Irène Wadowski uliasz says

magnifique, livre positif , de quoi reprendre courage.

Susan Hawthorne says

This anthology has something for everyone. If you're looking for something that will inspire you and bring the joy of the season bubbling to the surface, this is the book to read!

There are so many challenges that many of us face at the holidays. If you are facing one, this book may help to remind you that you aren't alone and that happiness will come to you again.

As one of the author's in the anthology, I was so pleased to be selected to participate in this project. Thank you Grey Mouse Publishing for bringing us together and showing us that the Joy of Christmas is still there, even when times are hard - especially when times are hard!

Christoph Fischer says

"A World of Joy" is a remarkable collection of short stories with the common theme of the holiday season. We know that this period represents different things for different people and that is marvellously reflected in the careful selection of the included stories.

The first Christmas without a loved one or a Christmas under dire financial circumstances are just two examples of stories that go beyond the appearance of father Christmas and angels. Humans can find themselves in that season in all kinds of situations and not every Christmas is necessarily a happy one. But the anthology has a much more positive note and many stories covering the classic magical themes of the season.

Thankfully the editors have put together a rounded selection which covers a great many aspects of the holiday experience and is sure to have something palatable to offer for anyone.

X-mas is all about togetherness, about joy, hope and celebrations. This Anthology pays tribute to this motto with wonderful stories about the human condition and about Santa, mistle toes, magic surprises, family and love. For better and for worse. Christmas is what you make it and the ASMSG authors have made it a World of Joy.

It is no surprise to me that ASMSG anthologies are frequently topping the download charts and Listopia lists on Goodreads. The quality of their formatting, cover choices, editing and writing is consistently high and has brought some very talented writers to my attention.

In true Christmas-spirit the stories a free to download, so enjoy the gift that is A World of Joy.

Gina Schwartz says

I found these quite blah.

Christopher Shields says

Wonderful
