Hard Lovin' Straight Thuggin' 3 S. Yvonne

Gu is on a full blown rampage after the truth about RaRa comes out while dealing with the pressures of everything he'd ever known as family crumbling right before his eyes. Determined not to allow life to break him; he declares that there was no more room for snakes and they all had to go, even when he didn't want them to. Trying to keep a balanced relationship with Qui was the only thing that kept him going and it became much more deeper than just wanting somebody; with her he was learning the depths of the word 'need' and he loved her so much that anything or anyone that threatened the love they shared placed themselves in a direct path of danger with him.

Qui on the other hand was willing to be the ride or die for her first true love. There were no limits she wouldn't take to make sure they stayed happy and the last thing she wanted to do was allow the bitter women in his life to run her away. They always said a bitter baby mother's worst nightmare was to see her baby daddy go on and be happy and successful with another woman. Qui learned day by day how true this was while vowing to be there for her man while fighting her own demons.

Bari finally faced reality and lived in her truth, even though it cost her much more than money could ever buy. More than willing to take the steps that needed to be taken to get her life back on track, she's glad to have a friend like Bambi by her side to lean on while battling the struggles of losing the man that she thought she was in love with, and then losing the one she discovered she actually 'was' in love with.

RaRa and Hennessy are on a vengeance of their own but they'll both soon learn the hard way. They say the 3rd times the charm... find out what happens in some more Hard Lovin' Straight Thuggin'.

I love this storyline

Good read my only criticism is why drag it out? When I purchase a book I don't mind if you have parts but 3 parts is the max for me. When you drag on past 3 you tend to say the same stuff. This should have been the final installment but it was not. I love the relationship that GU and Turquoise has please don't mess that up. I love that they have trust and communication that makes their union strong. I also enjoyed that GU is responsible and the fact that he does not keep sleeping with the baby mamas . I like that the story line is not the same baby daddy baby mama drama in so many other books. Hurry with the next installment but let it be the last.

Really?

Gu is the man. Too bad he has those crazy baby mamas. I love him and the unconditional love that Qui has for him. I'm so happy that Bari is getting it together. It's about time. Se did Pete really wrong and needs to spend the rest of her life trying to make it up to him. I was all into the storyline until I got to that ending. Really S. Yvonne? You really know how to get to me. I need part 4 asap.

I can't

This book was the truth! The best outta the whole series so far! I couldn't put it down. It had it all! I was on the edge of my seat the entire book. Gu wasn't here for any of the bs. I'm so happy he has Qui. This book had

so many jaw dropping moments. A lot of it I didn't see coming. She most definitely didn't come to play around with this series. Got me all in my feelings I don't know how to feel. I'm not even going to discuss that ending. I'm just going to say she petty but I'm so here for it all. I can't wait for part 4

Loving this series!

S.Yvonne I have to say this is my first time reading your work and I am so pleased. I'm leaving my review after reading the third book because the intensity of this series has me hooked. I love the storyline and the flow of this series is awesome! The ending had me in shock, so much I want to say but all I'm going to say is I can't wait for book 4

Gina Pierre-paul says

WOW !!!

I can't believe that ending . I guess all of rara drama caught up with her ,I hope MJ ok . The grammar issues was all over this book . Please find a better editor cause the current one isn't up to parr .

marcie l booker says

Why ?!

I'm done with this series . I really thought this would be the last one . I don't understand how you could write a book with only 11 chapters in it. This is getting dragged out for what ?! I was only reading or keeping up with the story because of Bari . She is the only person who truly has a plot in this series .

In my opinion this should have been a stand alone story . I would rather wait for a completely finishing product instead waiting for weeks (months) for a couple new chapters being released .

Nicky says

That ending!!!!

I was anxiously waiting for this book only to read it and have my mind completely blown away. RaRa just didn't learn, Hennessy needs to be dropped off where Bari was and I love the relationship between Gu and Qui even more

Must Read

I was beyond shocked by a lot of the things that went on in this book. Things were definitely revealed that would leave plenty shocked. There was plenty of jealousy in this book as well. Poor Gu just had things thrown at him left and right. RaRa needed that beating that she received. She knows she was wrong for how she went about things. She should have known things wouldn't go how she planned. Gu and Qui were meant to be. Those two could brighten up each other's day no matter what. Some thought they would have a chance to change that, but it definitely didn't work. Gu had to make some decisions to keep his sanity dealing with the crazy baby mamas. Bambi was there for her best friend whether she was right or wrong. Bari's secret was revealed, but the cause of how things ended up the way they did was also revealed. Whether Sue or Gu knows they played a part in things. Bari was searching for things and they weren't always there to show it. The guidance she needed from a woman hadn't been there either. Nussy needed to be slapped. She worked my nerves. She should have moved on with her life instead of acting the way she did. Que had her own family issues to deal with as well. She finally was able to get to the reason why her sister hated her. Only to find out something that left me completely speechless. Rain was truly an evil somebody, but most definitely had no reason to be that way. She acted out for reasons that she believed were facts when they weren't and even after she found out the truth that still didn't change her ways. She needs help. I am so ready for book four. That ending left my mouth hanging open. RaRa definitely got herself into something that could mess up plenty people's life all because she was in her feelings about a man that don't want her.
