Kingsman: The Golden Circle (starring Channing Tatum and Colin Firth) is in cinemas in September, and we're launching the sequel to the hit comic book series by MARK MILLAR and DAVE GIBBONS with KINGSMAN: THE RED DIAMOND. Working-class super-spy Eggsy follows in his mentor's footsteps but is still rough around the edges for a Kingsman agent. Rejected by his high school crush and hot on the heels of a rescue mission to save Prince Phillip, he embarks on an international terror plot in a story that starts where James Bond draws the line. ROB WILLIAMS (Suicide Squad, Action Comics) and SIMON FRASER take the helm for this stunning six-issue miniseries.

### Ahmed Ejaz says

*This is a promising start of a comic series.* I am assuming this will be better than its previous series. The writer is different. So I was expecting some differences. And there was some. But the formula of plot was almost the same. I had no problem with it.

There are two main problems I have with this series. First, why the hell they have changed the name of Gary to Eggsy? Well, I am sure his name was Gary in previous series. Now his name is Eggsy? Why?! There is no sign of Gary. Anyway, this name doesn't sound good to me. Sorrynotsorry.

Now the second one is its graphic work. It's way too cartoon-ish to be a spy-comic. I liked the graphics of The Secret Service. But not here.

Except for these two, I enjoyed the comic. I am liking what The Red Diamond is and where it is!

why??

### Belinda Missen says

Cover art = great.

Internal art = not so great.

Story line began as promising, petered off a bit toward the end.

Judging by the blurb provided, this doesn't seem to be related to the film, but a sequel to the original Secret Service comics, so I'll be interested to see where this goes.

### Nikki says

3.5 stars - was expecting more out of this, but there's still 5 more issues to go so hopefully the story improves itself!

### Rainey says

I think I need to read the original storyline first.

2 Expected-More-Stars! ★★

This was a weird mix of political sabotage, current events, gun-blazing action and bad comic art. It didn't quite work for me. It seemed rushed and thrown together. I tend to forgive crappy art work if the story is really good, but here I was kinda trying to figure out what the hell was going on. For a short comic, a lot happens! Too much actually. -2★'s.

(In other words, it is as if i ordered a chicken sandwich, and the waiter brings out a sandwich, piled with chicken, beef, veal, pork, salami, ham, turkey, lettuce, tomato, cucumber, eggs, swiss cheese, cheddar, pickles...etc. WHY?! I just wanted a chicken sandwich!)

PS: -1★ I can't stand the name Eggsy. The scene with him punching Prince Phillip was ...not classy or realistic. Who the hell saves someones life and then punches them?
