The tales featured in Strange New Worlds rocket readers across the length and breadth of Federation time and space, from Captain Jonathan Archer's first exploration of the galaxy on board the very first Starship Enterprise through to Captain Picard's tenure on the USS Enterprise 1701-D -- and beyond. Here you can read a fresh and original take on Captain Benjamin Sisko's role on Deep Space Nine, Captain Kathryn Janeway's homeward journey with the crew of the Starship Voyager, Captain Archer's encounters with the Xindi -- and many more ports of call along the way.

Strange New Worlds 9 includes stories from all five Star Trek incarnations:

Star Trek: The Original Series  
Star Trek: The Next Generation  
Star Trek: Deep Space Nine  
Star Trek: Voyager  
and Star Trek: Enterprise

This year's contributors include John Coffren, David DeLee, Steven Costa, Jeremy Yoder, Paul C. Tseng, Jim Johnson, Scott Pearson, Jeff D. Jaques, Emily P. Bloch, Gerri Leen, Mike McDevitt, Ryan M. Williams, Susan S. McCrackin, Russ Crossley, Catherine E. Pike, Allison Cain, A. Rhea King, Ben Guilfooy, Randy Tatano, Kenneth E. Carper, Kevin Lauderdale, Marc Carson, R. S. Belcher.

# **From Reader Review Star Trek: Strange New Worlds 9 for online ebook**

## **Matthew Kresal says**

A fine collection of Star Trek tales from the penultimate year of the original Strange New Worlds competition (which also marked Trek's fortieth anniversary). Covering all five Trek TV incarnations and assorted other tales, the volume includes a pair of tribble tales, the Original Series crew featuring in an alien religious text and a couple of stories focusing on Seven of Nine from Voyager. By far though my favorite section of the book was the Speculations section and its tales set outside the normal continuity of the series (which often led to contradictory but immensely readable tales). A solid volume overall though enjoyment of stories might depend on much of a fan you are of a particular series.

---

## **Angela says**

Another interesting set of short stories. The biggest section in this volume is speculative future, though the stories were decent, I thought it as a shame that the other series didnt have more stories. I do always enjoy these books as I like the short story format. A good read.

---

## **Shari says**

Read the story written by Ryan Williams because I know the author. It was Deep Space Nine: The Tribbles' Pagh. Pretty good.

---

## **Christopher Obert says**

This book collects 23 short stories written by Star Trek fans themselves. It is the ninth in the series. The book has stories based on each of the major Star Trek TV shows. I found all to be good stories with a few that were really good. This series is no longer in print and I find that is unfortunate, some really good material came out of the run. Not to mention all of the Star Trek fans whose dream came true...to be a published Star Trek author!!!

---

## **Steven Shinder says**

There are some really great stories in here. I love the fact that there's this Strange New Worlds contest in which fans can submit short stories to possibly get published and perhaps get featured in later stuff. Love the perspective in "Book of Fulfillment," in which a culture knows Kirk, Spock, Bones, Chekov, Sulu, Uhura, and Scotty as Liberator, Sage, Healer, Wayfinder, Armsman, Proclaimer, and Machinist. I also like the storytelling perspective in the fable "The Last Tree of Ferenginar." "Staying the Course" is a sad tale that can also be heartwarming when it explores the father-son relationship between Worf and Alexander and the

sacrifices that are made. "Remembering the Future" is also an intriguing speculation of what awaits Kirk after his death, positing that one's destiny is set but that they have the free will to make choices on their way to it. Anthologies such as this are a great way to explore a fictional universe.
