Loved this continuation of Josh and Gabe's story. This wrapped up pretty much everything, and I can't wait to read the stories about the secondary characters from this series. It was a little rushed at the end, but still felt satisfying. Hot, sweet, funny and heartwarming, this is a must read for fans of this series and for m/m mystery romance fans.

Awesome add to the series. Each book adds a new element on top of the old and is a smooth read. Surprises along the way and a lot of questions answered. A lot of revaluations for Gabe in this book and a roller-coaster of emotions as he deals with them, with Josh by his side the whole way. We've come a long way with these two, this was a emotional read for me because you've cheer them on the whole way and they finally get to the price; each other. Add in the new house it makes this even sweeter, I can't wait to see more on the side characters in the future too, Aimee Nicole walker knows how to write great side characters that have their own voice but doesn't take away from the main characters at all. Which leaves you wanting more. I fall in love with this couple more with each book, their sexy connection that burns the pages, the sassy snark and their pets! Can't wait to know more.

this hurts a bit but actually this book is only a 3,5 stars read. I missed the story ... there was not a lot of action or mystery. it was more a kind of filler and the setting for the wedding. which was nice but I expected more.

Nevertheless, I love Gabe and Josh and really hope that the next book will be the same level as the first three books

*"It's just the two of us now from here on out, and it's a damn good thing because there will never be a man who loves you the way that I do."*

Amazing book 4 in the Curl Up and Dye Mysteries series. Absolutely loved this book!

*"My Sunshine," he whispered back just as reverently. "Always."*

I definitely would not recommend this book as a standalone these books need to be read and loved in order! Following their super sweet engagement in book three Gabe and Josh are planning their wedding at the beginning of this book. As with these two though the road to walking down the alter is certainly not smooth

and there's a few twists and turns a long the way.

*'The key to happiness wasn't to pretend bruised souls and broken hearts didn't exist because you couldn't build something solid on a foundation made of pretense, no matter how well-intended. Instead, own it, embrace it, and grow past it. Build that life brick by brick with mortar made of sweat and tears of both joy and sorrow to act as the glue that holds it all together.'*

Gabe and Josh also move in to their dream house in this book - formally Georgia's mansion. It was great reading about them acting like a normal couple compromising on the finances and interior decorating and reading about Josh being frustrated with Gabe's lack of interest in fabric swatches. Gabe and Josh get a new bird in this book Sassy which is laugh out loud funny reading how the two birds squawk naughty words at each other.

*"I think we should call this place home," I said out loud. Homes were more than just shelter; they were the walls that housed your dreams, kept you safe, and the place you slept beside the person you loved. It was a word that encompassed so many things. "Home, it is," Gabe agreed.*

Their neighbour Emory is back in this book and continues to have his 'visions'. One particular vision turns out to be very troubling for Gabe and Josh and causes them to decide whether to let it over shadow their big day or live in the moment and carry on.

*"Some people believe only in what they can see while others cling to the belief that the fantastic and implausible must be true—or at least attainable—on some level,"*

Ah Gabe and Josh. How sweet are these two?! Just love them!. They are so realistic and relatable. They love each other so much but they bicker and annoy each other like any normal couple. In this book they are getting ready for their wedding and I certainly don't want to spoil anything but I will say when they make it down the aisle it's so god damn sweet to read.

*'He was dark where I was light, the yin to my yang, the night to my day, and the sky to my sun—opposites, but equal and you couldn't have one without the other. He was mine, I was his, and we were us.'*

Secondary characters are again amazing in this book as with the rest of the series. All their friends and family that we've read about previously make an appearance in this book and there's a few surprise characters too a long the way. There's also a very small cameo appearance by Xavier and Ben from Fated Hearts book 2 in the airport on their way to their honeymoon which was an unexpected treat.

There's mystery and angst along the way as with the other books which kept me interested throughout but the overall theme is of love, acceptance and peace in themselves. This definitely feels like the end of Gabe and Josh's story which I'm sad about but I'm VERY MUCH hoping there will be a Chaz and Kyle book next!

Ending was great and I won't spoil it but it was all very heart warming. The actual epilogue was short and a little odd but it did fit in with the overall theme of the series and if you've read the prequel on Aimee's website will make sense.

A fabulous book and I can't wait for more to come from Aimee Nicole Walker!

*"Some things will never change," I assured him. "My love for my man, my family, my country, and apple pie."*

4.5 stars!!

**This is NOT a stand alone. You must read the prior books in order to fully appreciate and understand the story. This review is also SPOILER FREE. And on that note...**

Aimee! For real Aimee? Don't Leave me this way, Aimee! Why do you keep doing this to me huh? What have I ever done to you to deserve such treatment?

### **The Good:**

There will be sighing. Lots and lot of sighing. So much sugary sweet ( in a good way). So many awe moments! So many things coming up roses I was on edge despite ALL THE HAPPY, waiting for the other shoe to fall. All I'll say is be prepared to awe... A LOT! There are a lot of full circle moments for Gabe and Josh individually and as a couple. Gabe's in particular, made me cry. Both times. One for joy and the other with immense pain. I felt deeply for him in those moments. **\*whispers\* read the book**

### **The Bad:**

The bad has nothing to do with the story per se. I got all in my head, jumping to conclusions time and time again about what would happen next and I was so very wrong ( much to my delight). The bad consisted of all the jumbled feelings, spikes of anxiety and adrenaline whenever "big moments" loomed. My nerves were more on edge reading this book more than the others because there was so much on the line! **\*whispers\* read the book**

### **The Ugly**

**The ugly is me.** I was the epitome of ugly, tearing up every 15-20 pages. I cried... well, I cry as much as my Lasik surgery lets me at least (all noises, very little tears). **This story was everything I hoped for and as the end approached I was still nervous because as some of you know by now, I hate cliffhangers... and this installment is cliffhanger -ish?** Needless to say, I have my popcorn, Dr. Pepper, Skittles and wine on deck. I need to know how a certain sexy vet and BF/Gamer/writer/stylist resolve their issues and finally get their sexy on. **\*whispers\* read the book**

Time's ticking Walker! This reader is ready for the next crazy adventure.

**\*Yelling\* I love this book!**

\*\*\* This great series just kept growing and getting better.\*\*\*

This is book four for Josh and Gabe, and has many hints for more to come with other characters.

Gabe and Josh have a wedding to prepare for.

We see all the awesome people, animals, and marvelous situations.

Of course, the murder mystery is being investigated, there's a psychic, and a bad guy looking for revenge.

So much is happening, and Josh and Gabe are as tight and close as ever. We see their hot sexiness, and all of the lovable, snarky, snazzy banter. We are reacquainted with the filthy mouth of Savage the bird, Gabe's German Sheppard, Diva the cat, etc..

Gabe is blindsided by a P.I. delivering a letter, and the shocking past murder revelation, shatter's Gabe. Plus there is the planning, the parents, the parties, the camaraderie, and the fierce friendships.

I love these guys, loved this series, and look forward to more from this terrific author.

We get fun, drama, intensity, sizzling sex, levity, and truly loving men.

Highly recommended ! ENJOY !

I have been reading Gabe and Josh since the very beginning. Following their mysteries and reveling in their suspense. Whether it's romantic suspense or other, it's thoroughly enjoyable. In I Do or Dye Trying we are coming to Josh and Gabe's conclusion in a sense. Though I think the author will be writing about other characters we've been seeing, for all intents and purposes Gabe and Josh are coming full circle. Loose ends are being tied and their future is an adventure waiting to happen.

The banter in this book is probably my favorite part of it all. Josh is the king of snark but Gabe has learned well. I love Gabe and John's back and forth and Adrian's too. The wives rock and Meredith will forever be my queen!

I've read everything Aimee Nicole Walker has ever written and I can say this series is probably my favorite and Josh is the best character she's ever written.

I don't know how Aimee outlined this series but she nailed it. I didn't have questions afterward. Everything made sense and even in the heartbreak, there was sunshine. Namely, Josh. So many amazing things happen for these guys in this from weddings to birds to honeymoons and babies! It's a thrilling ride you have to start

at the beginning. When you're done, do it all over again because it's that good!

Ohhhhhh, Josh and Gabe truly get their epic HEA here, with the wedding taking place, and then the epilogue!

I have completely fallen in love with this couple, I love how they support the other, I love that they communicate and make things work. I also love their friends, coworkers, and family, and I love that we got closure and more about Gabe's biological family and his past.

There was less mystery in this story and the 3rd one, but there is more domestic stuff and family things going on this book. I've really enjoyed their story, and I'm so glad there is a spin-off series I get to start next!

### **Calila says**

Loved this conclusion to the sweet heartwarming love story. I really love this couple. They're just so together and healthy and adult. The mystery was interesting, and the wrap up is pretty satisfying, even if i'm still unclear on a little of the nuances. What I really want are some books for the side pairings. I'm not ready to say bye and I need to know if they all get it together.

Lots and lots of thoughts to come ... I just need to get to the next book first :-D!!!

### **Cadiva says**

#### **Amazing ending to a brilliant series**

The epilogue to this book is truly wonderful, and quite unexpected, rather like this series has been. When I started reading it, I wasn't sure how much I'd like it, given the mystery element running alongside the romance.

However, I have to say that Aimee has crafted two of my very favourite book men in Josh and Gabe. I truly believe they could be out there in their small Ohio town gossiping in the salon and catching the criminals who've been vandalising the street signs.

This series has been a delight. I really hope we don't leave the setting behind and we get to see Chaz and Kyle, Emory and Silver's happy ever after too. It would be too cruel not to :)

## **BWT (Belen) says**

3.5 Stars

I can't stop thinking about this series. Told from both Josh and Gabe's points of view there's plenty of emotional feels in this and they are so fluffy they make my heart melt.

Though it drags a bit in the middle and everything mystery-wise and relationship-wise gets tied up super easily with Josh and Gabe getting married and Gabe facing his past in more ways than one, it flowed well and I gobbled up the pages and still want more. I love how Gabe and Josh live happily ever after with a big surprise in the end.

There is a mild cliffhanger ending which begins a set up for a story to feature Gabe's ex, Kyle, and Josh's best friend, Chaz. Speaking of Chaz, I missed time with him and Meredith. It seemed like there was less focus on the supporting cast in this installment, which was a bummer, because Walker does a great job fleshing out her supporting characters.

Regardless, I enjoyed the story. Aimee Nicole Walker's writing keeps drawing me in and I'm looking forward to spending more time with Gabe and Josh. On to the holiday novella!

A satisfying end to Gabe and Josh's story. I liked that there was absolutely no relationship angst. Everything was tied up in a neat little bow. I may start Chaz and Kyle's book soon.

## **~Mindy Lynn~ says**

I am so happy I stuck with this series. It ended up being more enjoyable than I had anticipated.

The book wouldn't be right without someone being killed or someone trying to kill them. But unlike the previous books where they mystery went hand in hand with the relationship, here it kind of takes a backseat and the story focuses more on these men and their relationship.

This was a great ending for this couple who totally grew on me. They've had a lot of ups and downs but through all that their love for one another is what will stick with me. They have become one of my favorite couples I have read about so far this year. They were the perfect definition for the saying, Opposites Attract. Josh is flamboyant and can GNF of what you think about him. He knows who he is and makes no apologies for it. Gabe is the Alpha male type with a soft side that he has no problem showing when it comes to loving Josh. He too is very confident in who he is and doesn't waste a minute concerned what others might think about him or the man he loves. They were just so good together and for one another. I am going to miss these men, but I know the author has plans for a Christmas book. I am totally thrilled that we will see some more

of these boys in the future and hopefully in the spin-off series.

Happy ending doll! xx

## **Jenni Lea says**

To be honest, this series started out just being an okay read for me. Yeah, it had charm and the writing was smart but it didn't really grab me. There was a bit too much of a lack of communication in the first book and I wanted to wring Josh's neck more than a few times. Stubborn man is stubborn! But, with each subsequent book I became more and more interested. There was just something about Josh and Gabe that called to me and by the time I reached the third book in the series I was in love and these two men had become one of my most favorite couples of all time.

Gabriel is a dream. Big, strong alpha male of a police detective, Gabe is every man's (and woman's) fantasy come to life. Not only is he gruff and protective, he's also not afraid to show his more sensitive side. Especially when it comes to loving Josh.

I think one of the things I love most about Josh is that he knows exactly who he is. He's campy; he's flamboyant; he's a total drama queen and he's not afraid to flaunt it. He knows he presents as the stereotypical gay boy. It's not a front; it's just who he is, and if you don't like it you can keep on walking. He doesn't have time for your shenanigans, he's got enough of his own to deal with.

Put them together and you have the most perfect-for-each-other couple that I've ever read about. They complement each other so well. You know those couples that seem to know what the other is thinking and can have entire conversations with each other just using their eyes? That's Josh and Gabe. I wouldn't say that they live in each other's pockets, they're too independent for that, but they work together seamlessly. I'd be quite jealous of their relationship if they were real.

In this final installment, Gabe and Josh have worked out most of their issues and they're getting married! Of course, something's got to come along to put a wrinkle in their happy, right? I mean, what is their life without someone trying to murder one of them?

This book focuses more on their relationship than it does the mystery and I find that I don't mind that at all. We still got a bit of the whodunit, it was just on the back burner, though the reveal at the end was gasp worthy in my opinion. The further I got into the series, the less I cared about the mysteries. I just wanted to read about Josh and Gabe. I could read many, many more books about them and never get bored. Ms. Walker sure knows how to write fascinating characters! For a bit there I wanted to move to their town so I could befriend them. Then I remembered that they live in Ohio and it's too dang cold there for this Southern girl. Plus, they're, ya know, not real, but whatever. I still want to know them.

So, it's with a heavy heart I say good-bye to these fabulous men. I will miss them so very much. I recommend this for lovers of romantic suspense, smart writing, witty banter and just feel good stories all around.

P.S. in case you were wondering, the sex was hot hot HOT! All kinds of smutty goodness up in here. Wall sex... table sex... chair sex... stripper pole sex... Smut lovers will certainly be pleased.

I know I was.
