Lil' Mama Fell In Love With the Plug 3 Toy

In Lil Mama Fell in Love with the Plug 2, everybody got their happy ending; Raheem and Yvette, Jabba and Tee. Now that Raheem and Jabba have passed the torch to Serion and Sphynx, will they find their Lil Mamas to fall in love with the new plugs of the city.

Serion is still carrying the hurts of his past. Creating a wall that appears no one will be able to break until he stumbles across Sonnet. It appears they will be a match made in heaven; however, Sonnet's past is all too familiar to Serion, making him question if she's the right Lil Mama for The Plug.

Sphynx and Key have always had an unspoken attraction and love between them. They test each other to their limits. Sphynx would love for Key to be his Lil Mama instead of a modern day Bonnie, but they all soon learn that her reckless behavior may be too much for Sphynx to mold Key into his Lil Mama.

Take another ride as The New Plugs find their Lil Mamas to fall in love with...

On edge!

I can't wait to see how Key, Sphynx and Serion give that clown the business. He is a loser and didn't know how to take a L. This book was good from beginning to end. You really did your thing with this series. I can't wait til the next book drops.

Jessie Marie Dunlap says

The New Plug

Key need to calm down a lot. Sphynx is hardcore but sweet. Serion needs to open up his heart and let love in again. Sonnet needs to stand up to Jacko. Juma is crazy and Zinda is sweet.

Litisha Jenkins says

Great book

Gr8 book although it should have been a book on its on it jumped from Raheem and Jabba life right into a whole new set of people. I still really enjoyed the book although I would have , loved for tee and very to , make appearance in this book.

Taz Will says

For the most part this was a bogus read. All the sound advice they threw at Keys was off and didn't fit what was going on or with the flow of the conversations for the most part. For the story to be on new characters who were supposed to take over where the guys left off, not one of the new ones seemed focused on that.

This one took place at the club and hospital with a bunch of characters that were introduced as being on top of their game but fell first and in the dumbest way. So far these all were a waste of time to follow along with.

Shaunphoo says

Oh yeah

Jacko is a stalker and I don't like him! Key and her boo are touched and they deserve each other, Juma finally got Zinda she and him together are cute bc I think they're so different but made for each other. Sonnet and Serion are going to have twin I'm so glad they're giving love a chance again.

Ashley Cooper says

??

Yeses I loved it. Its like the books keep getting better and better. Like I was hooked since book one. Toy always dropping some bangers and this is definitely a banger. Can't wait to see what's next from the new

crew

M4queen says

Yup

This crew just can't catch a break. Serion better learn to let go of his pay and be there for Sonnet like he needs to be. Glaf that he was able to kick the door in and stop Jacko's crazy behind though. I mean what is up with all these exes they don't know how to let go. Hopefully Serion got there in time. Key knew she never to stop play with Sphynx and get with the program I don't see why she had to be so hard headed about it.

DTP1908 says

Hell Nawl!

How you just going to end on some to be continued BS like that!!!! Where is the next BOOK!!? This series has gotten better with each one. With these new characters, it's even better!! WHERE IS BOOK FOUR!!!!

lakenya ross says

Another 5 *** Read**

Ooh, I love Serion and Sonnet together. I hope Sonnet is okay and they get Jacko crazy self. Sphhnx and Key are two of a kind, lol. I love their relationship and I'm glad she made it known how she feels, even though it took him getting hurt. Juma is throwed off, and Zinda is just the girl to calm him down. Can't wait for part 4, and that ending tho....

Jeanida Luckie-Weatherall says

Good book and I enjoyed the new characters; even though, I was alittle disappointed because i wanted to read more about Raheem, Yvettem Jabba and Tee, but overall still a really good read. This series keep getting better and better and can't wait for the next installment and the see what happens next. The storyline is moving a great steady pace, Well written and good job Toy
