## Protecting His Pet Measha Stone

After her brother's life of crime is brought to a sudden end, twenty-two-year-old Kara Jennings fears she may be the next target of the men who killed him. It comes as a shock, however, when she is taken captive by a mysterious man who promises to keep her safe but quickly demonstrates that he will not hesitate to punish her in any way he sees fit if she disobeys him.

Devin Stringer is certain there is something important that Kara is refusing to share with him--something related to her brother's death--and he is fully prepared to be as firm as necessary to get her to tell him the truth, even if that means stripping her bare, spanking her soundly, and keeping her caged like a pet.

Despite her shame at being made to kneel naked at her captor's feet, eat from his hand, and surrender her body to him completely, Devin's dominance leaves Kara helplessly aroused and yearning for him to master her even more thoroughly. When he brings her to the edge of an intense climax only to leave her desperate and wanting, her need for him to claim her properly compels Kara to confess the secret her brother shared with her before his death. But will that information help Devin protect his beautiful pet or will it ultimately put her in greater danger?

**Publisher's Note:** *Protecting His Pet* is a stand-alone book which is the first entry in the *Owned and Protected* series. It includes spankings, sexual scenes, extensive pet play, elements of BDSM, and more. If such material offends you, please don't buy this book.

## **Sandra Crow says**

This is a great story. It's main female character, full of self-discovery, and strength. All of the characters are well developed and have depth. For me, if the characters are well developed and have depth, the story seems to flow. It also leaves openings for future stories about the other characters in the book. I am looking forward to reading the rest of this series.

## **Tanja Williams Hancock says**

### **Great Story & HOT**

There were a few reasons this book caught my attention. First is the fabulous author Measha Stone and my desire to read more of her work. I don't have a lot of knowledge about Pet play and in this story it's a theme. I recognize it as adult fantasy & fiction within the context of the story. Still, It's a topic I wanted to read about. The brief synopsis and reviews told me that there is a good story here, potential romance of some sort and included a D/s dynamic. Fantastic!

I thoroughly enjoyed Peaches & Devin's story. As the mystery unravels, Devin reveals a huge surprise in addition to his retirement plans at the farmhouse. The creative name for his next project had me laughing out loud. No hints here!! The flow of this tale is smooth and transitions well between play scenes and characters. I'm curious if Devin's brother or Blake get their own stories in this series. Both piqued my curiosity for sure.

If D/s relationships, physical & consensual punishments such as spankings, kidnap type scenarios or fetish scenes such as pet play make you uncomfortable in any way, then this story is not for you. Please respect the authors warning as this is an adult story. It's well told and has excellent writing, but isn't for the inexperienced dark erotica reader.

One final note, this book needs editing or perhaps reformatting. The missing words and jumbled or incomplete sentences are noticeable. I want other readers to be aware. I didn't take any stars away because I'm not certain if it's a formatting issue or if it just needs a better edit.

## **Jennifer Turner says**

### **It was okay**

The story was decent there were a few errors in spelling and in the story line I really can't stand when an author over looks something like that. So the story is about Kyra her brother gets killed by the mob he worked for because he was recording conversations and stealing money. Devin also works for the same mob but he's also a undercover FBI agent. They want him to get Kyra recover the tapes and money and get rid of her. Devin has other plans and they don't involve Kyra being hurt. The part that really annoyed me was okay

the author tells us that after Devin listened to the tapes Tommy recorded he was mad because not only did he have Devin on there talking about a murder but he also threw his sister under the bus by saying if anything should happen to him she would have his back. So skip ahead a few chapters and after all is said and done and Devin is contemplating everything that went down he says to himself it was a good thing there hadn't been anything incriminating on those tapes about him. I just have re-read that a dozen times to make sure I wasn't crazy I don't see how the author missed that. Little things like that do drive me crazy sorry but if you can overlook that it's a halfway decent read.

## Searcy says

Surprisingly enjoyable read!

I got this as a BookBub freebie, so I didn't have any expectations going into it. I don't generally read contemporary romances, especially of the crime/mob family variety, but something about this appealed - or maybe I was just needing some anti-YA smutty goodness. Regardless, I found this much more fun than I expected.

Kara's horrible older brother has led a criminal life that she has constantly tried to get him out of, in addition to trying to keep herself clear of it all. She has consciously tried not to know what he is involved with and avoids meeting his associates. When he is tortured and murdered, he leaves her holding the bag (so to speak).

One of her brother's colleagues, Devin, whom she met one time in passing, is sent to kidnap and kill her. But first he has to find out what she knows and what her brother gave her before he died. Devin kidnaps Kara and takes her to his remote cabin, where all sorts of BDSM-y fun occurs.

If you don't like the captive-fantasy trope and/or BDSM, this is probably **not** the read for you. But if you do enjoy that, with a solid mystery and a hint of mafia/crime boss for flavor, then you might well enjoy this one!

*(I am looking forward to reading the next two in the series - the cop brother sent after the corrupt mobbed-up politician's runaway daughter, and the seriously bad/scary/sexy special forces friend we met in PROTECTING HIS PET - when I next need a fun smutty break.)*

99 cents at Amazon 11/25/17

Thank God this was only 99 cents. I'm no prude by any means but I hate stories where the "hero" humiliates

the heroine to get her to "follow his rules." In this one he made her sleep in a cage naked, eat and drink out of doggy bowls, made her crawl while he had her collared, and made her pee in a bucket because, (insert sarcasm), funny thing, she tried to get away from him a few times *after he kidnapped her*. Guess he was expecting her to just go along with everything he said and did with no complaints and when she talked back to him, he humiliated her and then called them "rewards" when he allowed her to use the bathroom like a normal person and not a bucket. Nothing sexy about any of this and nothing redeeming about him at all, even after his secret came out, which was not really a secret.

---

## Jan says

Kara just wanted to help her brother Tommy. He was doing things she didn't want to know about. She may be younger, but she looked out for him, till someone got to him. Devin needed to know what Kara knew. Tommy had told her something or given her something. It wasn't safe for her but Kara wasn't about to trust him.

This book had me cringing with the spanking and crying for how lost Kara felt. She carried a huge weight on her shoulder in regards to her brother. She believed she was his protector. That she was at fault for what happened to him. Devin at times made you want to haul off and slap him. He didn't have to be that big of a jerk. I get his domination and interest but come on dude, at least open up. UGH! When things heat up with these two you worry that it is all a lie. But then we get a bit of a twist towards the end. We still get the HEA but it's the journey there. On to the next in the series.

---

## Louise says

Personally I love this book, but you have to be able to stomach some dubious consent and some challenging situations. I know **I** couldn't live or play that way where, in the words of Devin, the choice is to obey or disobey. However I **do** enjoy reading stories about it, when they are well written, and that certainly applies to this book. If you're not into kink, humiliation and punishment (at least in your books) then this book might not be for you. I'd hate to see this get low ratings because the content isn't 'your thing'.

It could be argued that Devin should have been honest about the situation from the off, as Kara would most likely have been more inclined to follow his instructions etc. However that wouldn't have given us a boundaries pushing, steamy and intense read. Whilst Kara appeared to have no free will in many of the situations, as time progresses she realises this fulfils some of her deepest, most hidden and secret desires. Desires that Devin is well aware of, having hacked her computer search history! Devin's controlling, punishing and often humiliating treatment of Kara is actually not only what she deep down wants, but also needs.

I liked both characters, Dev occasionally irritated me with how it was OK for him to keep secrets (and basically lie to Kara) whilst engaging in a relationship that requires total trust and honesty. However, it was done from the best of intentions and with the intent to save Kara's life. Kara is a really strong character and I loved that she never broke, well not until Devin behaved like a total idiot near the end. I also liked a line near the end that made it so much more believable - I'm going to hide it as a spoiler, though out of context it might not be considered as such. (view spoiler). It was also good that Devin admitted and owned his

mistakes, and was prepared for the tables to be turned as it were.

This story really held my attention, the pace is good and there is plenty of 'non-sexual' action too. The style of writing is really easy to read and the story flows really smoothly. Even though I have 4 arcs I need to read over the next week I'm really tempted to jump straight into book 2!

---

### **Xandria Nolan says**

I really wanted to like this book, but ultimately it was problematic for me around the lack of consent -- it's not reasonable to call this "BDSM" because the character was kidnapped against her will, tries to escape many times and is punished for it (punishment being humiliation, actual physical abuse and unsafe treatment).

Why isn't this BDSM? Because in a true BDSM scene, the S always ALWAYS has the ability to back out. They can say "no" through a safe word and that "no" is to be respected.

The story attempts to give some rationale to Devin's assault of Kara -- he spied on her search history and saw that she had watched spanking porn. Okay, fine, but does that mean that she consents to being striped naked, forced to defecate and urinate in a bucket, sleeping on the floor of a cage while naked without a blanket and being given a "shower" outside with the hose and then while still tied/hanging there, Devin has sex with her. This is the fictional world version of "slut shaming" or "she was asking for it" which is just gross.

There is a delicate balancing act (no pun intended) between hot "forced" sex scenes in erotica and actual sexual assault. While it may look the same to an observer, the role of fiction is to clear those hurdles for the reader -- basically to play with that dynamic and use it to titillate. There are AMPLE stories and books that do this incredibly well -- I'm sorry to say that this is not one of them.

DNF and had the hard "nope" when after 24 hours without food or water, Kara is given pet food bowls and forced to lap water by her assaulter. This isn't hot. It's torture porn. If that's your kind of thing, cool, cool. Just don't call it "BDSM" because that's not what BDSM is.

---

### **Heather says**

My rating is a 3.5, rounded up to 4. I enjoyed reading this book, but was distracted by the poor editing/proof reading. I don't like my pizzas undercooked or my plane to land short of the runway. My point (and then I promise to move on), please hire some good editors and publish a finished product!

I can still recommend this book because there were so many sexy elements going on in the story. I liked the total power exchange (tpe) between the H and h inherent in this abduction story. The h was so feisty which made the interplay between the two characters a joy to read and set up the punishment scenes beautifully. I found myself rooting for both the h to give her captor a good dose of sass and for the H to provide a good dose of discipline. And both happened in spades. I tend to like reading about pet-play when it is done right and here is where I thought the story excelled. When our feisty h was "bad," she was treated much like a dog (think leash, cage, dog bowl, etc.). "Training" and "humiliation" are also kinks I love to read about and their presence went well with the pet theme. I also thought the author did a nice job of developing the relationship

between the H and h. There was a slow but very hot build to their relationship which made the interplay more realistic than an instant, microwaved love affair.

So there you have it...a nice little kinky read with some delightful characters and a decent story. This tale earned 3.5 tail wags from me.

---

### **Zelda says**

Awesome BDSM romance featuring Kara, a vet tech, whose older brother Tommy earns his money doing illegal things. Tommy goes missing, and his friend Devin, takes it upon himself to protect Kara. Kara is as spunky as they come, and she doesn't want protection from Devin or anyone else. Devin has to kidnap Kara to keep her safe, and keeps her obedient with punishments and rewards. He's seen Kara's internet history but reading and experiencing are vastly different. Kara becomes the perfect pet for Devin. Once Kara is safe, Devin's job is done. But what will happen to Kara? I really enjoyed the characters in this book. Kara just never gives up. She grits her teeth and keeps going, even when she knows she's going to be punished. Devin is a man of his word, and keeps the rules clear for Kara. I love the story itself, although the plot was predictable. If you like BDSM romance, this one is well-written and will keep you entertained.

I received an arc of this book and have voluntarily reviewed it.

### **Laurie says**

#### **Add an Extra Half Star**

Kara had no one left, after her much older brother, Tommy, was tortured and murdered by the crime family he worked for. She had tried for many years to get him to leave the mob and get a real job, but he always blew her off. So she moved out of his home and made her own normal life after she turned 18.

Now Tommy was dead and she, unknowingly, also had a target on her back. Devin, an associate of Tommy's, was sent by the family to learn what Tommy had left behind and then kill her. She is abducted by Devin and taken to the farmhouse he has been restoring for his planned retirement. Devin is a sadist/dominant, who realizes Kara's submissive tendencies and desires, and plays into them from the moment he takes her. Although Devin has no intention of killing Kara, he does need to learn what Tommy had been hiding and where it is located. Information he is sure Kara, at least, knows the location of.

This was a well written and developed story with well portrayed characters. There was a good balance of the various criteria of the relationship development, sex, and backstory that make for a good romance. Even though this storyline was developed around a mafia connection, which generally doesn't interest me as I often find them full of too many gory details, that aspect of the story was kept in the background and didn't bother me at all. If you enjoy a good BDSM story, you'll likely enjoy this one.

---

### **Space Cowgirl says**

Her Very Own Bad Boy??? Spankmeister??

Alpha Male Mafia??? Abduction Romance with BDSM?? Elements.

Kara's older brother, Tommy, has always been into ?illegal activities to support himself. He tries to give her ?money all the time but she tries to refuse. He Never tells her how He gets his ?money, he always says it's better she never knows. She'll be safer if she never knows.

When he is abducted and murdered, she needs the "insurance" ? ?money he left her. It's in Michigan, she's in Chicago, so she starts to plan her trip.

That night, she is abducted by Devin???, a man she has seen once before around her brother. Her brother told her Devin??? was dangerous and to stay away from him. Devin??? is looking for the ?money, too, but his methods to get Kara?? to tell are unusual.

He uses BDSM?? methods to try to coerce her into telling him where the ?money is.

Lots of totally?hot Sexcapades follow! Kara?? is stubborn, I'll give her that! She keeps trying to escape, earning her punishments by the Baaaad Naaasssty Alpha, Devin????.

He's getting off on her resistance, like a ?cat playing with a little ?mouse! He's toying with her, enjoying her body.

Devin???? is a tall, handsome, bad boy Deluxe Spankmeister??, a gagger, and a binder!

YEHAW! Ride em Bareback?, Cowgirl!?????

ARC fronted to me by the Author, for a Voluntary and Honest Review! Thank you Ms Stone!

I loved this intense, exciting book?! There's no way I would be interested in this lifestyle, but I liked the idea that Devin???? would protect her and care for her above all else.

---

## **Misty Schott says**

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Kara's older brother, Tommy has been her guardian ever since their mother died. He has always been into making his money the illegal way and she tried to stay as far away from that part of his life, all while trying to get him to work a normal legal job. When Tommy picked her up for their weekly dinner he was acting a little wierd and as they are heading to the door to his apartments stairs he gets a phone call. Kara enters the stairwell and then the door slammed shut behind her and she noticed Tommy wasn't inside with her. She waited a few minutes and then heads back out to find a trail of blood that leads her to the alley and it stops by a set of tires tracks. Tommy turned up dead and the cops didn't do anything about it, they chocked it up to a drug deal gone wrong. After using what little savings she has to bury her brother she rented a car and decided she would leave in the morning to get whatever Tommy left her in a post office box a few towns over. She wasn't sure what was in it, but she figured it at least has some money in there. When she wakes up she knows something is off. Sure enough a hand wrapped around her mouth and another hand holding on to her. Devin was a part of Tommy's crew and knows his sister either has something her brother left her or she knows where it is. Devin needs Kara to understand that he is trying to help and protect her, but he needs what ever Tommy left her. Devin doesn't want to hurt Kara, but he will definitely punish her if she doesn't behave. With Devin's big boss wanting Kara dead and everything incriminating delivered to him, he's got his work cut out for him. Kara only wants to get away from Devin and she is disgusted with herself for liking the punishments he gives her. This story has a lot of twists and turns. Can Devin keep Kara safe or will Kara prove to be too much for him to handle? Grab this book today it's an excellent read and some very hot and

steamy s\*x scences. There are BDSM elements in this story which just made me love it more.

---

## **SBee Reviews says**

Review Rating: 5.0 out of 5 stars.

Caging his pet's heart and soul.

I received an Advance Reader Copy for Protecting His Pet (Owned and Protected Book 1) written by Measha Stone and voluntarily reviewed this book. Kara Jennings was standing right next to her older brother Tommy one minute and the next, he was gone and buried. The next thing she knows, Kara was right in the middle of a real situation...threatened and kidnapped by a man she barely knew - Devin. To top it off, she has a singular request from Tommy to enact, and Devin wants to know everything about it and how it relates to his death.

This was a dark and gritty abduction story, and it kept me engrossed from beginning to end. I loved Kara's character; her inner strength, her sassy & nontrusting spirit, and her push-the-captor jabs. Until she finally realized that Devin says what he means and does what he says...but will he always? We see Devin's caring for Kara coming through from time to time, but then, he had his own agenda as well. All in all, a darkly sexy read and not for readers not into themes leaning towards the heavier-rather-than-lighter pet play. I look forward to reading her next story in the series, Protecting His Runaway (Owned and Protected Book 2)!

---
