Carla (Carla's Book Bits) says

I have something stuck in my eye.

(really just sobbing)

Amber ?♥ says

I'm not crying. YOU'RE crying.

I can't believe that it's over! I've loved this series so, SO much and I've fallen in love with Chi, her family and her friends. It's the cutest, warmest story I've read in such a long time and I know I'll revisit these volumes time and time again.

Seriously, though. I said it in my reviews of the last three books and I'll say it again: If you like cats, warm & fuzzies, and enjoy adorable art...why haven't you read this series?! WHAT ARE YOU WAITING FOR? GO! GOO!!

Ps: That final scene hit me SO hard. UGH.

Jaylee says

I CAME OUT TO HAVE FUN AND HONESTLY I JUST FEEL SO ATTACKED RIGHT NOW.

i spent the entire book crying so like THANKS CHI. *GROSS SOBS*

Meonicorn (The Bookish Land) says

I was crying the whole time.

Molly says

AUGHGHG, so cute and so nerve-wracking! Chi must choose between her adopted home and her original home. Again, whichever reviewer called this "relaxing" is a nonsense person who is to be ignored. Chi's Sweet Home, however, should probably be read multiple times in order to *become* relaxing, once you know that everything turns out fine. Maybe that's what the reviewer meant. Sorry, reviewer. Maybe you aren't a nonsense person after all.

Jennifer says

About 3/4 of the way through, i started crying and couldn't stop even when i got to the end. Sad tears and happy tears but man do i have a love/hate with feeling that intensely for characters.

Tina says

I've seen a lot of reviews stating that this is a cute and simple story, but I have to kind of disagree. (Except on the cuteness, it's *darn* cute!). This last volume deals with pretty deep issues (identity, family, home) but it's so well presented that it seems simple. Kanata Konami's way of telling and presenting the story is pretty clever if you try nitpicking it. She can capture a feeling/the atmosphere in a scene with just a couple of frames and she's great at pacing. The story has it own pace and it felt very obvious to me as a reader when the story ground to a dramatic halt or sped on for the more exciting parts.

And I hadn't realized that this was the last volume, so while the ending was perfect, I got a slight shock that this was the last I was going to read about Chi. I've enjoyed this manga a lot!

Mateen Mahboubi says

As sweet as the previous 4 volumes. Prepare yourself for lots of feelings.

MillaMaxwell says

I enjoyed this compilation volume overall, since Chi is adorable and I love her adventures with her friends and family, but this volume just felt like it got really over-dramatic all of a sudden. Chi's Sweet Home really shines when it is telling cute and relaxing slice-of-life stories about Chi exploring the world around her, rather than making the poor kitten make life-changing decisions full of drama. That said, while this isn't my favorite Chi book, it's still a pleasant read and I'm sad that the series is over now.

Anna says

LOVED this! I read this within an hour and ten minutes. This was sweet and cute as always with adorable drawings. Those cats are so stinkin cute!

[SPOILERS AHEAD]

I was so happy that Chi/Sarah reunited with her cat mother. It was nice closure and I loved that in the end the cat mom let Chi/Sarah pick which family she wanted to stay with. It was heartwarming when Chi/Sarah was

running to find his human family and I was so relieved that they found each other. This had a wonderful ending and it was an awesome series.

Abigail says

3.5? 4? Either way, it was sad and I totally didn't cry.

abby says

So I didn't *plan* to read four volumes of a comic series featuring a tiny, never growing, kitten named Chi and the Yamada family that adopts her, but once I started I couldn't stop. In this final volume, Chi finally accepts that she is, in fact, a cat. She is reunited with her mama cat and has to make a choice about the real meaning of the word home. There are happy endings for everyone, including the poor, forgotten Cocchi. I didn't expect, with the adorable cat imagery and comic format, that I would close this book having *felt* things, but illustrator/author Kanata Konami does an excellent job of weaving together lighthearted cuteness with a real story arch. The Chi series is something that will appeal to children and cat loving adults alike.

Laura says

Cute and charming conclusion to Chi. Nothing blew me out of the water, but it remained consistently adorable and endearing. Good popcorn.

H says

Sweet little Chi is back in her final volume. She learns that her family is different than her. (Spoilers: they are not cats! Really!) Isn't that a lovely sign that a person (or cat) is part of a family and only noticed the love, no the differences?

But all is not well in this tome, Chi is reunited with "the Momma," who is in fact her birth mother, through a meeting in the park and a LOST poster. She goes to live with her biological family but what happens when her other family comes to say good-bye before leaving for a land far away?

Minseon Held says

i'd give it six stars if i could
