Have really enjoyed reading these books out loud with my daughters. The character of Ramona is so relatable and love her parents too.

What fun! This collection isn't exactly what is listed here but an audio collection of Cleary. I picked it up when many readers I know expressed woe at her recent death - waking me up to her existence and that maybe I should find out why so many people loved her. I truly enjoyed every one of the books in this collection, *Ellen Tebbits*, *Otis Spofford*, *Emily's Runaway Imagination*, *Mitch and Amy*, *Socks*, and *Muggie Maggie*. I felt as though I had time traveled back to my youth in 3rd and 4th grade. I intend to read every word Cleary wrote, soon, as these books were absolutely delightful. I wish I had known of them sooner.
