Devil's Ridge X. Aratare , T. Wolv (Illustrator) , Raythe Reign

Aidan has always dreamed of a different life, one that was somehow more than what he knew. Desperate times force him and his adoptive family to move to Grandfather Patrick's house on Devil's Ridge, a tiny, rural town, that is far more than what it seems.

On the Ridge, Aidan finds a world filled with magic, monsters and terrifying beauty. He has discovered his "different life" but it isn't at all what he expected, and not all of it is good.

With most of the townspeople involved in the Clan, a dark cult, and Grandfather Patrick as the Clan's head, Aidan knows he isn't just imagining that the whole town is out to get him. When Aidan is lured by an ancient force literally in his own backyard, he is rescued by the mysterious and handsome Asher Vane, who his grandfather calls a "demon". Is Asher something terrible? More importantly, is Aidan?

Devil's Ridge Details

Blessing ikejiani says

IT WAS GREAT!!!

I chooses this rating cause 1. The art was awesome
2. The plot is great you aren't like: "oh I thought he was so and so"
And I really love this book I recommend it to yoai lovers

Joanne Myers says

Quite Enjoyable

Not 100% sure whether I'm going to go and read further volumes but... I am intrigued by the story. The illustrations are fabulous but I'd like to see more colour

Ije the Devourer of Books says

I quite enjoyed this. It is of course the beginning of a series and so this volume is setting the scene for the adventures to come. The graphics are really clear and I can read this on both my kindle and Ipad with ease.

I really enjoyed the way the graphics convey the malevolence of Aiden's grandfather and the beauty and mystery of the Sidhe. I am please to be able to start 2014 with a new manga series which seems as if it will be mysterious, romantic and engaging.

Miko says

I liked it.

I thought the art style was nice and the story seemed a lot like Romeo and Juliette with the two fighting sides.

I am curious to see what happens next, I may want to pick up the next volume when I can.

Hannah says

2.5 stars. Rounded up for Goodreads for the sake of the illustrator.

I really enjoyed the artwork in this manga, but the story failed to engage my interest. This first volume just set the stage and introduced the central characters. Little actually happened, and what did happen didn't make me all that eager to read more.

Christina says

This was cute until I realized it was hitting on racism issues and that was when it became awesome.

Helga Gonzalez says**Good**

Interesting proposals of a tale. The classic group in conflict with other because the power. And the predestination mate. Good graphic

Lör K. says

I got this for free on the Amazon store and I didn't think there'd be much to the story at all. I am so glad to say I was wrong.

The story line is rather unique, if I do say so myself. Personally, I haven't come across a manga like this before, and it was a joy to read. Characters, in depth with their own personalities already. The artwork that isn't absolutely amazing but it's not horrendous either. I quite like the artwork in this, I find it unique, and it fits the story in it's own way.

I would really recommend this volume, I found it really enjoyable and read it in one sitting (with a brief break for snacks). This is definitely one of those mangas that I can't wait to sit and binge through!

Michelle says

The art is fairly good, though the story is a little hard to buy into. Like the beginning of a bad horror movie, young Aiden and Sarah return with their mother to their ancestral home in the deep wilderness where two factions are at odds with each other. The Clan, and the Sidhe. Creepiness ensues, when the Clan grandfather casts lustful glances at Aiden. More creepiness with a creature in the well, and then apparently a fairy king. Note at the end says that explicit content can't be purchased through Amazon, but visit their website.

Jessie Potts says

This was really awesome. On my iPad the artwork was perfect and the story was intense and the beginning of a great plot. A little young (for me!) but overall it was a great find for the \$ and I will be reading all the next installments!

Scott Roberts says

I like the story plot. I give this book 5 stars.

Alyssa Acula says

4.75* //

Aidan's father has stopped giving child support, which puts them-- he, his mom, and younger sister, Sarah-- in dire straits. This leaves no choice for his mom, who then decided to go back to her childhood home where her father still lives. On their last leg of the journey, Aidan learns that his grandfather, who's also part of a bizarre and a bit fanatic religious cult, hates him because he thinks that Aidan's a Sidhe. Already feeling uneasy about this move, Aidan secretly wishes that he's somewhere else.

Quite a great, enjoyable read. The art style is beautiful, especially the toners in the background, like in the panels that show the primordial woods-- they're very atmospheric and quite effective for setting up the overall tone of this volume. The storytelling is fluid and each panel serves a purpose in delivering a seamless storytelling without feeling like some details are left out or rushed. I'm quite excited to continue reading this series.

Leanne Crabtree says

This was quite a promising start. I'm intrigued as to what might happen in the next volume. I'm not normally into the fey but I was into this enough for it not to bother me.

Might read the next part at some point soon.

EscaPe iNTo thE PaGEs says

3.6 stars!!

Jackie says

Very intense prologue to what feels like a very interesting story. Beautiful artwork. Really felt for the MC's. Very short, left wanting more. Looking forward to the next installment.
