The Escort: Part One

Harmony Raines

The Escort: Part One Harmony Raines **Part of a Series - Contains Cliffhangers**

Successful curvy girl Max has an important charity dinner to go to, organised by the banking firm she works for. A thing she dreads every year, because she never has a date.

But this year she isn't going alone.

When her best friend suggests hiring an escort for the evening, somehow she agrees. She soon realises it's a mistake, but a surprise encounter with a work colleague means she can't back out.

Adamant there will be no "extras" involved, Max is shocked to find herself falling for him, despite reminding herself none of it is real.

However, when the evening ends, and business is over, he tells her he wants her. In his bed.

But Max soon finds out he's not what he seems. The real question becomes; who is he, and what exactly does he want from her?

Book one of a three part series. With cliffhangers.
Suitable for adults only.

From Reader Review The Escort: Part One for online ebook

Denise H. says

First in a trilogy. Maxine, "Max", and Dan are perfect for each other. He is smitten right away. She hires him to be her date, but he truly falls for her and won't take the money. This delightful tales worth the time. Be sure to get all three parts and read them in order, then read Robin's story in "A Curvy Christmas". Sizzling between the sheets, interesting deep characters and realistic people make this story great. I usually am upset with cliffhangers, but all the parts were already out, so no waiting !! ENJOY !!!

Marilyn Vix says

This was a good spin on the male escort trope. I wanted to read what was out there on the subject of male escort romances. Loved the whole strict banker type lead female falls for cute, stud of an escort. But all the complications are fun, esp. the surprise ending. Making my way through the series. Enjoying it!

Danisha Wade says

The Escort

This book was really good I can't wait for the second one to be out. This is Max and Dan's story part one. Max needs a date for a charity dinner at work so her best friend hires her a escort named Drake. She decides to meet him the night before the charity dinner to get to know each other. They meet at a fancy restaurant that she picked because she figured it would be more private. Max is very nervous and is about to leave when she runs into a coworker when she goes to introduce them she finds out his name is Dan not Drake. The more she gets to know him the more she starts falling for him but she has to keep reminding herself that she paying him. You see Dan is very handsome and according to Max who is a BBW the only reason he would go out with her is for the money but Dan really like s Max. Dan Isn't who Max thinks he is. Find out what happens by reading this book but remember this is a 2 part book so it will leave you hanging at the end.

Abby says

I was pretty excited to read this book, and it was a huge disappointment. It's riddled with typos. The spelling errors and improper use of punctuation is enough to cause nightmares. If you can get past that, the first installment has an interesting storyline, but there's no mystery as to where things are going. I stopped reading halfway through the second installment because the story was simply becoming far too ridiculous. I would absolutely recommend against purchasing the next installments in this book. The only thing they hold is disappointment and more poor editing.

Maria Nickerson says

This book showed how hard it was for Max to trust Dan. He tried so hard to show her the way ,and just when she let her guard down, everything fell apart. I enjoyed this book .I can't wait to read the next book.

Jory says

Bless Kindle Unlimited. It has gotten me to start reading free smut. The only kind of smut that I like.

If you get past all of the grammatical errors in this book (SPELL CHECK MUCH????) the story is just meh. It centers around curvy girl Maxine, or Max for short, who can never find a date or a man. She has an event coming up at work that she can't show up alone to, so her best friend mentions that she should hire an escort to be her date to the event so everyone will stop thinking that shes a lesbian.

Max reluctantly agrees, and she calls and sets up a date with Drake (...or Dan???) for the event. They decide to meet first so they can get their story straight. One look at Drake/Dan and Max is hooked. I mean, the guy is an adonis. Of course he is, they normally are. Why can't smut have an average joe for once??? Like just a normal dude that doesn't have an eight pack of abs. I'd read that. Normal dudes need love too!

Anyways they end dinner and Dan (we'll call him Dan) mentions that he doesn't really want the night to end, so they decide to go dancing. The chemistry is ON FIRE and Max can't believe that this guy is showing interest in her. Well, Max, of course he is showing interest in you. *He's getting paid to* . So they have this wonderful night and Max decides its time to go home. But Dan wants a kiss. And Max doesn't want to pay for it. They kiss anyways, free of charge. And Max is smitten. (TYPICAL TROPE!!!!)

The night of the dinner approaches, and Max is more nervous than ever. What if someone finds out she paid this guy to date her? What will her coworkers think? More importantly, what will her parents think when they found out that their daughter has to pay someone to date her? All very real things to worry about. But Max's best friend tells her there is no need for worry, everything will be okay. Just go out, have a good time, and pay for some added benefits.

Okay, first of all, ADDED BENEFITS????? Why can't she just come out and say YO YOU SHOULD BONE THIS GUY, MAKE SURE YOU BRING EXTRA CASH and let it go? Anyways, Max leaves to go pick up Dan in a cab. When Dan opens the door to the cab, she is completely breathless. Dan is a god damn adonis. As he should be, considering he's a male escort. At this point Max is at DEFCON 10, thinking that this will never work and her career and life is doomed. But Dan reassures her that everything will be okay.

The dinner goes smoothly, and Max can't believe that the long con is actually working. And she can't believe the look that Dan has in his eyes everytime he looks her way (LUST of course, because this is a typical erotica book). The night is almost over, and Max is ready to leave. She doesn't want to, but if she pays for the added benefits of sex she will definitely never be able to get over Dan. So they head outside and Max hails a cab. Money in hand, she gives it to Dan and thanks him for a wonderful evening.

...But Dan has other plans in mind.

Dan wants Max to come home with him. Come to his home and make love, free of charge. Max doesn't

know why or what brought this on, but she reluctantly and nervously agrees. They go back to Dan's place and make passionate love all night long, which is of course the best sex that Max has ever had in her life. Max wakes up in a daze, in awe of what happened last night. Until she turns her head and finds the photo on his nightstand.

DAN IS MARRIED!!!!!! AND HAS TWO KIDS!!!!!!

Absolutely heartbroken (and in shock), Max quietly gets dressed and leaves. She hails a cab and heads home.

This book ended on a cliffhanger. And damn it if I don't want to know if this Dan dude is really married, or if its just something completely throwing us for a loop. If you like quick reads and smut, I'd suggest this book. But only for that reason. The plot was kind of meh, like I said, and if you are a grammar nerd (which I am), its hard to get past all of the typos. And there are a lot of typos.

Kristalovesher Kindlebooks says

I really enjoyed this book and it's story! Yes, as some reviews say, there were mistakes throughout the book but I'm not the grammar police, I read for the story! As long as the mistakes don't interfere with how the story makes me feel, then I don't care!

I absolutely loved Max and Dan's story! The whole low self-esteem woman goes on a date with an handsome escort, thinking he is only being nice to her cause it's his job but in reality he is so into her, LOVE IT!

The end had me immediately wanting to jump into the next book! I had to know Dan's story! As a matter of fact, I didn't write this review til I read all of the books in this series! I just couldn't wait to start the next book! So five stars from me!

Lori says

A mystery!

This is an interesting story about a young professional woman who has some self-esteem issues. She hires an escort for an evening to accompany her to a work function. This couple share some real heat right before the cliffhanger of an ending.

Pamela Hayes says

Max and Dan are great together

KimTae says

My first "BBW" read. I'm NOT feeling the whole insecure top Bank Executive thing going on...i really hope my future books in this category don't run parallel with this character. I found her to be annoying at times,

bringing up my guy's profession every time he said anything remotely caring.

There were quite a few grammatical errors, but the story was ok. Definitely did NOT like the cliffhanger at the end. I'll finish this story eventually.

Ann says

It is what it is. The book follows the synopsis and the ending is a foregone conclusion

It's an okay read when you have time to pare on a cold evening.

Be warned. It has a cliffhanger ending and you need to read all three parts.

Angelica says

I personally loved this story because I am a sucker for sweet romances and a charming guy who is both sexy and charismatic. I literally finished reading this book in a matter of hours, and was sad when it ended because I wanted more of Max and Dan.

The story ended in a cliffhanger, so if you hate cliffhangers avoid this book at all costs. I personally didn't mind because I loved both their characters, but I know this is an issue for some, so be aware of that. To me it isn't a big deal because I write stories myself and know that authors have to end a story with a cliffhanger in order to hook you for the next book. I'm personally hooked and plan on reading the next two books in the series as soon as I get a chance, so if you like sweet romances with a sexy leading man and you don't mind cliffhangers then this book is for you. Otherwise stay away. You probably will not like it.

SallyRose Robinson says

Sweet story,great cliffhanger

Well developed characters and fun banter. Could have been longer but that is what book two is for.?
Fun quick read.

Roxanne says

You could feel the chemistry but I don't understand what the story is about. It's obvious there was a miscommunication and she 'hired' the wrong guy by accident but maybe that will be revealed in the later books...

First time reading this author. Grammar and spelling issues were prevalent. Not so much at the beginning of the story but towards the end there were tons. Almost like they were rushing to get this press.

Decent story will try book 2 before I call it quits and I hate doing that when there is a series...

Brandie says

This book had more mistakes than any other I have ever read. Poor writing and poor proof reading. The errors distracted me from the plot and I will not continue with the series. Took me about 30 minutes to read, while making waffles too! Thank goodness it was free.
