This new edition of the classic casebook has been entirely reworked, and text and note materials are used much more extensively than in the previous editions to present doctrinal developments. Contains the latest Supreme Court decisions in the field, new legislation and legislative proposals, and the latest versions of the Sentencing Guidelines and prosecutorial policies culled from the U.S. Attorneys' Manual. Can be readily taught in a first year, second-semester criminal law offering, or, as it has been traditionally used, for advanced criminal law courses on federal criminal law, white collar crime, RICO, or similar topics.
