Thicker Than Water P.J. Parrish

The Wait Is Over

Louis Kincaid Is Back

On a hot summer night in Florida, a beautiful young woman is brutally raped and murdered. . .

Twenty years later, the man convicted of her slaying is released from prison--only days before another horrific crime is committed. . .

Now, Louis Kincaid must follow a trail of death that connects a decades-old case with a new murder--and leads him into a web of secrets and lies surrounding a twisted killer. As one sweltering day melts into the next, the scent of blood hangs thick in the air. . .

Praise for the novels of P. J. Parrish

"*Dead Of Winter* is a wild ride with a really fine writer."

--John Sandford

"A deft, fast-paced plot, knowledgeable writing on police procedures and an interesting lead character propel you through the book."

--*Miami Herald*

"Fast paced. . .well-conceived."--*Chicago Tribune*

"Full of intrigue and edge-of-the-seat suspense."

--Michael Connelly

Judy says

I started this back in 2016 and put it aside, as it started out slowly and a lot of other things were going on in my life at the time. I picked it up again about a week ago, restarted it, and finished it.

I am a retired laboratory technologist. I must say that the scientific aspects of this (the blood typing part) seemed rather shaky to me, but I never worked in a forensic lab. I am assuming that she researched it before she wrote it, and this story took place pre-DNA. It seemed like she was stretching lab capabilities a bit.

Be that as it may, the last half of the book moved much more quickly than the first half, and the twisty turny conclusion seemed a bit too neat. However, I really like PJP and Louis and will definitely read another one of her mysteries.

Peggy says

When a lawyer is found murdered in his office-Louis Kincaid is hired by a man, who years ago went to prison for raping and killing a young teen. Louis has reservation about taking this on, but he soon discovers not all is what it is seems. Parrish definitely takes one on twists and turns in this book. I hope to read more of his books. I like Kincaid as a PI. I see similarities between him and the character Backstrom on Fox.

Jill says

Another good mystery with Louis Kincaid, now PI, but still in Florida. He gets focused on a twenty year old mystery of a young girl whose killer is just getting released from prison. Then the killer's lawyer gets killed and of course nothing is ever as it seems. This one has a double twist at the end, just when you think it is over and everything is solved. Can't wait to see what Louis investigates next!

Joe says

Thisa was a good book if you enjoy a fast-paced, twisty, murder mystery. The characters are believable. The characters are not what they seem as this novel develops. If you like mysteries, this is a good one.

Becky says

I am not totally convinced I know what actually happened here but it was fun to read all the same.

I guess Kincaid is going to start picking up his own "I had to" crimes along the way. Sort of a hero for the little guy, and not because he's a crusader but just because that is the kind of guy he is.

Darlene says

A great mystery with lots of twists and turns that will keep you turning the pages.

Maddy says

PROTAGONIST: PI Louis Kincaid

SETTING: South Florida

SERIES: #4 of 11

RATING: 3.25

Angela~twistedmind~ says

Just barely made 3 stars. I have another Louis Kincaid novel and I can't say I'm just particularly in a hurry to read it. I can't really pinpoint any one thing that I didn't care for in this novel, I just found it slightly boring. Don't get me wrong. It wasn't a *bad* novel. It was more something I would read while waiting for a new release from one of my favorite authors.

I don't really have much more to say about this one. Not much of a review, I know. I don't know that I would recommend this one to anyone.

On a hot summer night in Florida, a beautiful young woman is brutally raped and murdered...

Twenty years later, the man convicted of her slaying is released from prison-only days before another horrific crime is committed.....

Now, Louis Kincaid must follow a trail of death that connects a decades-old case with a new murder-and leads him into a web of secrets and lies surrounding a twisted killer. As one sweltering day melts into the next, the scent of blood hangs thick in the air...

Naomi says

PJ Parrish is just good readin'...There has not been one of the sisters books that I have not given a minimum of 4 stars to I believe. The Louis Kincaid character is one that a reader can easily buddy up to and looks forward to getting to know more and more!

Candice says

If I could give this book more stars I would. I have been reading the series ever since the first book and I know his author has more but I absolutely loved this book. I thought I had it all figured out and when I read

further in the book the story became more twisted than ever. I loved the characters in the book and I can't wait to read more of this authors books because the ending wasn't an ending to me. Somehow this story is gonna play some future to another book down the road if not it was still a good book just a cliff hanging ending. LOVE LOVE LOVED THIS BOOK.

Karen says

4th book in series. Louis Kincaid has stayed in Florida, picking up some jobs as a P.I. A man is released from jail and days later his lawyer is killed. Louis must prove that his client didn't commit murder. Good read.

Maureen says

Not crazy about Louis....it took me a while to figure if he was on the side of right instead of wrong...Louis seems very undecided...first he accuses two people of murder with no evidence, then he turns around and changes his mind....crazy!!!

Donald says

This is a good, solid mystery, with a lot of twists and turns that keep you guessing pretty much to the very end. The only problems were a tendency near the end to over-explain some things (have some faith in your readers who've stuck with you this long) and some glaring errors in facts. The novel takes place in two times: 1966 and 1986. In both times, one of the character's alibi is that he was home watching either "Star Trek" in 1966 or "Star Trek: The Next Generation" in 1986. Problem is, in April '66 "Star Trek" wasn't on the air yet as it debuted in September 1966 and "TNG" wasn't on the air in November '86 as it debuted in September of 1987. I thought this might come up as important later, but it never went anywhere.

kathy says

Good Story

I am and have read all 4 of the books now and it just a good read the story keeps you reading cause you want to find out the who did it and the main character in the book is a man with soul.

Carolyn (in SC) C234D says

A long ago read that I gave 8 out of 10 stars. Who killed Kitty Jagger twenty years ago, and why is it related to the murder of a lawyer now?
