## **Fake It** Mia Ford

Fake It – well, that was the arrangement  
But, why not make it real...if all seems to be going so well!

When I'm told to give my family an heir or lose my inheritance,  
The choice is simple.

Boy, thanks to my no-strings relationship with Sophia, the bartender,  
This is not going to be difficult at all.  
I'll give her an offer she won't be able to put down;  
And once the baby is born, we can move our separate ways.  
It's going to be a no strings attached fake marriage.

But when I hear the heartbeat of my baby for the first time,  
I want to be with her till death do us part.

Oh, Sophia baby,  
You were just supposed to carry my baby.  
And now, you've stolen my heart.  
What am I going to do?

Well, I'll fake it till we make it!  
You are mine and mine forever,  
And I won't let you go – not so easily!

A Full-Length Fake Marriage Baby steamy romance novel. Absolutely no Cheating and a guaranteed HEA. Also includes a never before published bonus - "The Escort" and other bonus content in ebook version after the main story.

## MJM says

### The Feelings Are So Real

Thomas is a playboy and enjoys life. Nothing really too serious. He had been dating a supposed celebrity but they've finished although the paparazzi don't seem to care and still trail after him. Thomas was born on what's called the 'right' side of the tracks whilst Sophia, whom he met when he went into the place where she was a bartender, is very much from the 'wrong' side. But there is a special chemistry and attraction between them that they can't ignore. As neither want a real relationship they have a 'friends with benefits' which they are both enjoying as they both like having sex in the open. His father, however, has had enough of Thomas's playboy ways and has basically told him to grow up, get married and have an heir otherwise the 'gravy train' will cease! This will also mean that his little sister will be without a penny too which he cannot allow as he loves her too much. So he comes to Sophie, who is already in love with him, if she will pretend to be in love with him and have a child with him. Seems oh so easy doesn't it? But this is one of Mia Ford's stories so you should know that nothing is ever straight forward with her! Firstly, Thomas's next door neighbour, Julia, wants Thomas and his mother is willing to help her get him. Secondly, he has to convince his father that it is real between him and Sophia and for them to have a baby. just in case, he doesn't become a father within a year he actually gets himself a job to try to support his sister. But does Thomas have any feelings for Sophia, other than enjoying sex with her? We know she loves him? Can she carry on if he doesn't love her? What will happen at the end of the twelve months after she, hopefully, has given birth to his child? I wasn't that thrilled with Thomas at the beginning but actually he grew on me when he started taking responsibility for himself and those he cared for. All these different challenges that Mia set for him merely helped making him the man that he should have been all along. She also creates some awful characters - Julia and his mother being prime examples of this and just bring the story more to life and 3-dimensional. if you're looking for a fun and quick read with plenty of heat, fun, twists and a hero and heroine that you'll root for then this is the book for you and I encourage you to get a copy for yourself and enjoy like I did. I received a reader's copy of this book and voluntarily leave my honest review of it here.

## Daniella says

Thomas and Sophia couldn't come from more different backgrounds, but they are so perfect together despite the superficial differences. Theirs is intended to be a fake relationship, but it's really one that's meant to be. They have a natural chemistry together, and it only grows as their non-relationship does. I thoroughly enjoyed getting to know both Sophia and Thomas, and this book moves quickly. This is due in part to excellent writing, but also the book is a little shorter, so I completely tore through it in record time. My heart was won in no time. I would highly recommend this romance to anyone, and the length is actually a bonus if you want to read on a weeknight. This is a voluntary review of an advance reader copy, although I also picked up a forever copy for myself as well.

## **Patty says**

Another steamy hot read from Mia Ford. That girl sure knows how to write a steamy novel. Yum Yum!

In this book Sophia is a bar wrench, who is tough as nails and has a secret fling with the slightly famous Thomas Henry. But when Thomas is put in a situation to have an heir or lose his fortune, well the secret fling becomes something more. Can he convince Sophia that he is in it for the long haul?

This book was hot! I mean sex in places you may get caught. Who can resist the thrill in that? It makes things more exciting doesn't it? These two characters were so hot they burn up the pages. Thomas is definitely more than just some hot sexy man. He is caring and protective. Sophia is really a tough as nails girl and she proves it time and time again. I mean the things she has to deal with are unreal.

I enjoyed this book a lot. It was entertaining and a quick read. So if you are looking for a quickie ;) then this is the book for you. It will excite you and entice you. Bravo Mia! Another hot # from you.

## **Melanie Milburn says**

I truly enjoyed this fake-fiancé-baby story. Thomas and Sophia have been hooking up for a little while and it's always a super hot and a bit wild. The heat just keeps on dialing up. When his father decides to make some major changes in his life, part of that means Thomas settling down, having a baby and getting married, if he wants to keep his inheritance. While he doesn't care for himself, he doesn't want his little sister to lose hers. And he knows just who he wants to help him out. What starts out as a mutually beneficial "arrangement" develops into so much more. This has a couple with an electric connection, crazy parents, and paparazzi persecution to complicate it all—great fun! I voluntarily reviewed this Advance Reader Copy.

## **Raecharmed says**

Sophia is a bartender struggling to get by the only bright spot in her life is seeing Thomas when he comes in for their late night hook ups. Thomas is somewhat famous for dating a reality star and it doesn't matter that they aren't together anymore the paparazzi still follow him. When he goes home his father tells him if he doesn't settle down and have a child he won't get another penny from him and neither will his little sister. Thomas doesn't care for himself but doesn't want his little sister to suffer so he goes to Sophia with a proposal. Will she have his baby and he will pay her an enormous amount of money. Sophia agrees but she is already halfway in love with him. Sophie didn't know who he was until he explain how he came to be hounded by the tabloids and wanted to keep their time together private. The more time they spend together everything starts to get real and its becomes so much more than just about the baby. Can Henry convince Sophia that they can be more? Will Sophia be able to handle living in a fish bowl?

This was a great story about two people finding love within a unique circumstance. The chemistry between Sophia and Henry is blazing hot. Once I started this book I couldn't put it down. This is a very entertaining and well written story. I can't wait to read more by this author.

I voluntarily read and reviewed this book. I enjoyed it so much I bought my own copy.

## **Laila Viking says**

Yet another fake marriage romance, I thought. But NO! It is not. This is different and I love it. The approach is different and the storyline is also. It is well written and has a great plot. Likeable characters that are well described and they develop nicely through the story. Amazing chemistry.

Not what I expected. It is much better and more. It has heart and passion. It is a story that is almost beautiful because of the writing style and use of words. A story with a lot of passion, chemistry and feelings. It is very captivating.

I like it is written in dual POV, which gives the reader both the thoughts and feelings of the main characters. That makes the story even more emotional and captivating. The twists and turns are so unexpected that they made it worth the read. The epilogue is most welcomed.

The story is different in the way that the male character Thomas offers himself to save his little sister but he did not count on getting that much back. Sophia - have been with Thomas a few hot times, but only casual - needs money. Her bartending does not give her enough. She makes a deal with Thomas. The twists are amazing and unexpected.

Absolutely hot and worth the read.

---

## **Vânia Nunes says**

Thomas Henry, celebrity for having dated the beautiful Rosa Diaz, moved on with his life even with the persecution of the paparazzi.

Now he does not want to know about serious relationships. He just want to enjoy life. And when he meets bartender Sophia, and she at first does not know who he is, and their night ends with a wonderful sex, Thomas decides that's what he wants.

Even after Sophia watches Thomas on TV, she does not care about his fame or money, and also wants to keep this relationship of "friends with benefits" anonymous.

However, Thomas, who has never worked in life, coming from a very wealthy family, is in a situation that can make him poor very soon.

His father calls him to settle down in life and for this he has a term of 1 year to find a good wife and have a child.

Desperate, Thomas makes an irrefutable offer to Sophia.

Sophia worked a lot and was living like hell because she owed a large sum to a loan shark. When Thomas makes the offer, she almost does not believe in her "luck".

But soon they both realize that nothing would be so easy.

Julia, neighbor of Thomas's parents and always in love with him, would not let Sophia take the place that was hers;

Thomas's mother, very worried about not being poor, and an alcoholic, shows Sophia a side that Thomas did

not know;

And Sophia and Thomas' hearts decided it was time they be together.

Could a relationship that began just as sexual, changed to something out of financial need, could survive and give a chance for true love?

**4 stars**

**Fake Marriage that end up with love**

<https://ladiikeiii.wordpress.com/2018...>

Okay, this book was good. **Few spoilers but not too many.** I will say the way this book started off I didn't know it was going to happen that way. Usually, the woman or man meet one another and then have \*\*\* with each other. But with this book, it didn't happen that way. I was glad to read this book because I seen it in my email and was curious about it and wanted to read. I'm sort of glad that I got a chance to read it. Also, glad Thomas (hate that name) didn't let his mother control his life. Good for him, even his father, because his mother wasn't any good at all she wanted to use both Thomas and his father for the money that his father owned and wanted to give Thomas. I felt like his mother could've made her own money. A lot of men mess up when they end up with women that like. Mostly those are bougie \* high maintenance women but even broke women he like that. Glad, his father left her and Julia, stopped being a b\*\*\*ch towards both Thomas and Sophia..... and got herself and man, after Sophia and Thomas gotten married and had a second child.

---

**Cathy Pardue says**

**Just ok**

I don't understand the 5 stars, it's like I read a different book. The editing isn't terrible, but it's pretty bad. Events are referenced that were never written about. Pretty disjointed in several areas. I liked the storyline. The characters are very one dimensional, but likeable. If you take it for face value and sophomoric writing, it's a quick steamy read. I didn't dock for the editing, but I did for the sometimes rushed, sometimes random story pieces, where it just didn't flow.

One minute he's in love with her, the next he's sorting through his feelings to figure out if he's in love with her. It seemed more out of order than just sorting through feelings. In one portion she gets a job as a "security". Totally wrong word, should have been secretary. There are several examples of wrong words being used. Quotation marks were used for inner dialogue. Opening quotations were used several times, but never closed. The blurb states he fell in love after hearing the heartbeat. That scene never happened. I got this on KU, so not out anything and there are several bonus stories I won't be reading. This story ends at 15%. Typical length for a quick romance.

## **Judy says**

This is a steamy love story about Sophia a bartender struggling to make ends meet and Thomas a wealthy playboy who has been in the media from a recent relationship. Sophia and Thomas meet in the bar she works at and have casual hook ups with no strings or emotions. Thomas finds himself standing up for Sophia one night along with having feelings about her. One day Thomas's Dad tells him to marry and have a baby in a year or he will give away all his money and his younger sister will lose her inheritance. Thomas comes up with a plan to ask Sophia to help him and will pay. Once Sophia agrees to helping Thomas he takes over keeping her safe and providing her a safe place to live. Sophia and Thomas have to learn to navigate how to be a couple once she becomes pregnant, worry about the press following them and an ex friend of Thomas's out to do nothing but cause harm with her actions and words! I fell in love with the man Thomas becomes for all the right reasons and how Sophia is with him every step of the way! In the end will the evil thoughts of someone close cause harm to Sophia and the baby or will Thomas be there for them? I voluntarily reviewed an Advance Reader Copy of this book.

### **Another good read by Mia**

This was another good story from Mia. I could feel the connection to the characters. I have read other books by this author and liked them. They are quick 1 day reads. This did have bonus stories included, but not part of the review.

Overview. Sophia was working as a bartender. She meets a handsome guy Thomas Henry whom only wants hookups. When she finds out later that he is famous from a reality tv show and broke up with the star Rosa. But when Thomas is threatened to lose everything unless he gets a kid and a wife. He can only think of one person to fill all his needs. Sophia agrees to the money but finds her heart wanting more. Soon Thomas wants more too but Sophia thinks he is only in for the family not love. How do they go from an agreement and lust to love?

## **Shelly Wolf says**

Mia Ford is on a roll folks, and hopefully it will just continue,,,

Sophia is a bartender, whom she has nicknamed herself a "bar bitch" ,, she works for Maria, who is about 10 years older than Sophia is,,, she works at a bar called "The Spot", along with this bar, Maria owns a small restaurant ,,,, her car is named Pearl,,, she, along with a couple other bartenders work for their tips,,, she has recently been seeing this guy that she just found out is a reality star's ex boyfriend, thus putting him in the limelight also,,,,, but, they hide their affair until the one day that the reporter finds out about them,,,

Thomas Henry is reality star Rosa Diaz's ex boyfriend,,, his mother and father are rich and he has a 13 year old sister in private school,,, his dad is little eccentric and now he is actually considering giving away all of his money and living off the grid,,, which nobody is for,,,unless, Thomas Henry can produce him an heir,,,,, but, who would he ever ask to do that,,,, ???

I've given you a few characters but there is so much I haven't even touched on yet and so much more to be

read,,, so, go out and grab this new one by Mia Ford, you wont be sorry,,,, between the plot and the steam,,, you have yourself a great story,,, I would totally recommend this book to anyone,,,,

I got this ARC voluntarily to write an honest review

### **Emma says**

even adjusting for type of book this is no more than 1.5\*

When I do not have time to look at goodreads I sometimes just take an Amazon suggestion. Sometimes that works out great and then other times I get stuck reading crap like this. And it is not like I was expecting a lot from a book with this title and blurb. My standards are just not that high.

**What was right:** The couple are nice. They treat each other well and there is very little drama between them. It was quite short.

**What was not right:** Lots of telling not showing. Things skip around and we really do not see a lot of them building their relationship. I cared so little I did not even bother to read the epilogue. Missing words and insertion of his ex's names where it did not go. (I think a cut and paste error). The book only takes up 15% of the pages downloaded. There are 6 other stories that follow. There were huge huge gaps between paragraphs along with paragraphs that make no sense broken as they are. So this lead to a choppy reading experience. I assume these things are done to increase the page count without actually adding content of quality.

---

### **Merry Jelks-Emmanuel says**

Thomas is in a bind and ask Sophia for her help. But when things get serious will Thomas be able to continue with the present arrangement now that reality has blurred the lines? This hot and steamy romance will have you hooked right up to the last page. I voluntarily agreed to receive an ARC of this book for an honest review.

---

### **Heather Vandine says**

Sophia works as a bartender barely scraping by. Thomas comes from a very wealthy family and is constantly being hounded by the paparazzi, since he broke up with his girlfriend that has her own reality show. Thomas and Sophia hook up at her bar they don't have an relationship they just both like to have sex in public places for the excitement of possibly getting caught. Sophia had no idea who he was when they met and that excited Thomas even more. They only hook up when comes to the bar in the back so he's not noticed until one night after Sophia had to kick a girl out for fighting and got punched in the eye. A guy from the paparazzi started asking her questions about her and Thomas but she acted like he was crazy. Then after her and Thomas almost got caught in the employees bathroom later that night she came out and there was a bunch of commotion. One of the guys she refers to as trust-fund brat comes up to her all drunk and yelling about her kicking his girlfriend out. Then he grabs her and all of a sudden Thomas is right there in the guys face and everyone is videoing it with there phones along with the guy from the paparazzi. Thomas finally realizes it and takes off. Thinking this will be the last time she sees him Sophia is upset knowing she wasn't suppose to

get attached. But then Thomas shows up waiting outside at her car and proposes his plan to her. Will it work out or is there too many obstacles. His drunken mother or his childhood friend that wants him for herself. This is a fun book to read. They have great chemistry. I highly recommend this book. I voluntarily reviewed an ARC of this book.
