The newly-crowned 16-year-old Grand Duke of Brunhild, Mochizuki Touya, is just starting to get the hang of managing a nation. What better way to christen his Duchy than to host a party with all the other royals in the region? Laughter! Fun! Pinball! But it's not all fun and games, Touya's search to uncover the truth behind the Phrase and Babylon bring him to the depths of the darkest forests, and the caps of the snowiest mountains. Not only that, but new territory means new responsibilities, and soon enough the eyes of the Vatican fall upon him. "Blasphemy!" they scream, "God is no old man, he is a magnificent being of light!" How will Touya react when even the Pope challenges the honor of the old man that gave him a new lease on life. The bells toll for a riveting tale of swords, sorcery, and... savage tribals?!

Love it

I watch the anime first thought it was a great story and when the last episode ended with a cliffhanger I want more. This novel had me dying of laughter because of the great character development I have to right reviews on the the books but collection of books is great thank you Patora Fuyuhara for you this novel and the others like it.

Alec Rebert says

very enjoyable just like the last 4 volumes. looking forward to reading what comes next with the rest of Babylon and the phrase

Eric Warren says

Good but I want more romance

The girls are pretty much gone from the book which is fine because the story is good but if this a comfy story I want to see cute moments. I get there's a lot of characters now but that doesn't mean you can drop the love interests like a sack of hammers. Otherwise the phrase has gotten more interesting and the theocracy was great!
