Winter is coming, but love is still in the air! Among the Wolfriders, some celebrate new bonds while others welcome new life. Cutter holds a fateful council: it's now time for all elves to choose—travel with the Palace back to the Star Home, or remain on the World of Two Moons. Meanwhile, the invading human warriors press closer to the very center of Iceholt, the home of the elves' sacred Father Tree—and they bring the most fearsome weapon of all!

\* A New York Times best-selling series!

“ElfQuest is just one of those stories that you never want to end. It’s so visually pleasing.”—Comic Bastards
