Far from interesting,I know..Five stars on the ground of the research of Dr. Elmessiri who has spared no effort in critiquing the deconstruction of Jacques Derrida.A thoroughly insightful book..I like the fact that each writer comments on the writing of the other one..This definitely enriches the understanding of the reader,or at least it facilitates that..I read it to enhance my research paper in critical theory...If u are not already familiar with both author speak about,u are more probably to despise both the book and the authors..Anyway,good luck in the next book,everybody...
