The Seven Spell Tessa Stokes

Suitable for eighteen year olds and up the third book in The Seven Spell Saga sees Tristan, Chloe and Oliver think they are finally safe from the influence of the 800-year-old magic spell that had hung over Tristan's life.

The arrival of a man behaving strangely at the Abbey Museum heralds a new twist in their story.

As everyday life goes on, with Jack Dearing seemingly determined to rid the family of Tristan and Chloe heading deeper in love with Oliver, a series of bizarre magical things happen to complicate everyone's life. Does the beautiful girl visitor that catches Tristan's eye mean the end of Chloe and Tristan?

The 800 year old legacy of Sir Edmund Dearing is not all bad when the friends collaborate to help Tristan As events spiral almost out of control, Tristan fights to save his home and his relationship with Chloe.

Alex Le says

So much going on in this book that it's hard to know where to start, and what not to put to avoid a spoiler. If you've read the first two in the series, then you'll adore this addition - and I would recommend you read them in order.

All the magic, romance and mystery, this time with the addition of some gentle comedy.

As the portal becomes a little wayward, Chloe, Oliver and Tristan struggle to cope with an influx of visitors from Norman times. How to either integrate them into the 21st century or get them back without causing a time paradox poses a unique challenge for the three friends, and the erratic nature of the portal only adds to the headache.

And as if that wasn't enough to cope with, Tristan's relatives become difficult, throwing money problems and legal issues into the equation - which when you're 800 years old with no believable documentation to support your claim can be somewhat awkward.

And of course the romance is as sizzling as ever. I enjoyed seeing Chloe start to lose a little of her innocence, and the gentle way the author shows her realising the effect she might be having on the two boys. She's much more sweet and innocent than I was at that age (or maybe I was just a teenage wild child).

So it's straight on to Book 4 for me. Can't wait to see what happens next.

Bethany says

The Seven Spell is the third book I have read in this series. It's great because the love relationship between Chloe and one of the guys really moves ahead a little and I was hanging out for it to be even more but the story has all kinds of things happening. It's funny in places too and yet serious at the same time. There are new characters in this book and they are still so interesting.

I was really pleased I already had the fourth book by the time I had got to the end of this one because I really needed to know about the love triangle that keeps on going and the new secret find in Chloe's place.

I think she will never make up her mind and that's great, it's one of those stories where you know if it was you in her place you wouldn't choose either.

I really liked what happened between the girl from the past and Chloe. I love what happened to Laura. This whole series is fun, I love these books and I am hoping there are more.
