After reading about ten of these, Natalie just wasn't as into them as before. Had other books to explore, so we abandoned this one. Might come back to it someday. Might have been that we just had too many good books in the house at once.

My 7 year old daughter and me read these books together and she loves them! These our her favorite chapter books and she can't wait to read the next one! It's magical, funny, and sincere all at the same time! The star ratings on these always come from my daughter!
