# From Reader Review **Zatanna: Everyday Magic** for online ebook

## **Mladen says**

It's more 3,5 out of 5.

As someone, who wants to know a little more about Zatanna as a character.

This was very fun and enjoyable to read, my only nitpick with this one is the art.

It wasn't bad, It was just a little too cartoonish for my taste.

---

## **Jen says**

A light and frivolous romp into Zatanna's magical world. Constantine makes a typically "lucid" guest appearance, stirring more trouble for poor Zatanna to amend. Not Dini's best work, but you can't deny this is all bizarre fluff and entertainment!

---

## **Chrissy says**

Cute and fun story of my favorite DC comics characters.

---

## **John Kirk says**

This was a fun little story. Not particularly significant or memorable, but it's a cheerful way to pass the time; I particularly liked the scenes with the rabbit. The artwork does tend towards fanservice (e.g. when she's soaking wet in a white shirt) but it's not too graphic. It took several years for Paul Dini to get an ongoing Zatanna series, and I haven't read that yet, but I'll try it out.

---

## **B. Rule says**

Fun but slight.

---

## **Fugo Feedback says**

¿Se recopiló esto alguna vez en algún tomo en algún idioma? Espero que sí, o será cuestión de empezar a creer en milagros...

---

## **Sam Quixote says**

Everyday Magic is the most uninspired Zatanna comic ever. It's Paul Dini on autopilot as he snoozes his way through a by-the-numbers story. Constantine's hand is cursed so Zatanna battles a sorceress to fix him. Which she does effortlessly with no tension. The end. Woow.

There's a truncated version of Zatanna's origin included if you haven't read it before so if you have, like me, it only makes the comic that much more tedious to get through. Also, don't expect the art inside to be like Brian Bolland's cover because it's not. Rick Mays's kiddie manga-esque art did nothing for me, accompanying Dini's boring script to make Everyday Magic even more forgettable!

I suppose this run-of-the-mill comic is aptly named: it is very everyday. Pointless, unentertaining rubbish - disappointing given that Dini's usually a quality writer.

---

## **Richard Harrison says**

Inconsequential but fun little story

---

## **Sarah says**

Short and cute but fun story about magic, demons, John Constantine, and dating troubles. Not Paul Dini's greatest work, but a fun quick read.

---

## **Yuri Peixoto says**

Sabe aquele momento onde você percebe que o autor está com preguiça de escrever? Pois é.
