Eternal Captive Laura Wright

When Lucian is faced with his biggest fear - becoming the next breeding male - he knows his only options are imprisonment or death. But when he learns that the key to his salvation may lie in the body of the veana he's trying to forget, he's forced to choose between sanity and the destruction of the only woman he's ever loved.

Mark of Vampire is good series, the overall story gets better with each book, which is why it's a 4 star rating for me. With that said, I did have issues with the content of the story. I felt there was an overuse of the words from the glossary, particularly the words veana and paven. It became a bit distracting, taking away from the story. I'm also not a fan of the C word, but I knew going into this it would be used, I just didn't expect it to be used so much :P. It is a good story, those were my issues, overall I think PNR fans will enjoy it.

Blodeuedd Finland says

It does feel like a series where you should have read book 1 cos nothing makes sense.

Mandapanda says

3.5 stars. A solid entry in the Mark of the Vampire series hampered slightly by the female character who readers have known since book 1. In this volume Lucien begins his sad descent into madness as he evolves into the 'Breeding Male'. He fights this every step of the way, aided by Bronwyn Kettler, who has been deeply attracted to Lucien ever since she tasted his blood.

Unfortunately I haven't liked Bronwyn's character much since she first appeared in book 1. In this story I found her vacillating and inconsistency annoying at times. She is a little like a *Mary Sue*, blundering from one bad decision to another and putting everyone around her at risk.

The continuation of the overall arc of the story is excellent, very suspenseful and surprising. New Roman brothers have been introduced and they are *mutore* (a beast/vampire mix) which should shake things up. There is a huge reveal in the last pages which I never saw coming and I'm greatly looking forward to Gray and Dillon's story which comes out in August.

Lucian, the rebel. Lucian, the don't-have-a-care badass. Lucian, the next in line Breeding Male. He carries the gene that will likely turn him into the Breeding Male, a mindless creature that will only know and want to mate with any female and impregnate them. This guarantees he will never have a mate like his brothers. And also, the transformation shouldn't be happening yet. He should've had another century to prepare.

But Bronwyn drank from him and activated this process and now his body is slowly going through changes, feeling urges. Feeling a connection to Bronwyn. Feeling a deep want. But he can't allow himself to have her. That would seal his fate.

So when he hears that she is to be mated to another, that she bears another males' mark, he should be happy. Except he's not. And he's not at all happy when she is kidnapped by one of the Beasts and kept captive by Cruen. Only Lucian can rescue her. And by doing that he'll be sealing both their fates.

Lucian and Bronwyn worked well as a couple. Lucian is over the top, loud and arrogant. He is also one hell of a dirty talker ;) This might've been extremely helpful to virginal and unsure Bronwyn. And slowly she lost her inhibitions too. There wasn't a lot of fighting the attraction coming from this veana. And she should've had every right to fight it being that she was now facing the Breeding Male, the one creature that had ruined her sister's life and that she swore she would do anything to avoid.

Action and romance packed, with plenty of snark and some hilarious one liners. This book kept me entertained and dying to see how things could get fixed. Even though the solution at the end was pretty simple!

And speaking of the end... there's a twist at the end I wasn't expecting. This will lead into the next book and it will be most interesting. We also get to know the Beasts a little bit better. Who are they? Are they truly controlled by Cruen? And what is the Orders role in all this? We'll have to wait and see.

Eternal Captive, Mark of the Vampire Book #3
Author: Laura Wright

Synopsis: Since feeding her his blood, Lucian Roman has struggled with his obsession with Bronwyn Kettler-fighting an uncontrollable desire to kill her, if he has to, and the vampire she has sworn to wed. But when a dangerous enemy threatens Bronwyn, only Lucian can save her life. Even if it means sacrificing his own...

Our Review [by Michelle L. Olson – LITERAL ADDICTION's Pack Alpha]:

From the moment I picked up Eternal Hunger, Mark of the Vampire became one of my favorite paranormal romance series. Laura writes with such passion, such intensity, it's hard not to be drawn in immediately.

After reading Eternal Kiss I knew that this series was destined not only to be great, but really and truly special and I couldn't wait for Eternal Blood and Eternal Captive.

After devouring Eternal Blood, I was lucky enough to receive an Advance Reading Copy of Eternal Captive, book #3 of the series, from Laura and put aside all other reading to dig in...

In a word, Eternal Captive was incredible! I'm not sure there are enough positive adjectives in the English language to describe everything this book has to offer, but let me try a few:

- It was completely riveting and captivating. From the first page Laura hooks you as a reader, especially if you've invested in the 2 ½ installments prior to EC, and it doesn't let go... ever, because after the last page, you *STILL* want more.
- It was thoroughly sensual. All Laura Wright fans know that Laura packs the heat, but this book was downright scorching. Take Laura's sexy, sultry narrative coupled with Luca's smart-ass nature and you have one hell of a combo.
- It was insanely action-packed and thrilling. The series plotline of Mark of the Vampire has been

exhilarating the entire way with the Romans fight against the Order, their internal struggles with themselves and within their small family, etc, but this installment was so intense I literally felt myself holding my breath at times.

- It was all together intriguing and intense. The twists and turns, the secrets revealed, the continual flow of story and evolution of character... all made for one heck of a ride.

This book gave so much to me as a reader it's really hard to write a proper review for it because a) I feel like I'm not doing it justice, and b) I can't tell you anything without spoiling it, so let me just say that this book was everything I wanted and more, and recommend it and its 2 ½ predecessors to EVERYONE..

LITERAL ADDICTION gives *Eternal Captive* 5 Skulls and suggests that everyone go and pick up this book the instant it is released! If you haven't already taken the time to read *Eternal Hunger*, *Eternal Kiss*, and *Eternal Blood* you have a little time before *Eternal Captive* hits your mailbox or eReader. I promise you won't be disappointed.

Mel says

Eternal Captive is the third book in Laura Wright's *Mark of the Vampire* series and was made of awesome. Lucian is by far my favorite of the Roman brothers and I couldn't wait to devour his story. His snarky, I don't give a frak attitude just totally does it for me. Him being an incredibly sexy and funny vampire certainly doesn't hurt. *sinister grin*

Knowing that Lucian would turn into the Breeding Male, I was concerned how he would ultimately end up with his mate. Breeding Male's aren't supposed to have true mates so how was Laura going to work around that without it feeling like a copout? I really shouldn't have been concerned; it was written brilliantly. *Eternal Captive* was everything I wanted it to be and more. It was funny, super smexy and heartbreaking all at the same time. Once I was able to sit down and devote some time to the book I couldn't put it down. I got very little sleep but I didn't mind; Luca's definitely worth it. Though I didn't like her when she was first introduced, Bronwyn grew on me and I really liked her. She is the perfect fit for Lucian.

I hate Cruen but he is the perfect villain. He is a devious, power hungry bastard. Seems he won't be satisfied until he's taken over the world. Crazy frakker. I really like the direction the series is heading and the addition of the mutore. Well hello, Helo!! Big, skull-shaved, shape shifting vampire that's covered in tattoos? *swoons* I'm sooo very thrilled that Laura plans to do a book for him.

Eternal Captive set up Dillion and Grey's story, *Eternal Beast*, and after the surprising ending I can't wait for it. I really like Dillion and love Grey's angry impure ass. You put the two of them together and sparks fly. The chemistry between the two of them is off the charts.

Three books and a novella into the *Mark of the Vampire* series and I'm still incredibly impressed with the world building, character development and subplots that Laura has thrown into the mix. This series has been 5 star ratings across the board for me and that is rare. The only other vampire series I've felt this strongly about are JR Ward's *Black Dagger Brotherhood* and Jeaniene Frost's *Night Huntress*. That being said, if you are a fan of super smexy PNR and/or vampires, I highly recommend this series and suggest that you run (not walk) to the nearest bookstore and pick up *Eternal Hunger*, the first book in the series. You will not be disappointed.

Loved this book. The third installment in this series was almost as good as the second. Absolutely love Lucian and Bronwyn. What a great couple. I did wish that there was more of the other brothers and their mates in this book, especially Nicholas and Kate. Plan on reading their story again soon. Can't wait for the next book to be released in August!!!

Liz F says

Ok, I'm saying that I would give this book 3.5 stars. I marked it as 4 because there is no 3.5 and I didn't want to mark it as a 3 because it was really great. I just had a small issue with it.

This is Book 3 in the Mark of the Vampire series by Laura Wright. This one focuses on Lucian Roman, the youngest of the Roman brothers. He is going to be the "Breeding Male". A Breeding Male is like a mindless, humping vampire in heat 24/7 from the time he goes into the change until the time he dies. Most of them have to be caged for most of their lives because they will have sex with any female in his path, willing or not.

Bronwyn is a pureblood female vampire who thought that Alexander, the oldest Roman brother was her True Mate. He wasn't but in the process of finding that out and staying at the Romans' compound, she met Lucian, who always delighted in tormenting and teasing her. Bronwyn lives in a "credenti" which is a vampire word for "community". But these vampire communities are like Amish communities: few modern conveniences and women are very modest, etc. So Lucien see Bronwyn, embracing her credenti lifestyle and looks down on her. But because she's so beautiful and kind and smart, he can't just ignore her! Typical man!! LOL!

Bronwyn finds herself uncomfortably attracted to Lucien. She can only drink certain blood (I can't remember who's or why) and when Lucien sees her one night, she's half starved and OF COURSE he secretly digs her (MEN!!!!) so he feeds her and she's all better. But she hasn't been able to stop thinking about him. She doesn't know this but by feeding her, Lucien has kick started the change to Breeding Male in himself. He did it for her. He would do anything for her. She knows she can't have him once she finds out what's going on so she convinces her friend (a male) to pretend to be her True Mate so that her parents don't force her into something like they did her sister. That "something" ended up killing her sister and Bronwyn refuses to suffer through the same ordeal.

But on the night of Bronwyn's True Mate ceremony, she's kidnapped. And Lucien must race against time and fate to rescue the woman he loves.

Gah! So romantic!! And trust me, it is. Lucien is hilarious. He's such a smartass! And he teases Bronwyn constantly. Some of it is a little mean, some of it is cute. But she totally brushes it off and usually gives some back to him!! I think they are this great couple and I loved their story. My issue was *****SPOILER ALERT***** after she was kidnapped and Lucien finds her and goes to her, they are trapped in this

altered reality (don't ask why, just go with it) until they have sex. They finally have sex but shortly after that, he gets her free and then later on, he is freed as well. And then the whole b o o k s l o w s d o w n. . . . They're being hidden in the credenti when Lucien was born and its protected by magic and super hidden but Lucien is about to change into the Humping Monster so he's chained up but Bronwyn won't leave him so they're there together sort of eye fucking each other for what seems like DAYS!!!! And there's probably 2 or 3 other stories going on (and you KNOW how I hate that) and Lucien and Bronwyn keep talking about how they can never be together but they love each other and it just seems so damn monotonous. And this is only about 75% of the way into the book! Yeah! It goes on and on and on and on. I just think the author slowed down the pace when it didn't need it. Maybe she should have cut some other story lines, I don't know. But it was a struggle to finish it. And when I did, I was relieved that it was over.

Having said that, I would still recommend this book. It was a great read and it was VERY exciting. Lots and lots of action: kidnappings, rescue, fights, lost loves found, fights, romance, fights. Did I mention fights??! LOL!

Carla-Book Monster Reviews says

Carla's Review:

Eternal Captive is the third book in Laura Wright's MARK OF THE VAMPIRE series and the story of Lucian Roman, the youngest of the three Roman brothers. SO much happens in this book that I can't give much detail without giving away spoilers, so I'm just going to give brief details about some events that happened and the characters.

Throughout the first two books Lucian is a crude, smart mouthed, sarcastic wise-ass that takes no crap from anyone, including his brothers. Luca does what he pleases and that has not changed at all. He is also very different from his other two brothers. Luca is intended to be the next Breeding Male when he goes into morpho. Once he becomes the Breeding male, he will become a crazed animal that only cares about feeding and mating and will have to be caged for the rest of his existence. Lucian swears that he will die first, before he becomes this monster. Lucian has also become obsessed with Bronwyn Kettler since she fed from him. Although Bronwyn claims she has found her true mate, Lucian will not believe it until he sees her for himself. But Bronwyn is kidnapped before Lucian gets to see her and now he will do anything to find her and save her.....even from himself.

Bronwyn Kettler is a vampire genealogist who has done many studies on the previous Breeding Males. After an experience her sister had with a Breeding Male, Bronwyn is terrified of ever being near this creature and determined to never cross paths with him. What will she do when she finds out Lucian, the man who came to save her, is the very creature that she's terrified of?

We finally get to meet Nicky's twin, Erion, who we learned about in Eternal Kiss, and boy is he very different from his twin and the other Roman brothers. I can't tell you anymore about him without giving away the story, so you will have to read the book to find out more about him. :-P

We also get to meet Synjon Wise, who is the intended mate of Bronwyn Kettler. I thought I would hate Synjon because he was Luca's competition but I ended up totally loving him. I am really looking forward to Synjon's book, but based on the events that unfolded in Eternal Captive, I don't think that's going to be for a while. All I have to say is, poor Synjon!!!

We get to see much more of Gray and Dillon. There is also a HUGE surprise/cliff hanger at the end of the book concerning Gray and Dillon. Holy Crap!! I NEVER saw that one coming!!

We meet Lucian's mother, Maidan, and learn the true story of the time she spent with Titus Evictus, the Breeding Male and the father of the three Roman brothers . We also learn the real reason Lucian has so much hatred for his mother.

Eternal Captive is my favorite book in the series (so far ?). We get to see a side of Lucian that I would have never expected. He was so gentle, loving and even romantic with Bronwyn that many scenes brought tears to my eyes. Bronwyn may be innocent in some ways but she is in no way naïve or weak. She does not put up with Lucian's crass attitude and puts him in his place, over and over again. I loved her strong attitude and the fact that she just understands Lucian.

It's no secret that I am a HUGE fan girl of Laura Wright's MOTV series. It's been one of my favorite series, since I read Eternal Hunger. I was SO very honored and excited to get the first ARC of Eternal Captive and I stopped everything to read it and finished it in a day. After reading Eternal Captive, it's now my favorite series. Laura is a brilliant writer that created a new and original world of vampires, addicting characters that stay with you long after the book has ended and storylines that leave you flabbergasted. Every book leaves you clamoring and counting down the days until the next release. If you have not read the MOTV series yet, I definitely recommend that you do. The series does not have to be read in order, every book can stand alone. If you don't start from the beginning you will definitely want to go back and find out what you missed because you won't want to miss any part of this amazing series.

I give Eternal Captive 5 stars (and if I could give it more I would!!)

Michelle the Romance Witch says

OH MY GODDESS what a great book... kept you on the edge of your seat the whole time... and of course made you wanna reach in the book and slap Luca SEVERAL times... thank goodness Bronwyn kept his ass in line.

Lots of fun plot twists and surprises... can't wait for the next book!

Danielle The Book Huntress (Back to the Books) says

This was a good book, but the butt play ruined it for me. I find it a huge turnoff and it's completely unsexy to me. I really wish books had a warning system for that. Also the use of the c-word for female genitalia really gets to me. Those things brought my rating down. Reviewed for Bitten by Books: <http://bittenbybooks.com>.

Laura Wright continues her captivating paranormal romance series, Mark of the Vampire, with another sexy and thrilling addition in *Eternal Captive*!

Lucian Roman cannot escape his heritage, the heritage passed down from his father, of the Breeding Male. When the *veana* who fed from him, and somehow remained in his blood, finds her true mate his control is taken to its limit. Lucian is split; kill her, get her out of his system and spend the rest of his undead life in Mondrar, the vampire prison – or take her in every way and succumb to the monster inside of him. Maybe though, after her mating ceremony, the need for her will abate. A *paven* can hope...

Bronwyn Kettler has spent years studying the Breeding Male, hoping to escape the same fate as her sister but one weak moment has forever changed her. Now, even as she goes to her mating ceremony she can't get the *paven*, Lucian, out of her head. But someone has other plans for her...

Kidnapped by the Beast, Lucian and Bronwyn are sent to the evil Cruen's alternate reality, and the only way out is to give in to their greatest fears...

Holy smokes, I could not put this book down! *Eternal Captive* grabbed me right from the start and never let go. The story moves at fast pace, the conflict is intense and the characterization is ensnaring.

Lucian is the youngest of the Roman brothers and also the bad boy of the trio; arrogant, sometimes rude and sexy as hell with a penchant for talking dirty. *rawr* He has been fighting his attraction for Bronwyn since the first book, *Eternal Hunger*. But when he finally gives in to his desires the pages burn! *fans self* If you thought Laura Wright wove sexy tales before, well you ain't seen nothing yet! Wright gives both Lucian and Bronwyn depth and dimension like we've never seen before. The ambiance in Luca and Bron's relationship kept me on the edge of my seat hoping for something good to come out of it all. This loud *paven* and proper *veana* compliment each other perfectly.

Emotional and intense don't even begin to describe the plot found within these pages, the story arc explodes and the side story's of Dillon and Gray, the Beasts and Syn will both break your heart and have you begging for more. The Mark of the Vampire has become a truly addictive series. Action, suspense, twists, turns, romance, sizzling sex, snark and humor are all weaved together with Laura Wright's entertaining voice and ingenuity makes for a must read in the paranormal romance world. My only minor complaint would be that I was hoping we'd get more into Lucian's head, towards the end it was more focused on Bronwyn's POV, which was still fantastic and meshed well with the over-all tale but I would of loved to have more of Luca himself.

The way the little bits and pieces have come together I would suggest you read *Eternal Captive* in series reading order and really, why wouldn't you? The Mark of the Vampire is a must-read series for paranormal romance fans that are looking for a unique and sexy vampire read with hot and intriguing alpha males. I said this with the second book, but it is rare for me to find a series that feature a different couple for each novel and I end up loving each and every one. Usually I can't get into one or more of the heroines, but this series is impeccable every time! I'm keeping my fingers crossed for *Eternal Beast* and am looking forward to its release at the end of the summer (August 2012).

4.5 stars. The best in the series yet. I loved Lucian and Bronwyn together and I think the world Laura Wright has created is original and interesting. I haven't read the novellas and I could see I was missing some things between Grey and Dillon so I need to read those before continuing with the series.

Julie says

OMG !!!

Amazing :-)

I cried, I laughed and cheered as the fight for Luca raged.

I TOTALLY enjoyed that :-D

The ending was a little rushed. But I hope my happy ending, so I am willing to turn a blind eye.

And the ending

Need the next book.

I feel like Laura Wright was reading my mind when she wrote this book.

My questions about this series were answered in this book.

Could one of the vampires fall in love or have a connection to someone who doesn't wear their mark?

The answer to that would be a resounding yes. Lucian is the breeding male and thus could not have a true mate, but his connection to Bronwyn is stronger and felt more real than the ones his brothers share with their mates.

Is there a way for a breeding male not to go into a breeding frenzy?

Yes, but you will have to read the book to see how that came to be.

Did all the brothers come from a union with their breeding male father, and a mother that didn't want them or had a horrible childhood with no love?

No, and again you'll have to read to find out the particulars.

I wasn't sure if I was going to like Lucian's story, and I was a bit mad at Bronwyn after the end of the previous book, but I'm glad that I decided to keep reading the series. This book gave the series as a whole a much boost.

So many things came to light in this story, that drew me completely back in and made me want more.
