## D.N.Angel, Vol. 13 Yukiru Sugisaki

Daisuke Niwa is an ordinary, if slightly unlucky, middle school student. On his fourteenth birthday, he comes down with a condition that has plagued the men in his family for three hundred years. When he sees his crush, Risa, he transforms into his alter ego, the phantom thief Dark Mousy.

## Ash says

\*This series is receiving a rating of 4 stars, and for organizational purposes, I'll be placing this review on every volume.\*

D.N. Angel is a 15 volume, 74 chapter (if I'm not mistaken) long series. This series is technically ongoing, as it has not been finished. However, I'm not going to hold my breath that it ever will be finished, as it's on hiatus again. The author has a habit of not finishing series, it seems. I gave this series 4 stars because it's adorable, and generally it's an interesting concept. I also give it 4 stars for nostalgia reasons- this is what got me into anime to begin with and manga, though I'm not really a fan of it anymore- but I can't give it 5 stars because it's not finished.

I remember not liking all of the arcs, and finding some characters annoying- yes, including Risa, even though she does improve later on, I still did not like her- but also enjoying most of the characters. The character development is pretty damn spot on, too. Honestly, there isn't much in the way of plot development, because this is a character driven story. It also unfinished, so there's that too.

I don't know how many times I'm going to say that but: THIS SERIES IS UNFINISHED. IT WILL PROBABLY NEVER BE FINISHED, OR IF IT IS FINISHED, IT WILL NOT BE FINISHED IN THE NEAR FUTURE. Like seriously, there is no ending for this ANYWHERE. It's just not there.

And as a reader, who tends to prefer series be finished before she starts to read them, or at least close to finishing so that when I start it'll be finished by the time I'm on the last book, that's the most frustrating thing. I realize I'm repeating myself but that's because this is a matter of importance. It felt like a waste of time to read this manga in what is its entirety so far because there is nothing happening at the end. It's just chapters. There is no redemption, no final love- this is a love story, I hope y'all know that- or romantic ending, no major plot points getting finalized, no major character development that makes you think that all of the characters are in a happy place.

While I loved how cute this story could be, how interesting it was, I wouldn't recommend it just because of it's near constant hiatus status. If you still want to go for it, be my guest, but I'm not going to reread this if I get nothing out of it but cute feels with no ending.

## Jean says

The series is starting to feel REALLY cyclical. Artwork does something crazy, and Daisuke gets sucked in and then nothing actually happens in the long term.

And this time the art wants to fight Daisuke for Riku's hand? Can we have more Satoshi instead, please?

**Nura says**

kenapa gambarnya makin chibi aja ya? apa perasaan gw doang...

---

**Silvana says**

this is just a great serie really love it

---

**Kristen says**

Loved this one as well. They just keep getting more in-depth (ie better). I'm loving all of the relationships that are finally getting to be seen. So good! I can't wait to find the next books and finish reading the series!

---

**Nathan Cunningham says**

Waaaaaah, this was the last one available in English!! :'( :'(

D.N.Angel really grew on me. I'm glad book 13 at least finished the Argentine/Risa arc. The ending makes it clear the story isn't over, but this book tied up enough loose ends and made an epic, beautiful finale to the series currently available to me. So, I guess if I have to stop here, I'm satisfied.

**Luke says**

D. N. Angel volume 13 by Yukihiro Sugisaki is a fun book in the D. N. Angel series. It goes even more in depth about the two families and adds more to Argentine and makes him more than a simple piece of artwork. I liked this and recommend it for people who liked fantasy manga and have already started the D. N. Angle series.

**Nyu says**

ehmmm

---

**Kerry says**

Well, I wonder if we'll ever see a volume 14?
