## **Broken Fences** Kelly Gendron

*Colden Saint James, Dusty Owens, and a single night of passion had equaled to poor old Mr. McAllister's broken fence. Add six years, a troublemaking photo, and there's not a fence in Texas that's gonna be safe...*

It took Dusty Owens two years to land Colden "Saint" James, even if it was for only one night, but the very next day, he was gone. Now, years later, the "Saint" has returned, but he's no longer the do-gooder rookie cop Dusty remembers.

Dusty Owens always had a way of making every single one of Colden's man parts go all hard. He'd been so close to falling for the girl before he'd left Odessa. Now, due to a troublemaking photo, Colden must return to his hometown to keep her safe. Trouble is, he's a different man—not to mention the change. Well, it's gonna cause all kinds of problems where Dusty Owens and all of his man parts are concerned.

\*Warning ~ This book contains explicit sex scenes, graphic language, and is intended for mature audiences.

## From Reader Review Broken Fences for online ebook

### Jen Cothran says

A SCORCHING HOT and SIZZLINGLY STEAMY HEA that is heartwarming and leaves you \*swooning\* for more!! I gobbled this book up and can't wait for book two!

Dusty is a strong woman who has abandonment issues and a broken heart. Dusty, in her finest hour, lets you know that, "Pussy gonna want what the pussy wants." You can't help but love and laugh and clench your thighs at this hot good girl who wants to be bad for one man....Colden!

Colden is a Saint turned Bad Good-boy who broke a fence and Dusty's heart. With a troublemaking picture, Colden comes back into Dusty's life after being away for over six years. This sexy bad boy who is sooo good, makes his way back into her life and attempts to mend broken fences.

---

### Lustful Literature says

#### \*\*JJ'S REVIEW\*\*

Broken Fences is about a girl who fell in love with the town do-gooder. After a night of passion where she loses her virginity to Colden, Dusty is left heartbroken when he leaves town the very next day. Six years later Colden comes back to town and he is definitely not the do-gooder Dusty remembers him to be. He's sent back to their home town to protect her and keep her safe after an assignment that kept him away goes wrong.

Even though it's been so many years since they've seen each other neither one of them have ever forgotten or stopped loving each other. Dusty tries to fight her feelings for him, she doesn't want to fall back into the girl she once was and give him the opportunity to hurt her again. Nothing about him is the same as she once knew, he's not the same guy he used to be and because of his job he can't tell her the truth about why he left her.

*"The new and improved St. James was hot, and her knees were already begging to hit the floor for him."*

*"The man actually smelled like sex-hot, sweaty long, hard sex. Every hormone inside pushed for her to lean forward, to get closer to the thigh-clenching aroma."*

Colden doesn't let her anger towards him stop him from getting what he wants. Dusty is his and no matter what he always gets what he wants. He's hot and sexy and this older version of the man that once broke her heart has her lustful after him once again.

*"I'm through giving, pretty girl. Now it's takin' time. But you don't worry. You're gonna like what I plan to take from you. I promise."*

*"I'm gonna f\*ck you so good. I'm gonna f\*ck you so hard. And, one way or another, I'm gonna get rid of all that hate too."*

This was a good, sweet story with some steamy sex thrown in the mix. The character were interesting, the plot had me invested, I just felt like there was something missing. After reading the synopsis I expected the threat to Dusty's safety to be more then what it was. I wish the author would have committed to that aspect of the story a bit more so we could really feel like there was a real threat. I also kept waiting for that moment in the story that catches my breath when two characters finally fall in sync with each other but that moment never came for me. There were moments that I really liked though don't get me wrong, just wanted more.

---

### **books are love says**

I want Colden. He was such a hotty totty. I don't like what he did in the past but it is understandable. Although he did cause Dusty to shutdown her heart because of it dang it. So Colden is the town's great guy or so everyone thinks except Dusty but she is a little ticked at him. To me Colden is your knight in shining armour who just found love and is scared of it until it is too late.

Dusty is a sharp witted, funny young woman who has her heart broken and torn to pieces leaving her with some trust issues. She owns a bar and is helping her cousin with her wedding to Colden's brother. This is where Colden comes into her life again.

But colden has changed and I tell you the exchanges between Dusty and Colden are funny and in some instances Smokin'. They will set your kindle on fire at times. She with her snarky sharp wit and him with his comebacks are just wonderful to read.

Dusty does start to melt her frost off the heart for him but Colden does what she thinks is a bonehead move, albeit it does seem like one and she distrusts again. Colden is just protecting Dusty his one love the only love he has ever known and will ever know and want.

A fun, sexy fast paced read that will have you laughing at parts and rooting for love to conquer all.

---

### **Tbird London says**

Dusty had saved herself for six years. After one night with Colden and breaking a fence during her first sexual encounter, there was never going to be anyone else for her. Unfortunately he left the next day and she never heard from him again. She was told that he had married and had three children so Dusty did what she thought was best, she moved on with her life.

One day Colden walks back into her bar, she figures it is because his brother is going to marry Dusty's cousin in a few days, but Colden had other reasons. He knew he needed to protect Dusty from something she had no part of and he accepted he was the reason she was in danger, but how was he going to protect her and still keep his secrets hidden?

This book was not an intense read, but there isn't any way your heart can't melt for Colden. When you learn what he has been doing for the last six years and why he came back you know he is the man who would be hard to resist. As the story goes we get to see a part of Dusty that she hides so well, her fears and heart-break but she is a fighter and she is going to resist Colden if it is the last thing that little spit fire does. Good thing for her she has a talkative cousin and Colden is a stubborn man.

The love scenes between these two are unique, you see the little spitfire melt, then turn to ice again. The alpha male takes complete control over their sex life, yet is lost in the dark when it comes to her emotionally. You wonder at times if these two will ever stop trying to read the situation as they see it and just start hearing each other, even their nonverbal clues are screaming loudly. Those two are meant to be and this story is about them realizing it and accepting it.

I love that the author showed us what was really fueling Dusty's rebellion, she could have been seen as a spiteful woman, but the author let us see the broken little girl inside and the strong woman on the outside. We got to see the Colden put his pride aside and learn to deal with the pieces of Dusty that life had left. They are an adorable couple and I just loved this story. If you want a HEA then this is for you. It isn't intense, but it keeps you going because you just have to find out what was the final barricade that needed to be taken down for these two to find their happiness. God knows it should have been clear in the beginning, but not with these two lovable, head strong people.

---

### **Dawn Smith says**

I was provided an ARC of this book in exchange for an honest review.

Holy schmexy pants.. This book features some of the sweetest yet sexiest scenes that I have read in a long time. I had never read this author before and was pleasantly surprised by this book. Broken Fences charmed me with its tale of young lovers, torn apart and then reunited years later in the face of danger. The road to true love 2.0 is bumpy and filled with pot holes and emotions but so well worth the read. This is a tale of young love grown up. forgiveness, heartbreak, danger, sex and love.

Dusty gave Colden her innocence. He took it and then walked away. Years later he comes back full of secrets and the need to protect Dusty from danger he may have placed her in.

Colden and Dusty are very likable characters and you can witness their growth throughout the book. Colden is totally 100% alpha male tattooed bundle of sexiness. He is powerful and protective. Hot as all get out. Time has changed him but he will do anything to keep Dusty safe. I cannot express how much I loved Dusty. On the outside, she may be a tough girl but deep inside, she will always be the girl in love with and chasing after Colden. She is a combination of sweet and sassy who gives as well as she takes. When Colden comes back to town she doesn't just fall at his feet. No, she makes him work for it. She is justifiably angry. I really enjoyed the interaction between these two characters and the wealth of emotions that they express. These are two people who have experienced the pain, heartbreak, and joy that real true love brings. They have a history and this adds a rich and depthness to their characters.

What can I say about the plot. It was great. There is a wedding, a bet, lots of hot sex, and a pig. Does it get any better than that? This is a really fast paced and fun read. There are parts that may break your heart but it is so well worth it. I love books about re-united couples and this is easily one of my favorites. I love that I found a new author to follow and I cannot wait for the next book in this series. 4.5 out of 5 stars.

### **Heather andrews says**

Oh Colden I love you so much, "yes, if my memory serves me correctly - which I'm sure it does, as it's rather

vivid - this man knows how to handle you just fine." I loved his thoughts, "who the eff is this Travis guy...and why the hell does he think he can touch what's mine?" Sometimes you have show you care about the other person and even though Dusty thinks she doesn't appreciate it deep down the girl does, "you can fight me all you want, girl, but neither me nor this..." He pressed closer, his hard co\*\* making contact with her soft, pliable body. "We're not going anywhere anytime soon." Do you know how excited I was to find out the man has a happy trail!?!? Those things seriously turn me on, "he was wearing only a pair of heather gray sweatpants and even sitting down, they hung deliciously low on his hips. Her eyes diverted to the thin, dark trail of hair that was soon lost in his waistband." I think Colden is always horny and that is seriously hot, "cause I'm no longer exhausted. In fact, I'm all rested up and, uh..." He glanced down at his faithful morning hard-on. "As you can see, I'm ready for ya too." I really did like this book and I can't wait for the next one.

### **Anny hernandez says**

\*\*\*\*\* I received an ARC copy for an honest review \*\*\*\*\*

First let me just start by saying that this is the first book that I read from this author and cant wait to read more of her books.

Holy HOTNESS I just finish reading this book, and I love it this book pull me in from the first letter to the last, I couldn't put the book down that's how good it was, I could tell you that this book is HOT, SEXY, and the characters are well developed, love the characters and how the book turned out to be I just want more couldn't get enough of it.

Love the character of Dusty Owens, now Dusty owned a bar, she is funny, smart, beautiful, and she knows what she wants, she is not afraid to say what's on her mind, but even though she looks so tough on the outside, she is having issues with feelings on the inside, she is hurt cause everyone she get to care about at the end they end up abounded here even the man she felt in love with.

Oh Love the character of Colden Saint James, now let me just say that Colden is one sexy hunk of a man, he has tattoos he knows what he wants and he takes what he wants, he will do everything that he can to protect those that he care for, I just love his attitude and that strong sexy as hell language that he use, he just wants to make you drop your panties for him WOOW I just love everything about him.

Six years ago Dusty and Colden hook up, Colden took her virginity away, the next morning he was called on an assignment and he end up leaving Dusty with no goodbye no nothing, that left Dusty with a broken heart, but even though those six years has pass by and Dusty never forgotten about Colden she still in love with him, and Colden is back to his home town and after seen Dusty again he knows that he still in love with her and he never stop loving her, I love their sex scene are hot and heavy and they love to tease each other, love it how Colden let Dusty know that when he wants something he takes it.

I hope that when you read this book that you get to enjoy it and fall in love with it as much as I did. I want to say THANK YOU AUTHOR Kelly Gendron for introducing me to this amazing characters and this awesome book. LOVE IT

### **Taintedskyee (Books Books&More Books) says**

This book didn't work for me.Though I must admit it worked to put me to sleep.Story is very simple the Guy St.James if I remember correctly had sex with the Girl Dusty Owen and broke a fence for the very first time and he disappears returns after 6 yrs again has sex and disappears but in a different place and way ofcourse. In between his disappearance act he teases the Dusty Owen,dominates her a bit,Kidnaps her to protect her and had sex ohh sorry makes love gives her multiple orgasm with change of position and place and Blast everything becomes alright.Some Characters were introduced for future books I guess.....yep that sums it all,ooh I forgot he is a Undercover agent and though he claims to love Dusty from the very beginning he only returned.....SORRY!!! Cant tell you that,should keep some suspense.....:D  
2 star for the authors effort and the cover,HAWT cover and I am a cover whore.

### **Renee Entress says**

4.5 Star Review – Broken Fences (A TroubleMaker Novel #1)

I recommend this book.

I enjoyed this book by Kelly. This book includes passion, laughs, heartache, pain, and betrayal.

Dusty Owens had one night with Colden Saint James after trying to get him for two years. When she gets her chance he takes her virginity, they broke a fence and he left town the next day with no word.

He has been gone for 6 years but he's is due back for his brother's wedding. Now he is in town and looking better than ever. But since Dusty was told he is married with three kids she should be safe right?

Colden Saint James is back in town because his cover is blown and he is sure someone is after Dusty all because he had her picture in his wallet. He must protect her from the trouble he is sure that is coming. He bets her he can beat her at staying on a mechanical bull and since she holds the record and he fell off the last time after only a few seconds she agrees. He beats her and moves into her spare room.

Dusty finds out that Colton's brother made up the story about Colden having a wife and kids she realizes that she is not so safe. He tries to seduce Dusty at every opportunity and is able to. She can't resist him. He is and has always been her weakness.

When an associate of Colton's shows up Colton ties up the man and takes Dusty prisoner. She tries to get

away more than once only for Colton to grab her back. The more time they spend together the more she falls in love with him. After Colton's boss talks to the associate they are allowed back into town. After dropping Dusty off Colton tells her he will be right back. After waiting for hours she knows he has left town again.

Is he gone for good? If he returns will Dusty let him back into her life again? What is his real job? Will he make it to the wedding? Does he even care about Dusty? How will she survive if he is gone?

\*\*Received an ARC from the author in exchange for an honest review by the girls and I at [www.sizzlingpages.com](http://www.sizzlingpages.com) \*\*

How many ways can I write that I just enjoyed the hell out of a book? I don't know yet but I will when I am done with every review I have to catch up on!

The title Broken Fences made my mind think cowboy..he wasn't a cowboy but he was all man..which made me all happy!

A story that started six years earlier, with a night of broken virtue and fences. Dusty had wanted Colden ever since she came to Odessa and waited for the right moment to make her move. The right moment was all too wrong and after their one night Colden was called out of town on an assignment he could not share with anyone. Colden has to win back the trust of a broken girl and with that her heart, that has always been his.

**"The only difference was that this time, the bastard didn't even bother to mend her broken fence."**

[image error]

Colden knew Dusty wanted him but knew she wasn't ready for the type of commitment he would want from him. She was young and needed to live a life before settling down. One night, and a broken fence later he had taken everything Dusty had to give only to have to give it up for the near future.

[image error]

Six years later Colden's hold on Dusty has brought him back to his hometown to protect her and his family. Everything Dusty thought she knew about Colden was not as it seems.

**"I'm through giving, pretty girl. Now it's takin' time. But you don't worry. You're gonna like what I plan to take from you. I promise."**

**"You hate me," he smoothly teased with a smile, "but I'm gonna try to persuade you otherwise by pulling your panties to the side and slipping my cock deep inside you."**

YES PLEASE..

[image error]

Let me tell you ladies Colden gets what he wants and I loved that. The sex was hot and the story kept me

reading. I enjoyed their journey and LOVED the ending and how the thing Colden held close to him all these years was what he used to let Dusty know how much she means..

This was my first book from this author and I thought it was great. Kudos to you Kelly Gendron, you have a fan in me..

\*\*ARC from the author in exchange for an honest review by the girls and I at [www.sizzlingpages.com](http://www.sizzlingpages.com) \*\*

What would you do if the one person who had your heart, left the day after you gave your virginity to him - then showed up six years later all cocky and sure of himself, wanting to start things up again?

Dusty wants to ignore the feelings she has when she sees Colden show up in her bar, but the feelings she had six years ago come rushing back in full force. She needs to know why he left, why he's back and is he going to stay or leave again this time. Dusty is a tough girl, she really tries to fight him, but he's a charmer, smooth - and when he talks all bossy/alpha to her - oh man, you cannot blame her for giving in. He is just hot and oh man, he knows just what to say! I really enjoyed this story, it kept me interested and I read it in one sitting - I definitely look forward to the next book in this series.

---

### **Roses Book Blog says**

Colden Saint James has been gone from Odessa for the last six years. He had one magical night with one Dusty Owens, a night he would never forget. After two years of resisting Dusty's advances, Colden- better known to Dusty as St. James -finally gave in a took her virginity only to disappear the very next day. Six years later he finds himself back in Odessa to protect the one girl he left behind, the question is can he convince her to give him another chance and prove to her that she means more to him than a a body to warm his bed at night?

Dusty Owens hasn't been able to forgive or forget Colden. Since the night he took her virginity he has been her entire world. But the problem is the very next day he left without a word or a backwards glance. Now her cousin is marrying his younger brother and while never imagined to see him again it's only natural that he would return for the wedding. Six years later he waltzes back into her life and into her bar making her a bet she can't refuse. When she loses, she must grant his wish. His wish? To live for the next two weeks with her under her roof. As much as Dusty wants Colden, he's a married man with three kids, or at least that's what his brother told her.

Ironically, he's not married. He's never been able to forget his one time against that fence that broken under their weight. He's carried her picture all these years in his wallet while undercover and it's just for that reason he has returned. Fearing that his cover is blown and the man he's trying to capture will come after her he returns to protect the one woman he could never forget. She fights her attraction to him at every turn, but when she finds out the truth will she be able to give herself over to the one man she's allowed to get close to

her or will it cause her to run away? She must learn to trust Colden with her life but can she really trust the man who took her virtue and then left the very next day?

At first when I read this story, I thought she would fall right back into his arms, but when that didn't happen I was intrigued to continue this story. Dusty is not the same young woman she was when Colden left and Colden is no longer the innocent man he was when she saw him last. He's grown up and become a more dominant version of his former self with a tattoo he didn't have before. I loved watching their journey and their time together as Dusty fought him at every turn and his journey to attempt to gain the trust he lost all those years ago when he left her behind. A great story and I look forward to the next book in the series, 4 stars.

### **Amy says**

Loved it! I'm not the best at writing reviews but I finished it in a few hours. It grabbed my attention and kept it throughout the whole book! I can't wait to read book 2!

---

### **Amanda says**

I literally COULD NOT put Broken Fences down!! From the moment that Dusty Owens wrestles a pig and puts it in the cab of a truck, I was hooked!! Just add Colden "Saint" James to the mix and I was doing everything in my power to stay awake and read! After Colden and Dusty broke a fence in the heat of passion 6 years ago, and Colden skipped town, breaking Dusty's heart in the process, she never thought she would see him again. That was until he shows up for his brother's wedding, or at least that's what Dusty thinks he's there for. Dusty is a strong-willed, mechanical bull-riding , bar owning bad ass, but when it comes to Colden, she submits to his every command. Colden is hot, I mean SERIOUSLY H-O-T! We're talking southern drawl, tattooed, undercover agent with a soft spot for a certain bar owner with a tattoo of a star. The love and attraction between two people as stubborn as Colden and Dusty is frustrating and beautiful!! This is a definite MUST READ!

---
