Loved It!

When naive Simone Sinn moves to New York for college her mind was only on becoming a doctor and never returning to her mother and step-father's house, but on her 1st night in the city her new roommate takes her out and she catches the eye of a sexy man and her life will never be the same. Adriano Balducci is a man used to getting what he wants and does not care who is hurt in the process so when the soon-to-be "boss of all bosses" sets his sights on Simone she doesn't stand a chance. When the two fall in love Simone is on cloud nine but Adriano has been lying to his Bella Mia about his life and when it all comes to head he will have to break her heart and his own.

This book was amazing from start to finish. Simone and Adriano were so hot I thought my kindle would melt! I loved everything about this book, the plot, the way it was written, the characters it had everything I love. What a good sexy hot read and the ending had me just about going crazy looking for the next book (it's not out yet) great job with this one I hope the next one is this good.

This is Simone & Adriano's story. He is a mob boss and well-connected and very dangerous she is a young College freshman from out of town. On her own for the first time. Right from the beginning sparks fly between them fast furious however he knows better he knows he should leave her alone in fact he even talks himself into believing he's not in love with her. He tells himself it's just sex. She's blissfully unaware of what he does to make money. But all actions have consequences. I highly recommend this book. And I give this book 5 stars!! Great job DJ Parker!

I can't even describe my feels but I will tell you there is a mother of all cliffhangers in this book!

Mspraise50 says

This is my first book by this author.

This is Simone & Adriano's story. Simone and Adriano fell in love and this was not meant to happen. Adriano has been lying and protecting Simone from who he really is and the responsibilities he has to his Mafia family.

I loved the story it was fast moving and had me on the edge of my seat. I really enjoyed the Mafia element in the story because I love Mafia love stories.

I am sad that the author did not make it into a complete story and now we have to wait for book 2 to find out what happens between Simone & Andriono.

I would highly recommend this book.

Sweet baby Jesus I can't.

OMG!!! I can't deal. I need the second book now!! What will Andriano do when he finds out Simone secret?? This is too much!!

Natashia says

Absolutely loved every thing about this story except that I have to wait for part 2!!!

dayumm dayummm dayummmm where is my book 2. I usually don't like characters with the name Simone however Simone Sinn is so loved and appreciated... She loves Andriano with all her heart but is not foolish enough to stay with him with all the chaos surrounding him. Andriano love Simone but not enough to let go of his prior responsibilities or does he love her so much that he should let go because of all situations that is surrounding him. I loved this story for some many reason but mainly because of Simone being a strong women and not letting her circumstances to dictate her outcome!

Please bring on Book 2

Hot!!!!

Dayum Gina, that was hot. Like for the beginning this book was off the hooked. Like Simone is running from pain and trying to start anew life, but end up right at pains door. But what a rollercoaster ride it was.

Ansu says

I most definitely read a different book to everyone else based purely on the high rating this book got. This book frustrated the hell out of me and engaged me at the same time!!!!. yeh, I know - crazy but I wanted to know why everyone else loved this book.

Simone's character was frustrating for me, she says one thing and turns around and does the opposite. She is hard on her mother, claiming she moved away from her "overtly submissive mother", yet she displays the very same traits. I was finding it hard to like Simone as there were just too many contradictions to her character. She is a virgin, yet she does not come across as one. Her behavior was hard to understand considering she let Andriano touch her very intimately within a few hours of meeting him and seeing him all over someone else.

Andriano was someone I just never cared for, here is a guy who will be the next capo di tutti capi - boss of all bosses, yet he could not find Simone who was not even hiding from him!!!!. There was nothing about him that appealed to me. I also did not understand why he called Victoria, Big Mouth Victoria when she was the only sane character in this entire book!

This book had so much potential to be a great read, the plot was good but for me the execution fell way short. Will I read part 2, sure.

What a joke

This book was so unrealistic as it went on I was just disgusted.... So many contradictions with Simone's character it wasn't even funny... It just wasn't a good book.. When it ended on a cliffhanger like that just put icing on the cake for me.... And if this book really came out on April 20 I don't see how she has 295 five star reviews in less than 30 days unless it was published with another publisher before it came on Amazon and reviews came with it... I would not go by those five star reviews at all... Then she gets pregnant with triplets wow...I WILL NEVER EVER READ ANYTHING by this author again!!!!!!

I am **UBER P&ssed** about the type of cliffy that this book ended on, because it was simply that dang good! OMGGoodness!!! Sweet Baby Jesus! I gotta hop to book 2 right now... I mean I was so engrossed in this story, I didn't even realize I was at the end of the book until I read those dreadful words.. *To Be Continued*.. I literally yelled out loud at my kindle. As if it was my Kindle's fault. Smh.

Intense. Passionate. Sexy. Loving. The immediate connection between *Simone & Andriano* was white hot. Completely off the charts & believable. And barriers they are contending with, not easily fixable. My heart is

breaking yet pounding beyond hope for these two. I could not put this book down.

All I have to say is I **MUST** know how their story ends.
So onto to book two I must go!

Although I loved this captivating tale of caramel/spicy vanilla mafia love, I did have an issue with a few area's of stilted dialogue, some pornalicious overkill, and an unnecessary character or two. Other than that, I absolutely loved it.

Before I sign off, please be warned, there's a cliffhanger that just might annoy the crap out of you..

Other than that, this is a 3 star book with 5 star potential.

Genevieve Woods says

Keep the momentum up by releasing next installment quickly

I gave 4 stars because this was a great storyline. I love to watch characters and their relationships develop. Although waiting on series releases is not my favorite I will commit to continuing this series. However, I hope it does not take months because I s ok sometimes forget about quick reads with cliffhangers. Would have given a 5 but sometimes the p.o.v changed from 1st person to 3rd . Please keep the momentum of Simone and her true love high by realeasing the next installment quickly.

Auhmanduh says

Book 2 please...

There are unbelievable parts of this book. BUT, I couldn't put it down... waiting for book 2 is going to be hard.
