**Publisher's Note:** Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product.

For 25 years, *Lewis's Child and Adolescent Psychiatry* has been the cornerstone of every child and adolescent psychiatrist's library. Now, three colleagues of Dr. Lewis at the world-renowned Yale Child Study Center, have substantially updated and revised this foundational textbook for its long-awaited fifth edition, the first in ten years. Encyclopedic in scope, it continues to serve as a broad reference, deftly encompassing and integrating scientific principles, research methodologies, and everyday clinical care.

Features:

Ideal for anyone involved in the study or practice of child and adolescent psychiatry.

Includes new content on Research Domain Criteria (RDoC) approach advanced by the National Institute of Mental Health.

Section on telepsychiatry has been expanded, and psychopharmacology content has been updated and re-organized into five distinct yet linked components.

Chapters cover ethics, research methodologies, treating diverse populations, evidence-based practice, common disorders and syndromes, treatment options, legal issues, and more.

All royalties from the sale of the book will go to the Break the Cycle initiative of the American Academy of Child and Adolescent Psychiatry.

*Your book purchase includes a complimentary download of the enhanced eBook for iOS, Android, PC & Mac. Take advantage of these practical features that will improve your eBook experience:*

The ability to download the eBook on multiple devices at one time — providing a seamless reading experience online or offline.

Powerful search tools and smart navigation cross-links that allow you to search within this book, or across your entire library of VitalSource eBooks.

Multiple viewing options that enable you to scale images and text to any size without losing page clarity as well as responsive design.

The ability to highlight text and add notes with one click.
