Jack, Mason and Gray too**. I would love to know how several aspects of this story turned out in the future.

4 stars!

Really, really wish I could rate this 3.5 stars. I rated the first book in the series 4 stars, and while I enjoyed this one, it wasn't quite as good as the first book, which I re-read before reading this to refresh my memory on the characters. Not too sure why, but one thing was that I actually felt like there was too much sex in this book, and it seemed to just like interrupt the conflicts and plot in the story. I also had some troubles with the narration and which character I was following as I read. I love this trio of guys, especially Jack and his storyline.

Tina LoveBooksDK says

Not as good as the first book! I am sorry to say that there was too much sex and too little of everything else!

Sue bowdley says

We're back with Mason, Jack and Gray and this time we hear from Jack's POV.....He's not faring too well.....They are still hot together and the sex in this one is just off the charts.....Double penetration anyone.....When Jack's shot rescuing Gray it makes him wonder just who he is and what he wants to do...He's still struggling with Mason's hostage ordeal from book one and he's keeping himself from his partners until Gray and Mason step in....I loved this one so much....Jack's volunteering at the youth centre and oh that coming out scene at Nathan's.....That was the best coming out scene I've ever read.....We meet Henry and Bryce who I'm thinking will be the focus of the next book...hopefully with a third.....This is a great series and I cannot wait to read Fitting In 3 x

2.5?

This story was hot but
there were too many sex scenes and too little of a story in my opinion.

This is the sequel to Fitting In

Jack, Gray and Mason are still together, they have settled into their three-way relationship.
This was more of a little cute little filler for me, Mason is still working as a bartender but he's back on school, Gray starts thinking about accepting a promotion as a detective and Jack struggles with the idea of being 'out' and what he wants dedicate his life to -part from his partners-

Is was in Jack's POV, I struggled with the amount of ANGST he had inside, I was stressed out and jumpy just by being in his head, nothing really captured my attention, guess i can say it was okay.

S.E. Jakes says

I read this out of order and I wasn't confused - Silvia does a good job of catching you up quickly and easily through dialogue between the characters. Very hot, very angsty...a really beautiful story too about living your dreams / how much of your personal life you should be forced to hide, etc. And also, having people you love pull you out of a dark place. I'm obviously a firm believer in the concept of 'healing' sex - she does an awesome job of that here :)

Anke says

That was fast, might be because there wasn't barely a story in between all the sex scenes.

****4 Scorching Flaming Stars****

This is the second book of a four part series and luckily I invested in a stronger fan to cool the flames that erupted on my kindle after reading this one! I loved that Ms. Violet switched this one to be told from Jack's POV. Gray, Jack and Mason settle into the routine of their relationship with Mason going back to school and Gray getting promoted to Detective, which ends Gray and Jack being partners together in the police department. Now the pressure is on to "come out" to their colleagues at the station. Jack is assigned a new partner on the squad and Gray begins investigating a murder/drug deal. The plot takes a sudden twist as Jack is severely injured attempting to save Gray's life. Now you might ask yourself, with Jack injured, that the steamy sex is out the window? No way! Gray is very creative in the bedroom, playroom, etc. and displays his dominant side towards Jack and Mason while working his magic around his injuries. As Jack is recovering, he becomes bored and decides to utilize his cooking skills at a youth center. We meet Andy and Henry at the youth center and Jack begins mentoring Henry in cooking. Ms. Violet steams up the relationship as Jack is fully recovered and my kindle went up in flames again! On to the conclusion of Gray, Jack and Mason's story in Going Deep!

I liked it, but didn't love it like I love the first book. Review when I get back from my vacation.

3 Stars....Maybe A Wee a Bit a More~

I still adored these men, but the writing style it still feels like *Third Person Omniscient* ~narrated by Jack, and I must admit in some books it seem to not matter, but in this one for me it did. But, gosh, Jack, I adore him in this book and in book 1 he was always my fav~and the reason this book is a tad bit higher in the ranks than book 1 ♡?

I loved this sequel to Fitting In, and am so glad to see that my guys are now in a proper menage relationship. 4.5 stars and ♡♡♡♡ from me.

The sex was hot as per usual, the shooting not so pleasant but Gray and Mason gave Jack plenty of space and time to work his way through the situation although he didn't seem to *want* to get himself together; having said that, what do I know about being shot?? I'd probably be going through exactly the same nightmare scenarios as Jack did. Loved the voluntary work Jack was doing at the LGBT centre, and Henry, oh Henry. ..you poor love, AND the coming out with kisses and everything at the bar, hehe. And as for Mason's hot new bartender buddy (and firefighter) Bryce, well Silvia assures me that **he'll** be getting his own story, along with possibly Henry and A.N. Other...who shall remain nameless at this stage. Many thanks Silvia.
