Thief Erin R. Bedford

Gold wasn't the only treasure worth having.

Tom

Life as a Fae was hard. It was even harder when your last job and love of your life takes off with your gold and your kid. Tom Rumble was no choice but to seek the help of the delicious human lawyer in a custody battle that would pave the way for all Fae human relationships. If only he could keep his eye on the prize and not his lawyer's tantalizing lips.

Sage

Being a big shot lawyer in New York City was all Sage could ever dream of and when her chance came she snatched it up faster than a Gucci bag on clearance. Like all good things, not everything was as it seems. Exiled to Florida to work Fae cases, all Sage could think about was doing her time and getting back to the big city. But when a sexy tattooed fae came into to her office pleading for her help to get his daughter back, something else began to stir in her.

Ruby McDemon says

Reading about a father who loves his daughter so much that he is willing to do anything is so sweet. I love how Tom is so dedicated to his daughter that he goes to someone who hates his kind just to get her help. I love that even though Sage hates all Fae she helps Tom because of his daughter. The heat between Tom and Sage and all the sparks that fly just make this story all the more interesting. I read the entire story in one sitting because I couldn't bare to set it down and I just had to find out what happened next.

Anniek says

Tom is a Fae man and he lives in the human world. Tom has been in a relationship with Monica for seven years and they have a beautiful two-year-old girl named Evie. Tom is stunned when he finds a message scribbled on a piece of paper saying that Monica has left him. She's taken all of his money and their daughter with her. Tom thought they were happy and her leaving comes as a big shock for him. He can get over the fact that Monica left him, but he will fight for his daughter. In a world where humans feel like they're above supernaturals Tom needs all the help he can get. Can he find a lawyer who can get Evie back for him?

Sage resents the Fae ever since her Fae father bespelled her mother and left her. Sage watched her mother's sadness and swore never to make the same mistakes. Sage is half Fae, but her magical powers have been dormant her whole life. That is until she meets Tom. Sage tries to push him away, but with a little girl involved she knows she'll do whatever is in her power to help him. Tom also made her magic come to life and Sage feels drawn to him. Will Sage be able to get over her hurt and open up her heart to the possibility of love?

From the very first moment Tom and Sage meet their chemistry is off the charts. Sage has been hurt in the past and she's terrified of being bespelled. When a Fae bespells a human he or she will do anything for them and will long to be around them. It's one of the worst crimes and Sage protects herself with an amulet against Fae power. Tom isn't like this though, he's such a sweet dad and I loved to read about how much he cares for his daughter. I was wishing for them all to find a happy ending.

Thief is a modern day retelling of Rumplestiltskin with a bad-boy twist. Erin Bedford makes it feel so logical to have Fae living among humans and this made it easy for me to connect to the story. I love to read about the supernatural and I like the idea of a magical connection between soulmates. Erin Bedford never fails to cast a spell on me, her stories are brilliant. I can't wait to read the rest of the books in this Fairy Tale Bad Boy series.

Ieshea says

Good storyline

This was a much more well thought out entry in the series, reading the story and watching the romance grow between Tom and Sage along with the battle for custody of Evie while short was satisfying

shannon Stubbs says**Cute for a romance novel**

A dad fighting for custody to get his daughter back. A lawyer who has her own prejudices against far. The work together to get Tom's daughter back. In the mean while they fall in love.

Charlene says

Fae good

Kelley says

Short and sweet I really liked the take on a favorite fairytale.

Laura says

Even though Tom obviously loves his daughter he is still lazy and annoying. And Sage is a bitch. So I gave up because a romance between two people I don't like isn't really entertaining.

Rosario Barrera says**The first born child**

I love this type of story. Fairy tales turned on their head. This story was engaging, funny, and speaks to finding hidden treasures within oneself. Great read.

Maria says

:D!!!

Lyn Mckenzie says

I voluntarily reviewed an advanced reader copy of this book

I adored this book i really did, it is a very compelling and obsessive page turner, you can't seem to get enough!!!To me this shows the talent of the author, the fact that you can't stop reading their book and when it ends you just want more.

What a storyline! The author's imagination and her talent as a storyteller is off the charts, i can't recommend this book highly enough! It is part of a series so i would suggest you start at the beginning as there are certain scenes that will make a bit more sense but i don't think that it's something you must do, the way it is written it references things from the series but also explains it so you can understand it if this is the first book picked up to read.

You will fall in love with the characters in this book, i guarantee it, the love and care that has gone into creating these characters are obvious throughout the book and i think that makes us as readers take to them even more. Sage is a very complex character that has had a tough time growing up and that has coloured her views on certain things but through all that she always tries to have an outward appearance of calm and collected no matter what she is feeling inside and in my view this makes her a really strong lady. Then we have Tom that is used to being in control but Sage makes that fly out the window and he doesn't know how to deal with or react to that. One of the things i adored so much about this book is the aspect of Evie. There are so many custody battles around the world that i don't think fathers get enough respect at their ability to be an amazing father and this book really puts this in the limelight.

This is an amazing book, seriously run out and get this book, it is definitely one that you will keep in your heart and read over and over again!!!!

Katherine says

I hate you- wait, no, I have issues

This story started off interesting and ended well (and nicely hot) but I felt that the middle wasn't well traversed.

Sage is a lawyer that works cases with supernaturals, often against them. She harbours resentment for fae because her father knocked up her mother and then left. She is attracted to a persistent fae who wants to be her next client and conflicted by the attraction she feels.

Tom is a fae who has made a life for himself in the human world. His greatest joy is his daughter, so he can't understand why his girlfriend has taken her and left. He appeals to a lawyer for help, and finds himself wanting the lawyer as well.

The attraction is fairly immediate and the two dance around each other. Adding in the daughter and a greedy girlfriend helps make the story more layered. I just didn't enjoy the jump in relationship. Sage resists Tom, then suddenly proclaims how she has been prejudiced against fae because of her father and is absolutely attracted to him. There was no good connection between the two so I felt that was a poor jump in story. Had this been executed better I would have liked the story much more.

Becky Rhoades says

This one totally took me for a loop. Have never read a version where Rumplestiskin was a good/bad guy. I really like this one cause it gave Rumple a new personality. Also the attraction between the two characters were so mind-blowing, they tried their best to stay away but they knew that was impossible. Here is another good one from Ms. Erin Bedford.

I received this arc copy and volunteered to read and honestly review it.

Kayla says

Ugh Sage!

This girl went back and forth so much I had whiplash trying to keep up with her emotions. Relax girl! And go with the flow. Geez!

Skye Hegyes says

Now that I have children, I have a soft spot for all things dealing with children. Until recently (probably since the last Shrek movie actually) I'd never really heard of Rumple and had no clue about his story, but I love how this one turns the whole baby-snatcher around and makes him the good guy in this tale. It was interesting to see how it would turn out - both because the fae in this series seem to have a bad reputation, similar to that of the original tale of Rumple, and because there's most of the time child custody is awarded to the mother of the child.

The only thing that might have made this book better was if there'd been less focus on the romance between the two characters and more building of the family dynamic between Rumple and his kid. Although it came across that he was really a doting father, I feel that it could have been better than it was.

Jennifer says

I was pleasantly surprised at how this story turned out. With the last name Rumple, I really didn't have high hopes for Tom, but he turned out to be a real sweetheart. Sage is a good heroine, she has a certain strength to her; she doesn't really whine, she just sucks it up and gets it done. I respect the heck out of that. There were several nice twists to the story that kept it very interesting. There's some steam, a HEA and it can be read as a stand-alone easily enough even though it is part of series. I would recommend this book. I volunteered to read this book.
