**Nelson's Brand** Diana Palmer

**Can he get past betrayal?**

Allison Hathaway's life was about healing. And she was good at it. Or had been good at it until the tragedy in South America. Now she couldn't even fix herself. She didn't know how to go on, didn't know what to do, or who to be.

She had that in common with Gene Nelson. After the rancher found out the truth about his father, he'd realized his whole life was a lie. He'd gone a little wild, and saw no reason not to give in to his every desire. And the minute he saw Allison, he wanted her. But underneath their explosive passion, Allison and Gene found comfort in each other's wounded souls. And a chance to start over.

## **From Reader Review Nelson's Brand for online ebook**

### **Janet says**

I liked this book but I do like Diana palmer books. It is what I expected from her books.

---

### **Janet says**

Gene nelson is a moody loner and hell raiser and allison hathaway was drawn to gene apart from being told to stay away. allison also had to heal that was why she was there.

---

### **Jenny says**

Sweet and sexy love story. Hero was hot and heroine your typical innocent DP heroine who is seduced by the sexy alpha hero. Love scenes were passionate and steamy for a DP book.

---

### **Pam H says**

Allison has come to Pryor because she has no where else to go. her parents are dead and she is being chased by the media. She goes to her childhood best friends to recover only to discover Gene, who is brother to her friends fiancé. She is mesmerized by him and even though she's been warned off - she cant stay away.

Gene has been chasing skirts so long - he is shocked by his reaction to Allie. She comes off as worldly yet she embarrasses easily and seems innocent. he's still so caught up in his anger finding out from his father's will that things are not always as they seem.

---

### **Sherry Bryant says**

The book was very good. I had difficulty putting it down! I highly recommend this author!

---

### **Amanda Sheila says**

Well, I didn't realize that I already own this book for almost a year. LOL.

Not exactly my favorite though, mostly because Dane's kind of asshole. But then again it's Diana Palmer.

Still enjoyed it. :)

### **Karla says**

3.5 stars

---

### **Missy says**

A sweet read.

One of my favorites Diana Palmer books. A little disappointed with the bookcover shown, this was an amazing SD cover with a hunky Gene on front showcasing his beautiful eyes. Can't believe a belt is better than his gorgeous eyes!

Allison has survived a very traumatic event but still manages to be sweet and caring. She is trying to heal and at the same time hide from the press. While sitting in a bar with her BFF she happens to notice a hunky cowboy with the most amazing eyes. But she sees beyond the beauty of his eyes to the torment he is hiding and she wants to help.

Feeling betrayed, Gene has been going through hell and giving it. He spots the pretty Allison in the bar and thinks he has found a new bed partner. But there is just something about her that is different from those other women. When she is nice to him, he rethinks that thought and goes in for the kill.

Both are harboring some secrets that are heartbreaking but hers will make him rethink his lifestyle and what he wants out of life.

There is a lot of emotion and tension throughout this book so you really get a good feel for both Gene and Allison. The author provided some beautiful scenery and interesting historic tidbits. A wonderful read full of that DP magic.

### **Aayesha Khatri says**

\*review to come, exams getting in the way\*

The lame-ness is getting on my nerves.

Also, not one of DP's best books.

I think I'm just not in a DP mood nowadays xD

---

### **Chitra \*CJ\* says**

“Nelson’s Brand” is the story of Nelson and Olivia.

A different type of Diana Palmer book, this one has the typical innocent heroine- jaded hero mixed in with a hero having a playboy lifestyle, both recovering from recent traumas and yes, actually doing it!

There are funny quips, hairy chests, mild angst and actual sexy lovemaking.

I actually really liked the story- the leads were archaic but really sweet, and the secondary characters likable.

Wonderful read.

Safe

4.5/5

### **Paisley says**

This is one of my favorite Diana Palmer stories. I have read pretty much everything she has written for the past 30 years and a few of them are favorites - this is one of them. Maybe it's the nostalgia for me - as I read it a long time ago and during a time of my life when this sort of mindless entertainment was crucial for my sanity. I still love this story all these years later. I think I have read it at least a dozen times over the past decades.

Anyway, I love cowboy stories, and I love them with a little spice (or a lot of spice) to them. This one is mildly spicy, lots of sweet and a good entertaining read.

### **Bekah says**

As far as romance novels go, this one is pretty good, and steamy! Both halves of our couple (Gene and Allison) have tragedy and heartache in their past. Gene received a troubling surprise about his parentage, and Allison survived life-threatening violence in South America. Their mutual attraction provided comfort and healing for both.

The Wyoming landscape and history add a nice dimension to an otherwise predictable story. Gene is a womanizing rancher, and Allison is a virginal missionary- the contrast makes them an unlikely pair, and also characterizes most books of this sort.

My biggest disappointment with Nelson's Brand is that Allison's back story is not very developed. She experienced true pain and loss, which could have really fed her character if delved into more deeply.

In my opinion, worth the time if you enjoy love stories with lots of sex!

---

### **Diane says**

Gene Nelson is a cowboy who is used to loving and leaving.

Allison is the daughter of missionaries and definitely doesn't have the skills to withstand the amorous advances when Gene focuses on her.

Delightful resolution is ahead!

---

### **Elizabeth says**

#### **Allison & Gene**

Both Allison and Gene are recovering from different traumas when they meet. The H is the typical womanizer and the h a inexperienced virgin. But this book is a sweet and sexy love story with a Hot alpha male and a typical sweet virginal h. I really like Allison because she can see and understand the pain tha Gene is carrying with him. And a love his shock when he realizes he seduced a innocent missionary. The love scenes were so tender but passionate and steamy. Highly recommended
