The Harder They Fall Lisa Henry , Heidi Belleau

Tad's trust fund buys him anything and everything he wants. But all the cash in his pocket can't keep boredom at bay, so he finds his way to the Address, the city's most exclusive brothel. Tad is ready to play—the man who walks through the door is supposed to be at Tad's mercy for the rest of the evening.

But from the beginning, the guy doesn't seem to understand who's in charge, and from the moment the whore demands Tad call him "Daddy," all bets are off. In fact, Daddy couldn't care less about what Tad wants. Instead, he's more than ready to give his spoiled little boy exactly what he deserves.

NOTE: This title can also be read in the "Rules to Live By" BDSM anthology.

Josy says

"Who's your daddy?"

If daddy kink is your thing, read this!

Trix says

[A bit of humiliation (but not too much), a little bit of discipline, introduction of a humbler and Tad is seeing himself with new eyes.

Apparently the Daddy kink is a weakness of mine because I really enjoyed this. Couldn't get enough of the way Daddy addressed Tad, called him names, made him obey rules, call him Daddy,

Bev says

3.5 stars rounded up to 4. Daddy kink isn't my favourite, but I did like seeing poor little rich boy Tad get his ass kicked and his cherry popped by Daddy. He certainly taught Tad a lesson he'll never forget.

Adam says

I was in the mood for some daddy kink, so I decided to re-read this bad boy.

"Daddy was in charge for as long as the game lasted. A part of Tad still didn't understand why he hadn't just walked out, but a part of him wanted to know if Daddy could make him feel like he had when he'd jumped out of that plane: fearless, breathless, and so fucking alive."

Tad is a spoiled rich kid, prone to acting out to get attention. Daddy knows just what Tad needs - boundaries and discipline. Tad fights back at first, but Daddy's dealt with bratty boys before. It's not too long before Tad is on his knees and ready to do whatever he needs to in order to make his Daddy happy.

"There it is," Daddy said. "Feels good to get your pussy fucked doesn't it? Some boys can come just from this."

"Such a good boy," Daddy moaned, eyes half-closed. Sweet dripped off him. "Such a tight pussy. Baby, you were made to take my dick."

'The Harder They Fall' is basically porn. And it's some very **hot** porn at that. But there's also a small dose of feels, and the tentative beginning of a relationship.

Recommended if you need something short, sexy, and kinky. I've read that the authors are planning a sequel, which I can't wait to get my pervy little hands on!

Sana says

This was a short story about a spoiled rich brat who gets disciplined by a dominant prostitute.

Tad learns how to kneel on his knees and suffer what he makes other people do. This book was okay, but I didn't really like the whole idea about prostitution.

It was also cruel the way daddy humiliated and shunned Tad in front of Connor. The guy was crying, but I guess he deserved it from daddy since he verbally abused Connor and treated people like shit.

Line says

Yeah this book should have been so much longer!

If you're into Daddy kink and you like Lisa Henry as an author, this book will be for you!

But it was too damn short... I normally don't read books under 150 pages, because I really feel they are wasted potential. IMO how can you develop a relationship on such a short amount of pages?

This one was HOT! No doubt.

This one was sort of funny. No doubt.

This one had a MC that was a douche, but became a better person. No doubt.

But damn it could have been longer...

Heather K (dentist in my spare time) says

4.5 stars

"Take it," Daddy said again. "Take it. If Daddy wants you to choke on his cock, that's what's going to happen."

Yes please, daddy.

One of my top favorite kinks of all time is daddy kink. In fact, I think it is my favorite kink in the BDSM umbrella. And this was some top notch kinkery right here.

I think I highlighted half of this story, I loved it so much. When you combine daddy kink with a butt virgin you make me a VERY happy camper.

How much do I have to pay to get a full length daddy kink story out of these two authors??? After reading this, I'm willing to pony up the dough.

Sandi ♥'s way too many M/M books says

Super sexy daddy kink. Loved it

Cory says

I guess I've been looking for a daddy in all the wrong places. Loved it!

~◊~Doxi(ela) ♥ ?? love & semi-colons~◊~ says

This is one extended scene of a spoiled, rich college boy being taught to kneel and beg for Daddy.

Tad needs to have his virgin pussy fucked, and Daddy is happy to provide.

Not incredibly erotic, which was disappointing; mostly discipline and humiliation, some ball torture with a humbler, but little sex.

If you're into Daddy kink, you'll love this. I'm decidedly not and was mostly bored.

Reluctant three stars because I think it's me, not the story.

Alexandra says

Ding, ding, ding. Every dirty word and kink I didn't know I had. Please let there be a sequel.

?? Michaeelle ?? says

4 Stars

Oh Holy gawd, that was some deliciously dirty daddy-kink. And because of how he sounded in His Boy, I think my brain assigned all the Daddy dialogue to automatically sound like Dorian Bane.

Jeez, now wouldn't THAT be some ear porn?

Catherine says

I came, I read, I took cold showers. Plural.

ARC provided by the publisher through Scattered Thoughts and Rogue Words in exchange for an impartial review.

Tad, a spoiled and neglected rich kid, has been raised with money and privilege but not much else. His parents barely know he's around, but keep his allowance coming—an allowance that Tad uses to show off what a big shot he is at the expense of others.

When Tad revisits the brothel where he humiliated a young, inexperienced whore the last time he was there, he asks for an older, more experienced man. He's looking forward to another night of domination and dishing out humiliation—actions that make him feel good about himself.

He does get an older man, but instead of getting an old, washed-up whore like he requests, he gets "Daddy", a big, strong, gorgeous, older man with a major domination streak. And Daddy doesn't care what Tad wants—Daddy is going to give Tad what he needs. And what he needs is punishment—to be forced into obedience and subtly enlightened about his real and underlying issues. A little humiliation in front of the young whore he previously abused, an opportunity to be Daddy's good boy—to be with someone who seems to actually care about him, and Tad suddenly isn't interested in leaving.

Daddy-kink lovers, this one is for you! It's an enjoyable M/M story, with subtle undertones that address Tad's psych issues and the resolution a D/s relationship might bring him. I would definitely like to read more about these MCs.
