Spider-Man 3 Peter David , Alvin Sargent (Screenplay by) , Sam Raimi (Based On Work by) , Ivan Raimi (Based On Work by)

How long can any man fight the darkness before he finds it in himself? Peter Parker has finally managed to strike a balance between his devotion to M.J. and his duties as a Super Hero(TM). But there is a storm brewing on the horizon. When his suit suddenly changes, turning jet-black and enhancing his powers, it transforms Peter as well, bringing out the dark, vengeful side of his personality that he is struggling to control. Under the influence of the suit, Peter becomes overconfident and starts to neglect the people who care about him most. Forced to choose between the seductive power of the new suit and the compassionate hero he used to be, Peter must overcome his personal demons as two of the most feared villains yet -- Sandman and Venom -- gather unparalleled power and a thirst for retribution to threaten Peter and everyone he loves.

Brandon Luna says

Amazing!

Indah Threez Lestari says

Yang paling inget: dibacanya sambil ngantre tiket bioskop di hari pertama pemutaran film Spiderman 3 di Blitz Megaplex PVJ. Meski nggak niat pamer, *just wanna know the story before watch the movie*, tetep aja seneng kalo para pengantre lain jadi penasaran sama buku yang gw baca. wkwkwk...

n.b. seperti biasa, even if novel ini katanya diadaptasi dari naskah filmnya, coz banyak adegan yang berbeda, jadi bertanya-tanya naskah versi berapa yang dijadikan acuan, ya? tapi tentu aja, hak prerogatif sutradara sih kalo at the last minute mengubah adegan dalam naskah sesuai selera pribadi...

Dowon says

This book is pretty much based on the movie and did not have much of non-canon material in the book. Also the book shows detailed information characters like emotions and why they fight. Also the cover shows dark and sad and depression on the cover. Also it is a fun book to read in summer vacation(=summer homework).

Jason Halabi says

This is truly a web slinging action packed book. I recommend this book to anyone with the love of action and drama. I really found the plot of this story to be enjoyable and realistic. Peter Parker finally found how to balance his two lives, one of a normal citizen and the other of a super hero. However, his life turns upside down after finding his uncle's true killer who he swears vengeance on. During his sleep, Peter has unknowingly bonded with a symbiotic substance which then brings out his dark side. However, his actions lead put his girlfriend in mere danger. In order to save her, he has to face two of the most devastating villains, Venom and The Sand Man. I really liked the internal struggle that each of the two characters, Peter and The Sand Man, had to face. Peter was forced to choose between the seductive power of the new suit and the compassionate hero he used to be. Similarly, we saw The Sand Man's struggle between being a good and loving father and the villain, forced to commit crimes and steal in order to gain money to save his daughter.

Jack Crofts- says

Peter finally strikes a balance between his relationship with Mary Jane and being Spiderman. But one night

his Spidey suit changes, turning jet-black and making him feel powerful and changes peter's anger and he must choose between the suductive power of the new suit and the compationate hero he used to be.

Andrew says

For those of you who were a little lost during the actual motion picture, this book fills in all the movie's failings and gaps. Peter David does an amazing job of illuminating us in all of the characters' motivations and histories. It is always too bad when the movie-version doesn't live up to expectations; always a minor plus when the book-version helps out.

Discussion question

1 Can you control your own mind?

A Yes I can. We have to control in any cases. However, I cannot control my mind when I drink too much.

2 If you lose your friend, what would you do? Can you recover soon?

A In my case, I cry in a few days. After crying, and I will think it is not a bad thing but a precious opportunity in my life.

These days I continue to read Spiderman series. I like this serise very much. Especially, there are a lot of action scenes in Spiderman 3. It was really exciting for me.

Cody says

Made me hate MJ

John Hamilton says

It is great and exciting.

Roger Walker says

Love this book you should totally buy it! Sooooo much better then the movie you can definitely tell almost everything bad about the movie was because Sony changed Sam Raimi's original ideas...

Diego says

Really good book. It was a little different than the movie but showed other peoples' perspectives. It advanced quickly and included all of the important parts of the movie.

Jordan Taronji says

If you love spiderman you will love this book. spiderman 3. based of the movie it was a great book. Peter parker wants to marry mj. But spiderman is in the way. After getting a new costume from outer space. He does things he normolly would never do. Be prepared as spidey faces sandman, green goblin, and the evil VENOM. GO SPIDEY.

-2 questions

1. Can you forgive the person who the life of person who is important for you maybe I cannot. I will take revenge.

2. If your friend would become your antagonist, what would you do?

It is difficult question. I would say "Let's talk before we fight"

there is one of my favourite wise remark in this story

"With great power comes great responsibility"

by uncle Ben

Timothy Carter says

Just like with Batman Forever, Peter David manages to take a fairly mediocre movie and make an entertaining novelization from it. I particularly liked how he got around some of the story's more obvious flaws. For instance, the highly unlikely coincidence that placed Spider-Man and Eddie Brock in the same church, or that science experiment Flint Marko happens upon when he becomes Sandman. After reading this book, I came away feeling that perhaps the movie hadn't been quite so bad after all. Well done, Peter!

Matthew Ledrew says

Ugh, dear god these novelizations. When will I learn? The good are so few and far between. It's like dating from a website. The chances of finding a good match through the trash is so unlikely you might as well not

even attempt to try. But anyway, I trudge on.

This is Spider-Man 3. I mean, need I say more. I hated this movie. I hate the book based on this movie. Not even Christopher Golden could save this mess. It's just ludicrous.

Where it really fails is when it tries to be bigger than it is. Right off the front, it gives a painfully hammy bit of exposition where Peter battles Harry Osborn and laments (through internal monolog) that he's never faced anything like this before... Not the Green Goblin, not Doc Ock... Nothing. This is overly dramatic and, worse, it starts off with a very inhuman element to the story. It's delving too early into the Scifi element of the plot, and making it so the readers can't relate to the characters.

This book has too many plots, too many characters, and too many things fucking flying at you at once... But then again, so did the movie. So what did I expect? You can't make gold from shit.

I'm giving this 2/5. It's not good, but it accomplishes its task. It accurately translates the film to the page, even though that's not a good thing.
