## Spicy Lexi Buchanan

Because of screwing up with Callie, during the summer, I'm drowning my sorrows with drink and women...or that's what I'm trying to do, but it isn't working. Every time I close my eyes all I see is Callie, her long flowing blonde locks, her slim curvy body with legs that go on for miles and breasts that make my mouth water. She's become my weakness and I have no idea how to make amends for my past sin...

It's been weeks since Reece left me without a backwards glance, and I'm an idiot because I'm finding it difficult to move on and forget him. It doesn't help that my best friend, Thalia, is engaged to his best friend, Phoenix. But tonight I intend to change all that and maybe do a little flirting with another guy and see where it leads...and who knows, it might even make the pain in my ass realize what he's missing...

I really liked the first book and was looking forward to this one.

Does Callie have no self respect? She finds the guy she has feelings for (and who supposedly has feelings for her) twice in the same night having sex with some other girl. Both times she cries and he feels bad, but he did it again? Then she lets him take her home while she's sobbing because of him. And the next morning, BAM they're together! Seriously. no.

Callie is a mix of innocence and seductress, I really don't know how she pulled it off, but she did!!! She can be innocent and shy without being pretentious, and feisty without trying too hard. She's also a great friend and a really FORGIVING soul. VERY, VERY forgiving. As for Reece - OMG. Hotness to the nth power, but he can be an a\*\* sometimes, a total alpha-male but he can be very sweet.

Of course, Lexi didn't disappoint when she weaved a great story with an amazing plot, sexy scenes and one surprising twist that I haven't seen coming. Since the moment she came up into the story, I was already shouting – WHO IS THAT GIRL TO REECE?! Why is he willing to leave Callie, in bed, dumbfounded just to go to her?

I understand Callie's hurt – it wasn't overacting, or being super sensitive. Hello! They just spent a world-changing moment together, and all of a sudden, he's gone? To go to another girl? Without any explanations? Yeah, a really WTF moment.

He came crawling with really no solid explanations, she gave him a chance, and once again had a blast together, and all of a sudden, here comes Dal once again, ruining it all. And he just stood there, not even defending her – ah yes, WTF. By this time, I hated him already. You claimed to be her boyfriend, you claimed that she was someone special – why stand there and allow this girl to trash-talk her?! Gaaahd. If I was curious about Dal before, I didn't care by this time because she had done so much damage, our two love birds are breaking apart. It was heartbreaking to watch Callie walk away, and him just standing there allowing her to do so.

And here comes the biggest surprise of them all – the truth about Dal. OMG. I didn't see that coming!!! I

wished he could have been just honest to Callie – trust her with the information because I believe this girl would keep his secret up to her death. She valued him that much. But no, he had to hurt her...

So, another groveling was done – really, how many times do you have to do something stupid and then have that realization almost too late and just make up groveling? Annoying right... I was adamant at Callie forgiving him instantly. He needed to crawl on his knees, do a grand gesture, suffer a little at first. But this girl loved him sooooo much that she was willing to forgive him, I hope he realized it before she tires of forgiving him!!!!

Just when I thought I was in for my HEA, more twists happened, and this time, it was worse. Good thing that Phoenix and Reece were there to save Callie. Mara came to his apartment, and um.... Of course, Donovan was there. Eight years her senior, her brother's best friend – sometimes you couldn't help whom you'll fall in love with. I can't wait to read their story!

I fell in love with Lexi the moment I read Sizzle, and this time, I fell in love harder with Spicy. The title had indeed live up to its name because from the start to finish – it's all spice, steam, and sexiness.

**Callie POV - Part One, Summer in Alabama**  
**Subject to change.**

Watching your best friend get pushed into the swimming pool and then carted off by a pissed off hunk doesn't usually happen were I come from. Then again, living a sheltered life on the ranch with my folks has stopped me from meeting guys I can do more than look at. Oh, I looked plenty at the ranch hands, but they were out of bounds and I certainly had fun as soon as I left for college, but now, not so much.

I'm a shy person by nature and it takes a lot to try and act like I'm a girl just looking for a good time. I mean who wants a girl looking for the one? These days, no guy is looking for anything other than to get off between a variety of girls' thighs.

Right now though, I'm standing beside the pool at Mia's parents house with two sexy guys of my own, both of them trying to protect me, and I'm sure as hell not going to complain. I mean, I have read Nicole Edwards books, which are pretty damn hot, and yes, like the rest of her readers, I fantasize about what it would be like to be with two guys. Fantasize about things that are forbidden in polite society.

A squeeze of my hips draws me from my musings and I lick my lips as I take in Reece, who is standing in front of me in a fighting stance, his feet wide, his fists clenched by his side. But right now it isn't Reece that is igniting the slow burn running through my body. It's Donovan as his hands grip my hips, holding me tight against him. And boy, can I feel him against me. All hot, hard and pulsing. He makes my knees weak, but

when Reece swivels to face me, I find I'm trapped between the two of them...and I like it. Reece is wild where Donovan's tame.

From the minute Thalia introduced me to Reece I had wet panties and was ready to make a fool of myself. Then she introduced me to Donovan and the look he'd shot me had me wanting to drop to my knees and beg them to take me.

If anyone knew what thoughts were in my head they'd be disgusted; the quiet, shy girl having impure thoughts.

My whole life, up to now, has been about me wanting to please everyone around me and I'm sick of it. What's wrong with pleasing Callie for a change? Nothing!

I have two men who appear to want me and if I'm reading the signals correctly they both want me together as in two guys and little me. Deep breath in. Deep breath out.

"Hey, stop hyperventilating. We're not going to hurt you or do anything you don't want us to." Reece winks before taking hold of my hand and then looks at Donovan. "Let's get her out of here."

Like a lamb being led to the slaughter, I allow these two really hot guys lead me away from the audience at the back of Mia's house to where they've parked up.

Donovan falls in beside me, his arm wrapping around my waist as Reece keeps hold of my hand, I'm positive that they're both afraid I'll bolt at the first opportunity. Little do they know, I can't wait to find out what they're planning for me.

At what I presume to be Donovan's truck, he opens the door, but not before Reece leans in close and whispers in my ear, "I'll see you in ten minute."

Goose bumps break on my skin and a shiver runs up my spine, almost curling my toes in delight. If this is what he can do to me with a few words, I can't wait to see what else he can do. As he starts to walk away, he mumbles something I don't quite catch before he turns back to me, and taking my face between his hands he seals his lips to mine.

For a split second I'm in shock before I start to return his kiss. Stretching up, I grab his head to hold him in place as our tongues continue to duel.

Never in my life have I been kissed like this – raw and wet. Very wet. The ache between my legs intensifies as I feel my dress slide up my thighs and hands rubbing my ass, pressing me into the hardness in Reece's jeans.

I break from the kiss throwing my head back moaning as Reece leaves a trail of hot kisses along my neck while Donovan slips his fingers between my legs.

"She's so fuckin' wet. We need to leave. Now," Donovan suggests, removing his fingers.

I immediately miss his touch. "No," I plead climbing up Reece and biting his ear.

"Fuck me," he groans.

"Yes," I laugh, tonging his ear while he grasps my thighs, which are wrapped around his waist. His cock is thick against me, and I can't stop rubbing against it. The friction is so good against my neglected pussy and my hips rock faster and faster as I try to press Reece's bulge into me. I groan in frustration at the feeling of cloth between us; I want my orgasm and I want it now with Reece and soon with both of them.

Oh, God. Donovan's fingers trace along the seam of my panties and I feel him slide them to the side a moment before his warm fingers slip between my wet folds.

My legs quiver with the build up of pleasure they're both causing. Reece holds me still and grinds against my clit as Donovan shoves two fingers inside me.

My climax rips through me while I shake and shudder against Reece as Donovan strokes my channel.

Reece clamps his hands tighter against my legs to keep me still while he breathes heavily into my ear, "I'm so close. Stay still."

Donovan removes his fingers from inside me, moves in even closer and turns my head to look at him before putting his fingers in his mouth and sucking.

Letting his fingers pop out of his mouth he says, "Now taste yourself on me." His lips touch mine, his tongue searching for mine as our breaths mingle, which is the most erotic kiss I've ever received.

“Let’s go back to your place.” Reece breaks my kiss with Donovan as he slides me down his very aroused body.

My legs feel weak, but all I can think about is getting him inside me. Getting them both inside me. The throb between my legs hasn’t really stopped with the thought of what I’m about to do.

Full of courage, I decide to tease them both so while I’m still standing between them with their hands still on me, I reach under my skirt for my panties and push them down my legs and off.

“Sonofafuckinbitch,” Donovan curses in my ear while my gaze stays on Reece’s.

I feel hands slip underneath my skirt again, covering my pussy and with one finger he starts to play with my clit at the same time as he rubs his erection between my ass cheeks.

Unmoving, Reece takes a few deep breaths before dropping to his knees and lifting my skirt.

“Sweet baby.” Reece just looks at my pussy, licking his lips, now that Donovan’s moved his hands to my naked hips to hold me still.

Reece uses his hands to open me up to his gaze and blows on me, sending a jolt to my core.

“Ahhh. Oh God. I want your mouth on me while Donovan sucks my tits.”

I’ve shocked them. They both freeze before Reece stands back up and Donovan smooth’s my short skirt back down my legs.

“We need a bed. I’ll meet you back at your place.”

With Reece’s statement, Donovan runs around to the driver’s side as Reece picks me up by my hips and lifts me onto the seat. He slams the door behind me and walks over to his bike.

S

“We’re going to treat you right, but Callie – look at me.”

I turn my head to look directly into Reece’s eyes, which is easier said than done when he’s standing to the side of me in jeans, looking heavily aroused, having removed his shirt and shoes.

“I need you to say it out loud so we both hear you. Are you sure you’re okay being with us both?” He gently massages one of my nipples as Donovan reaches out doing the same to my other one, but my eyes stay focused on Reece.

He’s asked me this three times already. “As I told you before, I’m sure. I’ve never been with two guys, but I read and it always sounds hot so, yeah, I want to know what it feels like having two cocks inside me at the same time.”

“Fuck. I’m going to be coming in my jeans if you keep talking like that.” Donovan unzips his jeans and shoves them down his legs. His swollen dick jerks now its free and points towards me.

These two delicious guys have me naked, sprawled out on my bed in my hotel, wet and aching, wishing they’d touch me between my legs as well as my breasts.

Hearing rustling, I turn my head to watch Reece. His back ripples as he leans over and slides his jeans from his legs. When he stands up, I gulp; he’s huge! He’s thick, long, and fucking pierced.

“You’re pierced – that’s hot.”

He snickers and looks at Donovan. “Told you the chicks love it pierced.”

“No fuckin’ way is anyone coming near my dick with a needle.”

I swivel my head back to Donovan and grin. He’s covering his cock with his hands as though he expects someone to run at him and pierce him. My laughter soon turns to a groan as he starts to rub his hand up and down his length.

My eyes widen, but I’m unable to look away. Who knew it could be so damn hot to watch a guy touch himself.

“You like to watch?” he asks.

My gaze meets his lust filled eyes, but I can’t keep it on his face as it slips back to his hands and what they’re doing. I feel the bed dip, which does distract me, more so, when I see Reece crawling on the bed between my thighs.

“I believe you said you want my mouth on you while Donovan sucks these gorgeous tits.” Reece rests his elbows on either side of me as he takes my generous breasts into his hands before leaning in and licking

around each one of my nipples in turn.

My fingers slide over his smooth head, before I caress his face as I hold him to me. His cock is cradled against my pussy and with the pleasure he's creating with his hands, I can't stop arching against him.

"Mmm." He feels so good, and I can feel his cock pulsing against me with the wet tip. He's leaking with arousal, which is so hot. I wiggle further into his embrace and wrap my legs around his hips.

"Oh, no," he groans breathing heavily. "I'm going down while Donovan moves in to play with these babies."

He kisses each of my nipples before leaving a trail of wet kisses down my stomach to my naked pussy. My legs fall from around him as I feel him spread me open.

"You're fucking gorgeous," he groans, and then leans in and kisses me.

I nearly bolt from the bed, but Donovan's beside me, kneeling, holding me down, and looking ready to devour me.

He takes my face into his hands and seals our lips together. As he deepens the kiss between us, he reaches out with his hand and pinches one of my nipples. I pant in pleasure.

Between Reece kissing, licking and fucking me with his fingers and having Donovan's hand on my nipple, his mouth locked on mine, I'm about to combust.

"So fucking tasty." Reece sucks my clit into his mouth. "I can't get enough of you, baby." He feathers kisses along my groin and on top of my pussy before moving back to my core.

Needing to touch, I reach out between Donovan's legs and make contact with his balls. He breaks from our kiss and curses a blue streak while trying to catch his breath.

I squeeze lightly before stroking up to the tip of his cock and rub his leaking essence around the mushroom head. He's pulsing with want in my hand.

Leaning over me, he starts to suck my nipples into his mouth, alternating between them. My breasts are so sensitive.

Taking a firmer hold of his shaft, I start to jack him off, just as Reece shoves two fingers inside me and one, unexpectedly, in my ass while he sucks my clit, deeply into his mouth.

"Oh God," I moan, arching up from the bed, delirious with pleasure. I tighten my hand around Donovan and speed up my movements. "Come with me," I whisper to him.

My hips start moving involuntary against Reece's mouth as I chase my orgasm, holding Donovan's stare as my hand strokes the length of him. The ball of fire starts in my stomach and gradually moves outwards.

"That's it. You're going to come – fuck baby," Reece groans between my thighs.

Then my climax hits. I shake, groan and pant my way through the best, fucking orgasm in history. Breathing heavily, I open my eyes and watch Donovan rear up from my breasts with lowered eyes as his cock hardens - lengthens before he groans and starts shooting cum all over my breasts.

"Motherfucker." Reece groans.

My eyes move to him as I release Donovan from my fist. Reece is breathing heavily while rolling a condom down his thick, pierced shaft.

Unable to move, I watch Reece climb onto the bed beside me, lying on his back, his cock hard as steel jutting up, jerking with excitement. A shirt lands on my chest as Donovan leans in and cleans me up the best he can before Reece leans over and pulls me to lie on top of him.

He pushes my hair out from my eyes before looking deeply into them and bringing my head down to him as he kisses me. This man's kisses should be bottled and sold because he'd make millions. The slide of his tongue against mine is arousing as hell.

Donovan climbs on the bed behind me, and starts to stroke down my back in soothing caresses, paying extra attention to my hips, ass and between my legs. He rubs around my sensitive clit and around the entrance to my core before dipping inside me. I groan into Reece's mouth. Reece moves one of his hands between us to one of my breasts, and starts' rolling my nipple between his fingers while his tongue is still doing wicked things to my mouth.

Then I feel Donovan start to push into my ass with a finger, making me wetter and I rub against Reece who pulls away from my mouth gasping for breath. His dick is pulsing against my stomach as I continue to rub

uncontrollably against him while I feel even more pressure against my ass.

“Three fingers, now,” Donovan whispers, his voice tight with lust.

Fuck, he’s going to make me come without Reece being inside me. That can’t happen.

“Now...please...I can’t wait.”

Donovan withdraws his fingers and lifts my hips up, which give him a good view of everything between my legs.

“Fuck...shit. She’s dripping.” He groans, as Reece takes hold of his cock and positions himself at my core. I don’t think, because I just want to feel, so I drop onto him. He goes balls deep and grips my hips for life. He feels so good. So big.

“Don’t move,” he grounds out. “Shit, I’m holding on by a thread here... Hurry the fuck up.”

“I’m about ready,” Donovan says, as I hear another condom wrapper rip open.

Reece clamps his hands on my ass and spreads me open. I feel Donovan’s cock at my forbidden entrance. He slips straight inside, an inch at a time. Stretching me, but stretching me good. Without them even moving, I can feel my climax starting to build. I clamp down on them with my internal muscles only to hear them both groaning.

Keeping my eyes open because I want to watch Reece come, I lean down and seal my lips to his, sucking his tongue into my mouth – not letting him go.

Donovan’s hands slid from my waist, up to my breasts and he starts to pinch, roll and pull my nipples. I want to shut my eyes, but I can’t. I stare into Reece’s passion filled eyes as he uses his hands on my hips to move me up and down his dick. Donovan catches the movement and starts to slide back and forth into my ass with each flex of my hips.

My whole body is tingling, even my scalp. The only sounds, which can be heard, are skin against skin, heavy breathing and the occasional cuss or groan. I feel as though I’m about to detonate, my stomach muscles begin to quiver and tighten...and then I’m coming...

“Ahhh...Oh God,” I scream. The muscles in my pussy and ass are clamping and quivering around the two cocks in so much pleasure I’m not sure where I start and they begin.

Then Reece holds me still as he starts to jerk with his release, and he isn’t the only one as I feel Donovan jerking in my ass. He growls as he does shallow pumps with his hips before slowly withdrawing and collapsing on the bed to the side of us.

The whole time, my eyes have been locked on to Reece who is having problems catching his breath. Not once since he entered me did we break eye contact.

S

After the decadent afternoon spent with Donovan and Reece, I’d gone down to Ryder’s and spent the evening with Thalia while we watched Deception on stage. The guys had been hot as hell up there, especially Reece who I couldn’t keep my eyes off. Oh, they’d both given me an afternoon to remember, but it had been the evening after we’d all left the bar, which was even more memorable.

Reece had wanted me to himself and made it clear to Donovan that he wasn’t to touch me again. In fact, he’d been damn possessive.

Arriving back at my room, he’d fucked me six ways to Sunday. I sigh at the memories we created last night as I feel his hands slide over me. His kisses press against my stomach as he watches my reaction. His eyes search my face as though he’s trying to memorize me. Trying to burn this gentle lovemaking into his mind so he can never forget.

My brow furrows at the thought, but before I can form the question, Reece sweeps me into the eroticism of his embrace and I’m lost to everything except his words and his touch.

The shrill sound of a phone ringing pulls me from the delight of Reece as he stiffens. Jumping off the bed he unlocks his phone, and raises it to his ear, saying, “Dalli.”

He gives me one last, longing look before turning his back to me to keep me from hearing what he said. He dresses while he talks before grabbing his bag and leaving without one look or word in my direction. He just left. Tears sting my eyes and I can’t believe that he just left like that. I swallow down the hurt threatening to

crash over me. Even if there was an emergency at home or elsewhere, at least he could have said something. And who the hell is Dalli? I'd never heard that name before, but then again I've only known Reece since yesterday so I suppose that's to be expected. But why the fuck did he leave without saying a damn word? Well one thing I do know, and that is, I'm through with him. No body spends all night in my bed, and then wakes me up like a lover only to leave in the middle of our naked play without a word.

“The bastard.”

Now my tears arrive...

Holy Hotness! Definitely need to keep the fire department on stand by. The Hot as sin Reece will have your kindle on fire and your panties wet with just his words alone. I love how Callie don't put up with Reece bull and seems she can keep him on his toes. I like how these two struggle giving them a realism to them. I'm happy that we get to see the secondary character and what is going on with them. I absolute love this series and I can't wait to see more from them.

If your looking for a Hot, Sexy as Sin Rocker Bad Boys then you definitely need to read this series. So get comfy because once you start, your not going to want to put it down.

Lexi has once again wrote a beautiful, hot and steamy book and I can't wait to read more.

#### **BETTER THAN THE FIRST BOOK IN THIS SERIES**

Callie and Reece are attracted to each other, they get together but then Reece messes up. But both of them can't seem to get the other out of their thoughts. Then Callie finds herself in Reece's company again as her BF is with Jack, Reece's fellow band member. The question is can Reece make things right with Callie.

This is a better written book than the first in the series IMO. But it's not without it's flaws either. Why is it when one of the leads in the story has a secret that's affecting his relationship with their love interest does the secret turn out to be a WTF moment really is that it! In Reece's case it is another woman who seems to have him at her beck and call. He refuses to talk to Callie about her causing massive problems for himself. Then when this other woman is coming to stay, Callie discovers she sleeps in the same bed as Reece. When we discover her relationship to Reece, that's just so wrong, and very disturbing! There were one or two other instances where Reece did things that most women would have not tolerated, but I suppose love is blind. Like the first book there's lots of sex, I think there's to be a third story about Donovan the other band

member.

Spicy (Bad Boy Rockers #2)  
by Lexi Buchanan

This is Reece and Callie's story its book 2 in the Bad boy rockers series and can be read as a stand alone with no cliffhanger endings.

After their encounter in the summer when Reece walked out and left her for another woman Callie was gutted and hurt, he ignores her until he sees that she is getting attention from other guys and that gives him the push he needs to try make a go of things with her but how long until he screws it up again.....

From the very begining this book is one hot read with plenty of wild sex and bad boy rockers. Throw Donavan into it and you have one electrifying hot threesome that is one of the hottest I have ever read. From the moment that I found out that Reece has a piercing down below I was smitten by him and even though he was being a silly fool I still loved him he is just a little scared of commitment. I also really like Donavan he is a bit more sensitive and was quite envious of Callie having both of them.

The pov switches from Callie and Reece and I loved being inside Reece's head. He is cocky and big headed and is just pure perfection, I really want to know where I can find a man like him.

This was so easy to read and I ploughed through it really quick but be warned that you will probably need a few cold showers just to calm yourself down. Honestly this book should come with an x rated warning.

I am so desperate to read the next book because I thinks sparks are going to fly.

I love love love this author and with each and every book she writes I know that I when I read it there will be no disappointment.

I received a copy from the author in exchange for an honest review

5 stars for Amazon & 5 stars for Goodreads

Spicy

Summer in Alabama changed Callie in more ways than one. After an explosive encounter with 2 hot band members her heart will never be the same.

Reece is a wild boy who never gives his heart away, that is until a hot afternoon at his best friends brothers wedding. Even though he is not the only one participating in this hot encounter his heart is left with Callie.

Reece is keeping a secret that not even his best friends know. When he gets a call he knows he cannot ignore he leaves the hot girl in his bed and never looks back.

I close my eyes, but when I do I still see Callie, shock filling her face when I walked out and left her without a word.

What happens when you realise you have made the biggest mistake of your life and lost the trust from the one girl who you finally gave your heart away to. Can he win back the trust of the person he has opened his heart up to.

She's my obsession. I've never been plagued with dreams about someone before. But Callie. I can't get her out of my head

Reece knows he messed up but what could he do, he couldn't open up to Callie about his phone call, it wasn't story to tell.

I love my bad boys. I have even made room in my heart for bad boys who have royally f\*\*\*\*d up but Reece...nuh uh - talk about walking STD.

And Callie - what a pathetic, whiny, cry baby! Have some damn pride, girl! The man you are hot for walks out on you after a sizzling encounter, ignores you for weeks, and when you next meet up (at a party), walks out with some groupie right in front of you to get his knob polished (encounter 1).

After a brief recovery, our boy decides to give his enthusiastic partner a little oral stimulation (encounter 2). By this stage, I was getting ready to chuck my Kindle - frisbee style - across the room but being the sucker for punishment that I am, I decided to push on. After all, things couldn't get much worse, could they?

Wrong! Callie stumbles across Reece taking one last ride against a wall (encounter 3) yet, less than 10 minutes later, she allows him to put his nasty tongue in her mouth whilst she grinds on his pole.

Really??? Can someone please tell me what there is to admire about a situation like this? It was so dysfunctional. I mean, I love my angst but I also like my h's to have some self-worth and maturity. Ugh, so disturbing.

### **LeeAnne says**

This is a tough book to review. It's definitely "Spicy" and I would give the steamy side 5 stars. As for the plot/story itself, it was a bit lacking. I struggled getting past a few of the scenes especially when the heroine walks in on the hero getting a BJ and shortly later is not only forgiven, but they're having sex. I felt like the author had so much to work with but focused way to much on the sexy side of this story. I didn't read book

one in the series but didn't feel that this could be read as a stand alone.

Callie, Reece, and bandmate Donovan enjoy a night together and after it's over Reece claims Callie as his alone so Donovan leaves. Shortly after, Reece gets a phone call and leaves Callie without so much as a backward glance. Weeks later, with no contact at all from Reece, Callie is furious and when her friends talks her into going out she runs into Reece. Reece thinks that Callie deserves more than he can offer and that's why he hasn't contacted her. After Callie and Reece have words Reece does the dumbest thing ever by shoving his tongue down another girl's throat pissing Callie off even further. Crazily enough, Callie forgives Reece and they give a relationship a go.

There were so many times in this book when I wanted to yell at Reece, the decisions he made were so immature. I almost think that it would help this story a little if his character were like 19 instead of 26 because he sure acts like a teen.

The ending and the steam factor are the things that saved this book from having a lower rating. It's an interesting read and If you're looking for a super hot, sexy read this is one you should definitely check out, it's not lacking in that department at all.

### **Catherine says**

the leading lady Cassie had no backbone every time Reese messed up she would be like no more and then cry and cry and cry (she loves to cry this girl) then she would forgive him with no fight what so ever, I mean he just f#\*ked a girl outside now she's having a go with him (yuck) and plus her weeping va jay jay all the time, I think she needs some tenna lady for that problem or see a doctor. This just didn't do it for me.

[ Reece had sex with the random groupie, oral and all, and in the same night, he had sex with Callie without so much as brushing his teeth or taking a shower. I was so grossed out by that. (view spoiler)

I love how Callie doesn't put up with Reece bull and seems she can keep him on his toes. I like how these two struggle giving them a realism to them. I'm happy that we get to see the secondary character and what is going on with them. I absolutely love this series and I can't wait to see more from them.

If your looking for a Hot, Sexy as Sin Rocker Bad Boys then you definitely need to read this series. So get comfy because once you start, your not going to want to put it down.

Lexi has once again wrote a beautiful, hot and steamy book and I can't wait to read more.

**OMFG!!!! This book was like a MILLION times better that the first book in the series... honestly Phoenix was alright... but DAMN, Reece was SO FREAKIN' HAWT!!!! And let me be the FIRST TO ADMIT, picturing Alfie (the cover model) as Reece made him SOOOOOOO much hotter... \*SMIRK\***

**And after that ending, I am DYING to read Donovan and Mara's story in Sultry!!!!!!!**

Callie is nothing but a whimp who let's Reece (a total dickhead) walk all over her. She would cry (so much crying in this book) and say she was going to move on, but would just jump into bed with him immediately. She had no self respect and I ended up putting the book down multiple times because I was so frustrated with this couple. Hopefully the next book is way better than this one.

I enjoyed this book,  
This book was definitely hot, from page 1 all the way through.

The only thing I found a bit annoying was the fact that Callie kept forgiving Reece so quickly. I mean jeez let him sweat it out a bit.

But I enjoyed the story. I would say a definite win on this one, if you want a quick/hot/steamy read.
